SECTION I CONTRACT CLAUSES

52.219-33 Nonmanufacturer Rule (DEVIATION 2026-O0038) (FEB 2026) is hereby incorporated by reference

52.209-4 First Article Approval-Government Testing.

FIRST ARTICLE APPROVAL-GOVERNMENT TESTING (DEVIATION 2026-O0038) (FEB 2026)

- (a) The Contractor shall deliver 2 gallons unit(s) of Lot/Item Lubricating Oil, Catapult, Launch Engine (CLB) NSN 9150-690-2455 (after FLA Energy QAR witnesses manufacturing/blending and shipping of that batch within 120 calendar days from the date of this contract to the Government at submission of proposal *[insert name and address of the testing facility]* for first article tests. The shipping documentation shall contain this contract number and the Lot/Item identification. This contract elsewhere specifies the characteristics that the first article must meet and the testing requirements.
- (b) Within _____ calendar days after the Government receives the first article, the Contracting Officer will notify the Contractor, in writing, of the conditional approval, approval, or disapproval of the first article. The notice of conditional approval or approval shall not relieve the Contractor from complying with all requirements of the specifications and all other terms and conditions of this contract. A notice of conditional approval will state any further action required of the Contractor. A notice of disapproval will cite reasons for the disapproval.
- (c) If the Government disapproves the first article, the Contractor, upon Government request, shall submit an additional first article for testing. After each request, the Contractor shall make any necessary changes, modifications, or repairs to the first article or select another first article for testing. All costs related to these tests are to be borne by the Contractor, including any and all costs for additional tests following a disapproval. The Contractor shall furnish any additional first article to the Government under the terms and conditions and within the time the Government specifies. The Government will act on this first article within the time limit specified in paragraph (b) above. The Government reserves the right to require an equitable adjustment of the contract price for any extension of the delivery schedule or for any additional costs to the Government related to these tests.
- (d) If the Contractor fails to deliver any first article on time, or the Contracting Officer disapproves any first article, the Contractor will have failed to make delivery within the meaning of the Default clause of this contract.
- (e) Unless otherwise provided in the contract, the Contractor—
- (1) May deliver the approved first article as a part of the contract quantity, provided it meets all contract requirements for acceptance and was not consumed or destroyed in testing; and
 - (2) Shall remove and dispose of any first article from the Government test facility at the Contractor's expense.
- (f) If the Government does not act within the time specified in paragraph (b) or (c) above, the Contracting Officer will, upon timely written request from the Contractor, equitably adjust under the Changes clause of this contract the delivery or performance dates, the contract price, or both, and any other contractual term affected by the delay.
- (g) The Contractor is responsible for providing operating and maintenance instructions, spare parts support, and repair of the first article during any first article test.
- (h) Before first article approval, the acquisition of materials or components for, or the commencement of production of, the balance of the contract quantity is at the sole risk of the Contractor. Before first article approval, the costs

thereof shall not be allocable to this contract for (1) progress payments, or (2) termination settlements if the contract is terminated for the convenience of the Government.

(i) The Government may waive the requirement for first article approval test where supplies identical or similar to those called for in the schedule have been previously furnished by the Offeror/Contractor and have been accepted by the Government. The Offeror/Contractor may request a waiver.

(End of clause)

DLAD PROCUREMENT NOTE E08 FIRST ARTICLE TESTING REQUIREMENTS (SEP 2026)

(1) If there is not a separate contract line item number (CLIN) for FAT, the offeror shall include all costs and risk associated with completion of the FAT requirement in the production CLIN price.

(2) If there is a separate FAT CLIN, the offeror shall include all costs and risk associated with completion of the FAT requirement in the FAT CLIN price. The unit of issue for the FAT CLIN, EACH, is equal to one First Article Test (1EA=1FAT). To receive payment for any costs associated with FAT, the offeror shall propose costs associated with FAT on a separate CLIN. The offeror shall base the production CLIN price solely on all costs associated with completion of the production units and shall exclude all FAT-related costs.

(3) The contracting officer will use the total award price in selecting the best value offer from among all eligible offerors. However, for an offeror to be eligible for award, the contracting officer must determine that the FAT CLIN price (unless FAT is waived) and the production CLIN price are fair and reasonable; and, if set-aside under FAR Part 19, a fair market price. The offeror shall not propose a FAT CLIN price that is materially unbalanced in relation to the production CLIN price. In the event an offeror receives a waiver of the FAT requirement, the contracting officer will deduct the FAT CLIN price for the waived source in determining the total award price.

(4)(a) Notwithstanding the conditions for waiving first article, the contracting officer may order an additional first article sample, or portion thereof, in writing if there is a—

- (i) Major change to the technical data;
- (ii) Lapse in production for a period in excess of 90 days; or
- (iii) Change in the place of performance (manufacturing facility), manufacturing process, material used, drawing, specification or source of supply.

(b) When conditions in paragraphs (4)(a)(i), (ii), or (iii) occur, the contractor shall notify the contracting officer; who will determine whether to order an additional first article sample or portion thereof and provide instructions concerning the submission, inspection, and notification of results. The contractor shall bear the costs of the additional first article testing resulting from any of the causes in paragraphs (4)(a)(i)-(iii) instituted by the contractor and not due to changes directed by the Government.

