(iii) A special Government employee, as defined in section 202, title 18, United States Code.

(iv) An individual who is a member of a Federal advisory committee, as defined by the Federal Advisory Committee Act, title 5, United States Code, appendix 2.

(8) "Person," as used in this clause, means an individual, corporation, company, association, authority, firm, partnership, society, State, and local government, regardless of whether such entity is operated for profit, or not for profit. This term excludes an Indian tribe, tribal organization, or any other Indian organization with

respect to expenditures specifically permitted by other Federal law.

(9) "Reasonable compensation," as used in this clause, means, with respect to a regularly employed officer or employee of any person, compensation that is consistent with the normal compensation for such officer or employee for work that is not furnished to, not funded by, or not furnished in cooperation with the Federal Government.

(10) "Reasonable payment," as used in this clause, means, with respect to professional and other technical services, a payment in an amount that is consistent with the amount normally paid for such services in the private sector.

(11) "Recipient," as used in this clause, includes the Contractor and all subcontractors. This term excludes an Indian tribe, tribal organization, or any other Indian organization with respect to expenditures specifically permitted by other Federal law.

(12) "Regularly employed," as used in this clause, means, with respect to an officer or employee of a person requesting or receiving a Federal contract, an officer or employee who is employed by such person for at least 130 working days within 1 year immediately preceding the date of the submission that initiates agency consideration of such person for receipt of such contract. An officer or employee who is employed by such person for less than 130 working days within 1 year immediately preceding the date of the submission that initiates agency consideration of such person must be considered to be regularly employed as soon as the officer or employee is employed by such person for 130 working days.

(13) "State," as used in this clause, means a State of the United States, the District of Columbia, the Commonwealth of Puerto Rico, a territory or possession of the United States, an agency or instrumentality of a State, and multi-State, regional, or interstate entity having governmental duties and powers.

(b) Prohibitions. The offeror, by signing its offer, hereby certifies to the best of his or her knowledge and belief that:

(1) No Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress on his or her behalf in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment or modification of any Federal contract, grant, loan, or cooperative agreement;

(2) If any funds other than Federal appropriated funds (including profit or fee received under a covered Federal action) have been paid, or will be paid, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress on his or her behalf in connection with the screening information request (SIR), the offeror must complete and submit, with its offer, OMB Standard Form LLL, Disclosure of Lobbying Activities, to the Contracting Officer; and

(3) The offeror will include the language of this clause in all subcontract awards at any tier and require that all recipients of subcontract awards in excess of \$150,000 must disclose accordingly.

(4) This certification and disclosure is a prerequisite for making or entering into this contract imposed by the Act. Any person who makes a prohibited expenditure or fails to file or amend a disclosure form, must be subject to a civil penalty of not less than \$10,000 and not more than \$100,000, for each such failure.

(c) The prohibitions of the Act do not apply under the following conditions:

(1) Agency and legislative liaison by its own employees.

(i) The prohibition on the use of appropriated funds, in subparagraph (b)(1) of this clause, does not apply in the case of a payment of reasonable compensation made to an officer or employee of a person requesting or receiving a covered Federal action if the payment is for agency and legislative liaison activities not directly related to a covered Federal action.

(ii) For purposes of subdivision (c)(1)(i) of this clause, providing any information specifically requested by an agency or Congress is permitted at any time.

(iii) The following agency and legislative liaison activities are permitted at any time where they are not related to a specific solicitation for any covered Federal action:

(A) Discussing with an agency the qualities and characteristics (including individual demonstrations) of the person's products or services, conditions or terms of sale, and

service capabilities.

(B) Technical discussions and other activities regarding the application or adaptation of the person's products or services for an agency's use.

