

City of Havelock,
2026 Trenchless Gravity Sewer Line Repair

Addendum 1

September 14, 2026

Questions Received

1. What are the approximate lengths, sizes, and types of the pipes installed on the project?

None.

2. Are there any portions of the project that will need to be Bored?

None

3. Are the crossings to be Jack & Bored or Directionally Bored?

None.

4. What are the approximate lengths and diameters of the portions to be bored?

None.

5. How much is the required bid bond for the project?

Not required.

6. How much is the cost estimate of the project?

No estimate is available.

7. Do you have any further details you wish to provide?

None.

8. If possible, we would like to receive all future bid advertisements, PLAN-HOLDER LISTS, and BID TABULATIONS from your agency by email

The city does not maintain a plan-holders list. Bid tabulations are posted on DemandStar after awarded.

9. Can you confirm if there is any CIPP associated with this project?

The CIPP repair will require short lengths of the resin saturated liner to stop infiltration into the sewer line at distances stated in the scope of work, not lining the entirety of the pipe.