(5) Waivers. The offeror may submit a request for FAT waiver to the contracting officer, who may waive the FAT requirement when all of the following criteria apply:

(a) The offeror requesting waiver has successfully manufactured, delivered and the government accepted the item or a similar item. The offeror shall provide the following information and be prepared to provide documentary evidence upon the contracting officer's request:

(i) Contract number(s), date(s), and issuing Government agency or agencies.

(ii) Description of item previously furnished, identified by part number, type, model number and/or other identifying information. If the item previously furnished is similar but not identical to the item being acquired under the current buy, the offeror shall explain why manufacture of the item previously furnished is sufficient to demonstrate its ability to manufacture the item being acquired under the current buy without need for a first article test.

(iii) Engineering control document/change number of item previously furnished.

(b) There have been no changes to manufacturing processes, tooling, or place of performance.

(c) There have been no changes to manufacturing data (e.g., drawing revisions that change materials, dimensions, processes, inspection or testing requirements; or subcontractors used to manufacture the items successfully in the past).

(d) The offeror shall supply an item of the same design and manufactured by the same method at the same facilities as the item or similar item previously furnished and accepted under subparagraph (5)(a).

(6) Contractor-Performed FAT.

(a) The contractor shall test the quantities as outlined in paragraph (a) of FAR clause 52.209- 3 as specified in the contract. The contractor shall submit reports in accordance with paragraph (b) of FAR clause 52.209-3, as supplemented in this procurement note.

(b) For test report preparation and delivery of contractor FAT, the contractor shall—

(i) Use the data item description DI-NDTI-80809B report format.

(ii) Mark the test report with the following: "First article test report – Contract number: *[insert contract number]* and lot/item number: *[insert lot/item number]*."

(iii) Sign the FAT Report, accompanied by the system of record receiving report (i.e., WAWF or DD Form 250) and contractor confirmation that the same process and facilities used to manufacture the first article units will be used to manufacture the production units, contractor will upload test results and input the appropriate government procuring activity email address in WAWF:

(A) For awards issued by DLA Weapons Support Richmond; or DLA Troop Support Clothing and Textile (C&T), Medical Materiel, or Subsistence, use the email address in Block 6 of the DD Form 1155, Block 7 of Standard Form (SF) 33, Block 5 of SF 26, or Block 9 of SF 1449 award.

(B) For awards issued by DLA Land (SPE7L), email: land.fat.monitor@dla.mil.

(C) For awards issued by DLA Maritime (SPE7M), email: maritime.fat.monitor@dla.mil.

(D) For awards issued by DLA Troop Support Construction and Equipment (SPE8E), email: trpsptcandefatmonitor@dla.mil.

(7) The contractor shall—

(a) Provide and maintain an inspection system acceptable to the Government in accordance with FAR Clause 52.246-2 or 52.246-3;

(b) Maintain and make available all records evidencing those details at the Government's request.

(c) At least fourteen (14) calendar days (or as otherwise specified in the contract) prior to shipment to the Government, provide written notice to the contracting officer and to the cognizant DCMA Functional Specialist when full administration or Quality Support administration is delegated to DCMA.

(8) Government-performed FAT. The contractor shall—

(a) For delivery of separately priced Government first article samples for Government performed FAT ship the units and system of record receiving report (i.e., WAWF or DD Form 250) to the test facility specified in paragraph (a) of FAR clause 52.209-4.

(b) For delivery of Government first article samples that are not separately priced, ship the units with a commercial shipping document to the test facility.

(c) Prepare the shipping container(s) by marking the external packages in bold letters, "First Article Exhibits – Do Not Post to Stock," adjacent to the MIL-STD-129 (latest revision) identification markings.

(d) Use a hard copy of the system of record receiving report (i.e., WAWF DD Form 250), or commercial shipping document as a packing list, in accordance with DFARS Appendix F.

(e) Mark the exterior of the shipping container in accordance with MIL-STD-129 (latest revision), paragraph 5.11.

(f) Upload to WAWF: copies of the contract, test reports, material certifications/process operation sheets, drawings used to manufacture the units, and an image of a pre-paid return label or shipping account for payment.

(g) Send units by traceable means (e.g., certified or registered mail, United Parcel Service, Federal Express).

(h) Send an email with subject titled "Notification of Test Exhibits [*insert Government Lab DODAAC*]" to the corresponding address in (i) or (ii) below and to the contracting officer specified in the contract. In the email, provide the shipment date, contract/purchase order number, National Stock Number, means of transportation, tracking number, summary of container contents, and state that copies of the system of record receiving report (i.e., WAWF or DD Form 250) documenting the Government has performed the contract quality assurance within the system of record was uploaded in WAWF.

(i) DLA Weapons Support Land & Maritime – DSCCProdVerif@dla.mil

(ii) DLA Weapons Support Aviation – DLAtesting@dla.mil

(iii) C&E email - trpsptcandefatmonitor@dla.mil

(9) At its discretion, the Government may return FAT units to the contractor at no cost to the Government. The contractor shall submit the return address and pre-paid return label or shipping account for payment.

(10) If the Government disapproves or conditionally approves Government-performed FAT units, the Government will take action in accordance with FAR 52.209-4.