(iv) The following agency and legislative liaison activities are permitted where they are prior to the Screening Information Request (SIR) of any covered Federal action:

(A) Providing any information not specifically requested but necessary for an agency to make an informed decision about initiation of a covered Federal action;

(B) Technical discussions regarding the preparation of an unsolicited proposal prior to its official submission; and

(C) Capability presentations by persons seeking awards from an agency pursuant to the provisions of a law authorizing such actions;

(2) Professional and technical services.

(i) The prohibition on the use of appropriated funds, in subparagraph (b)(1) of this clause, does not apply in the case of:

(A) A payment of reasonable compensation made to an officer or employee of a person requesting or receiving a covered Federal action or an extension, continuation, renewal, amendment, or modification of a covered Federal action, if payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of submittal/offer or application for that Federal action or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal action.

(B) Any reasonable payment to a person, other than an officer or employee of a person requesting or receiving a covered Federal action or an extension, continuation, renewal, amendment, or modification of a covered Federal action if the payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any submittal/offer or application for that Federal action or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal action. Persons other than officers or employees of a person requesting or receiving a covered Federal action include consultants and trade associations.

(ii) For purposes of subdivision (c)(2)(i) of this clause, 'professional and technical services' must be limited to advice and analysis directly applying any professional or technical discipline. For example, drafting of a legal document accompanying a submittal/offer by a lawyer is allowable. Similarly, technical advice provided by an engineer on the performance or operational capability of a piece of equipment rendered directly in the negotiation of a contract is allowable. However, communications with the intent to influence made by a professional (such as a licensed lawyer) or a technical person (such as a licensed accountant) are not allowable under this section unless they provide advice and analysis directly applying their professional or technical expertise and unless the advice or analysis is rendered directly and solely in the preparation, submission or negotiation of a covered Federal action. Thus, for example, communications with the intent to influence made by a lawyer that do not provide legal advice or analysis directly and solely related to the legal aspects of his or her client's submittal/offer, but generally advocate one proposal over another are not allowable under this section because the lawyer is not providing professional legal services. Similarly, communications with the intent to influence made by an engineer providing an engineering analysis prior to the preparation or submission of a submittal/offer are not allowable under this section since the engineer is providing technical services but not directly in the preparation, submission or negotiation of a covered Federal action.

(iii) Requirements imposed by or pursuant to law as a condition for receiving a covered Federal award include those required by law or regulation and any other requirements in the actual award documents.

(iv) The reporting requirements herein must not apply with respect to payments of reasonable compensation made to regularly employed officers or employees of a person.

(3) Only those communications and services expressly authorized by paragraphs (c)(1) and (2) of this clause are permitted under this clause.

(d) Disclosure.

(1) If the Contractor, who requests or receives from an agency a Federal contract, has made or has agreed to make any payment using non-appropriated funds (to include profits from any Covered Federal action), to any person for the purpose of influencing or attempting to influence an officer or employee of any Agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress on his or her behalf in connection with a Covered Federal action, the Contractor must file with that agency a disclosure form, OMB Standard Form LLL, Disclosure of Lobbying Activities..

(2) The Contractor must file a disclosure form at the end of each calendar quarter in which there occurs any event that materially affects the accuracy of the information contained in any disclosure form previously filed by such person under subparagraph (d)(1) of this clause. An event that materially affects the accuracy of the information reported includes:

- (i) A cumulative increase of \$25,000 or more in the amount paid or expected to be paid for influencing or attempting to influence a covered Federal action; or
- (ii) A change in the person(s) or individual(s) influencing or attempting to influence a covered Federal action; or
- (iii) A change in the officer(s), employee(s), or Member(s) contacted to influence or attempt to influence a covered Federal action.

(3) The Contractor must require the certification, and if required, a disclosure form by any person who requests or receives any subcontractor exceeding \$150,000 under the Federal contract.

(4) All subcontractor disclosure forms must be forwarded from tier to tier until received by the prime Contractor. The prime Contractor must submit all disclosures to the Contracting Officer at the end of the calendar quarter in which the disclosure form is submitted by the subcontractor.

(e) Agreement. The Contractor agrees not to make any payment prohibited by this clause.

(f) Penalties.

(1) Any person who makes an expenditure prohibited under paragraph (b) of this clause or fails to file or amend the disclosure form to be filed or amended by paragraph (b) must be subject to civil penalties as provided for by 31 U.S.C. 1352. An imposition of a civil penalty does not prevent the Government from seeking any other remedy that may be applicable.

(2) Contractors may rely without liability on the representations made by their subcontractors in the certification and in the disclosure form.

(g) Cost allowability. Nothing in this clause makes allowable or reasonable any costs which would otherwise be unallowable or unreasonable. Conversely, costs made specifically unallowable by the requirements in this clause will not be made allowable under any other provision.

(End of clause)

3.3.1-11 AVAILABILITY OF FUNDS FOR THE NEXT FISCAL YEAR (APR 1996)

Funds are not presently available for performance under this contract beyond September 30, 2026. The FAA's obligation for performance of this contract beyond that date is contingent upon the availability of appropriated funds from which payment for contract purposes can be made. No legal liability on the part of the FAA for any payment may arise for performance under this contract beyond September 30, 2026, until funds are made available to the Contracting Officer for performance and until the Contractor receives notice of availability, to be confirmed in writing by the Contracting Officer.

(End of clause)

3.3.1-33 SYSTEM FOR AWARD MANAGEMENT (JAN 2024)

(a) Definitions. As used in this clause

"Registered in the SAM database" means that the Contractor has entered all mandatory information, including the Unique Identity Identifier (UEI) or the Electronic Funds Transfer indicator, into the SAM database.

"System for Award Management (SAM) database" means the primary Government repository for Contractor information required for the conduct of business with the Government.

"Unique Entity Identifier (UEI)" (also known as the Unique Entity ID) means a number or other identifier used to identify a specific commercial, nonprofit, or Government entity. See www.sam.gov for the designated entity for establishing unique entity identifiers.

"Electronic Funds Transfer indicator" means a 4-character suffix to the Unique Entity Identifier. This 4-character suffix may be assigned at the discretion of the business concern to establish additional SAM records for identifying alternative Electronic Funds Transfer (EFT) accounts for the same parent concern.

(b)(1) By submission of an offer, the offeror acknowledges the requirement that a prospective awardee must be registered in the SAM database prior to award, during performance, and through final payment of any contract, basic agreement, basic ordering agreement, or blanket purchasing agreement resulting from this solicitation.

(2) The offeror must enter, in Representations, Certifications and Other Statements of Offerors Section of the solicitation, the UEI or EFT indicator that identifies the offeror's name and address exactly as stated in the offer. The UEI will be used by the Contracting Officer to verify that the offeror is registered in the SAM database.

(c) If the offeror does not have a UEI, it should contact www.sam.gov directly to obtain one.

The offeror should be prepared to provide the following information:

- (1) Company legal business name.
- (2) Tradestyle, doing business, or other name by which your entity is commonly recognized.
- (3) Company Physical Street Address, City, State, and ZIP Code.
- (4) Company Mailing Address, City, State and ZIP Code (if different from physical street address).
- (5) Company Telephone Number.
- (6) Date the company was started.
- (7) Number of employees at your location.
- (8) Chief executive officer/key manager.
- (9) Line of business (industry).
- (10) Company Headquarters name and address (reporting relationship within your entity).

(d) If the offeror does not become registered in the SAM database in the time prescribed by the Contracting Officer, the Contracting Officer may proceed to award to the next otherwise successful registered offeror.

(e) Processing time should be taken into consideration when registering. Offerors who are not registered should consider applying for registration immediately upon receipt of this solicitation.

(f) The Contractor is responsible for the accuracy and completeness of the data within the SAM database, and for any liability resulting from the Government's reliance on inaccurate or incomplete data. To remain registered in the SAM database after the initial registration, the Contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in the SAM database to ensure it is current, accurate and complete. Updating information in SAM does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document. If registered in SAM as a Service-Disabled Veteran-Owned Small Business (SDVOSB), by submission of an offer, the offeror acknowledges that they are certified as an SDVOSB under the Small Business Administration's Veteran Small Business Certification Program (VetCert).

(g)(1)(i) If a Contractor has legally changed its business name, "doing business as" name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not

completed the necessary requirements regarding novation and change-of-name agreements in AMS Procurement Guidance, the Contractor must provide the responsible Contracting Officer a minimum of one business day's written notification of its intention to:

- (A) Change the name in the SAM database;
- (B) Comply with the requirements of AMS regarding novation and change-of-name agreements; and
- (C) Agree in writing to the timeline and procedures specified by the responsible Contracting Officer. The Contractor must provide the Contracting Officer with the notification, sufficient documentation to support the legally changed name.

(ii) If the Contractor fails to comply with the requirements of paragraph (g)(1)(i) of this clause, or fails to perform the agreement at paragraph (g)(1)(i)(C) of this clause, and, in the absence of a properly executed novation or change-of-name agreement, the SAM information that shows the Contractor to be other than the Contractor indicated in the contract will be considered to be incorrect information within the meaning of the "Suspension of Payment" paragraph of the electronic funds transfer (EFT) clause of this contract.

(2) The Contractor must not change the name or address for EFT payments or manual payments, as appropriate, in the SAM record to reflect an assignee for the purpose of assignment of claims. Assignees must be separately registered in the SAM database. Information provided to the Contractor's SAM record that indicates payments, including those made by EFT, to an ultimate recipient other than that Contractor will be considered to be incorrect information within the meaning of the "Suspension of payment" paragraph of the EFT clause of this contract.

(h) Offerors and Contractors may obtain information on registration and annual confirmation requirements via the internet at <http://www.sam.gov>.

(End of Clause)

3.3.1-37 LIMITATION ON GOVERNMENT'S OBLIGATION (JUL 2018)

(a) Of the total price of contract line item number(s) (CLINs) 0001 - 0005, \$0 is presently available for payment and allocated to these CLINs.

(b) The Contractor agrees to perform on these CLINs up to the point at which, in the event of termination of this contract pursuant to the applicable "Termination for Convenience of the Government" clause, the total amount payable by the Government (including amounts payable in respect of subcontracts and settlement costs,) pursuant to paragraph (c) below, would in the exercise of reasonable judgment by the Contractor approximate the total amount currently allotted to the contract. The Contractor is not authorized to continue work on these CLINs beyond this point. The Government is not obligated to reimburse the Contractor in excess of the amount from time to time allotted to the contract, regardless of anything to the contrary in "Termination for Convenience of the Government."

(c) Funds presently allotted to this contract are estimated to cover the work to be performed until September 30, 2026. If funds allotted are considered by the Contractor to be inadequate to cover the work to be performed until this date, or an agreed substitute date, the Contractor must notify the Contracting Office in writing when within the next 30 days the work will reach a point at which, in the event of termination of this contract pursuant to "Termination for Convenience of the Government," the total amount payable by the Government pursuant to paragraph (e) below, will approximate 85 percent of the total amount then allotted to the contract. The notice must state the estimated date when this point will be reached and the estimated amount of additional funds required to continue performance to the above or an agreed substitute date. The Contractor must, 30 days prior to the date above written or agreed substitute date, advise the Contracting Officer in writing as to the estimated amount of additional funds which will be required for the timely performance of the CLINs for a further period as may be specified in this clause or otherwise agreed to by the parties. If after this notification, additional funds are not allotted by the date above written or by an agreed substitute date, the Contracting Officer will, upon written request of the Contractor, terminate this contract on such date or the date set forth in the request, whichever is later, pursuant to "Termination for Convenience of the Government."

(d) When additional funds are allotted for continued performance of the CLINs, the parties will agree on the applicable period of contract performance that will be covered by such funds. Paragraphs (b) and (c) above apply to the additional allotted funds and agreed substituted date and the contract will be modified accordingly.

(e) If the Contractor incurs additional costs, or is delayed in the performance of the work under this contract, solely by the reason of the failure of the Government to allot additional funds in amounts sufficient for the timely performance of this contract, and if additional funds are allotted, an equitable adjustment will be made in the price or prices (including appropriate target, billing, and ceiling prices where applicable) of the CLINs, in the time of delivery, or in both. Failure to agree to any such equitable adjustment hereunder will be a dispute concerning a question of fact within the meaning of the "Contract Disputes" Clause.

(f) The Government may at any time prior to termination, and with the consent of the Contractor, after notice of termination, allot additional funds for this contract.

(g) The provisions of this clause with respect to termination will in no way be deemed to limit the rights of the Government under the applicable AMS "Default" clause. The provisions of this clause are limited to the work on and allotment of funds for the CLIN(s) in paragraph (a) above. This clause no longer applies upon the allotment of funds for the total price of the CLINs except for rights and obligations existing under this clause.

(h) Nothing in this clause will affect the right of the Government to terminate this contract pursuant to "Termination for Convenience of the Government." In the event of a conflict between this clause and any other term or condition of this contract, this clause will take precedence.

(End of clause)

3.4.1-10 INSURANCE - WORK ON A GOVERNMENT INSTALLATION (OCT 2020)

(a) The Contractor must, at its own expense, provide and maintain during the entire performance of this contract, at least the kinds and minimum amounts of insurance required in the "Schedule" or elsewhere in the contract.

(b) Before commencing work under this contract, the Contractor must certify to the Contracting Officer in writing by letter or certificate of insurance, reflecting the FAA's contract number, that the required insurance has been obtained. The policies evidencing required insurance must contain an endorsement to the effect that any cancellation or any material change adversely affecting the Federal Aviation Administration's interest must not be made effective:

(1) for such period as the laws of the State in which this contract is to be performed prescribe, or

(2) until 30 days after the insurer or the Contractor gives written notice to the Contracting Officer, whichever period is longer.

(c) The Contractor must insert the substance of this clause, including this paragraph (c), in subcontracts under this contract that require work on a Government installation and must require subcontractors to provide and maintain the insurance required in the "Schedule" or elsewhere in the contract. The Contractor must maintain a copy of all subcontractors' proofs of required insurance, and must make copies (reflecting the FAA's contract number to ensure proper filing of documents) available to the Contracting Officer upon request.

(End of clause)

3.6.2-14 EMPLOYMENT REPORTS ON VETERANS (APR 2022)

(a) Unless the contractor is a State or local government agency, the contractor must report at least annually, as required by the Secretary of Labor, on:

(1) The total number of employees in the contractor's workforce, by job category and hiring location, who are protected veterans (i.e., active duty wartime or campaign badge veterans, Armed Forces service medal veterans, disabled veterans, and recently separated veterans),

(2) The total number of new employees hired during the period covered by the report, and of the total, the number of protected veterans; and

(3) The maximum number and minimum number of employees of the Contractor or subcontractor at each hiring location during the period covered by the report.

(b) The above items must be reported by completing the VETS-4212 "Federal Contractor Veterans' Employment Report" (see "VETS-4212 Federal Contractor Reporting" and "Filing Your VETS-4212 Report" at <http://www.dol.gov/vets/vets4212.htm>).'

(c) The Contractor must submit VETS-4212 Reports no later than September 30 of each year.

(d) The employment activity report required by paragraphs (a)(2) and (a)(3) of this clause shall reflect total new hires, and maximum and minimum number of employees, during the most recent 12-month period preceding the ending date selected for the report. Contractors may select an ending date:

(1) As of the end of any pay period between July 1 and August 31 of the year the report is due; or

(2) As of December 31, if the Contractor has prior written approval from the Equal Employment Opportunity Commission to do so for purposes of submitting the Employer Information Report EEO-1 (Standard Form 100).

(e) The count of veterans reported must be based on data known to the contractor when completing the VETS-4212. The Contractor's knowledge of veterans status may be obtained in a variety of ways, including an invitation to applicants to self-identify (in accordance with 41 CFR 60-300.42), voluntary self-disclosure by employees, or actual knowledge of veteran status by the contractor. This paragraph does not relieve the employer of liability for a determination under 38 U.S.C. 4212.

(f) Subcontracts. The Contractor must include the terms of this clause in every subcontract or purchase order of \$150,000 or more unless exempted by rules, regulations, or orders of the Secretary of Labor.

(End of clause)

3.6.2-41 EMPLOYMENT ELIGIBILITY VERIFICATION (APR 2025)

(a) Definitions:

"Employee assigned to the contract" means an employee who was hired after November 6, 1986, who is directly performing work, in the United States, under a contract that is required to include the Employment Eligibility Verification clause. An employee is not considered to be directly performing work under a contract if the employee-

- (1) Normally performs support work, such as indirect or overhead functions; and
- (2) Does not perform any substantial duties applicable to the contract.

"Subcontract" means any contract entered into by a subcontractor to furnish supplies or services for performance of a prime contract or a subcontract. It includes but is not limited to purchase orders, and changes and modifications to purchase orders.

"Subcontractor" means any supplier, distributor, vendor, or firm that furnishes supplies or services to or for a prime Contractor or another subcontractor.

"United States", as defined in 8 U.S.C. 1101(a)(38), except as otherwise specifically provided (in this statute) means the 50 States, the District of Columbia, Puerto Rico, Guam, the U.S. Virgin Islands, and the Commonwealth of the Northern Mariana Islands.

(b) Enrollment and verification requirements.

(1) If the Contractor is not enrolled as a Federal Contractor in Department of Homeland Security's (DHS) Employment Eligibility Verification system ("E-Verify") at time of contract award, the Contractor must use E-Verify, located on DHS.gov, and-

- (i) Enroll. Enroll as a Federal Contractor in the E-Verify program within 30 calendar days of contract award;
- (ii) Verify all new employees. Within 90 calendar days of enrollment in the E-Verify program, begin to use E-Verify to initiate verification of employment eligibility of all new hires of the Contractor, who are working in the United States, whether or not assigned to the contract, within 3 business days after the date of hire (but see paragraph (b)(3)); and
- (iii) Verify employees assigned to the contract. For each employee assigned to the contract, initiate verification within 90 calendar days after date of enrollment or within 30 calendar days of the employee's assignment to the contract, whichever date is later (but see paragraph (b)(4)).

(2) If the Contractor is enrolled as a Federal Contractor in E-Verify at time of contract award, the Contractor must use E-Verify to initiate verification of employment eligibility of-

(i) All new employees.

(A) Enrolled 90 calendar days or more. The Contractor must initiate verification of all new hires of the Contractor, who are working in the United States, whether or not assigned to the contract, within 3 business days after the date of hire (but see paragraph (b)(3)); or

(B) Enrolled less than 90 calendar days. Within 90 calendar days after enrollment as a Federal Contractor in E-Verify, the Contractor must initiate verification of all new hires of the Contractor, who are working in the United States, whether or not assigned to the contract, within 3 business days after the date of hire (but see paragraph (b)(3)); or

(ii) Employees assigned to the contract. For each employee assigned to the contract, the Contractor must initiate verification within 90 calendar days after date of contract award or within 30 calendar days after assignment to the contract, whichever date is later (but see paragraph (b)(4)).

(3) If the Contractor is an institution of higher education (as defined at 20 U.S.C. 1001(a)); a State or local government or the government of a Federally recognized Indian tribe; or a surety performing under a takeover agreement entered into with a Federal agency pursuant to a performance bond, the Contractor may choose to verify only employees assigned to the contract, whether existing employees or new hires. The Contractor must follow the applicable verification requirements at paragraph (b)(1) or (b)(2), respectively,

except that any requirement for verification of new employees applies only to new employees assigned to the contract.

(4) Option to verify employment eligibility of all employees. The Contractor may elect to verify all existing employees hired after November 6, 1986, rather than just those employees assigned to the contract. The Contractor must initiate verification for each existing employee working in the United States who was hired after November 6, 1986, within 180 calendar days of-

(i) Enrollment in the E-Verify program; or

(ii) Notification to E-Verify Operations of the Contractor's decision to exercise this option, using the contact information provided in the E-Verify program Memorandum of Understanding (MOU).

(5) The Contractor must comply, for the period of performance of this contract, with the requirements of the E-Verify program MOU.

(i) DHS or the Social Security Administration may terminate the Contractor's MOU and deny access to the E-Verify system in accordance with the terms of the MOU. In such case, the Contractor will be referred to a suspension or debarment official by the terminating agency.

(ii) During the period between termination of the MOU and a decision by the suspension or debarment official whether to suspend or debar, the Contractor is excused from its obligations under paragraph (b) of this clause. If the Contractor is suspended or debarred as a result of the MOU termination, the contractor is not eligible to participate in E-Verify during the period of its suspension or debarment. If the suspension or debarment official determines not to suspend or debar the Contractor, then the Contractor must reenroll in E-Verify.

(c) Individuals previously verified. The Contractor is not required by this clause to perform additional employment verification using E-Verify for any employee-

(1) Whose employment eligibility was previously verified by the Contractor through the E-Verify program;

(2) Who has been granted and holds an active U.S. Government security clearance for access to confidential, secret, or top secret information in accordance with the National Industrial Security Program Operating Manual; or

(3) Who has undergone a completed background investigation and been issued credentials pursuant to Homeland Security Presidential Directive (HSPD)-12, Policy for a Common Identification Standard for Federal Employees and Contractors.

(d) Subcontracts. The Contractor must include the requirements of this clause, including this paragraph (d) (appropriately modified for identification of the parties), in each subcontract that is for Noncommercial services or construction with a value greater than \$10,000 and includes work that is performed in the United States.

(End of clause)

3.6.4-2 BUY AMERICAN ACT - SUPPLIES (JAN 2024)

(a) The Buy American Act (41 U.S.C. §§ 8301-8305) and Executive Order No. 10582, dated December 17, 1954, as amended, provide that the Government gives preference to domestic end products.

(b) Definitions:

(1) "Components," as used in this clause, means those articles, materials, and supplies incorporated directly into the end products.

(2) "Cost of components" means-

(A) For components purchased by the Contractor, the acquisition cost, including transportation costs to the place of incorporation into the end product (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or

(B) For components manufactured by the Contractor, all costs associated with the manufacture of the component, including transportation costs as described in paragraph (A) of this definition, plus allocable overhead costs, but excluding profit. Cost of components does not include any costs associated with the manufacture of the end product.

(3) "Domestic end product," as used in this clause for an end product that does not consist wholly or predominantly of iron or steel or a combination of both, means

(A) an unmanufactured end product mined or produced in the United States, or

(B) an end product manufactured in the United States, if

(i) the cost of its components mined, produced, or manufactured in the United States exceeds 60 percent of the cost of all its components, except that the percentage will be 65 percent for items delivered in calendar years 2024 through 2028 and 75 percent for items delivered starting in calendar year 2029. Components of unknown origin are treated as foreign. Scrap generated, collected, and prepared for processing in the United States is considered domestic, or

(ii) the end product is a COTS item, or

(End of clause)

3.14-2 CONTRACTOR PERSONNEL SUITABILITY REQUIREMENTS (APR 2024)

1. No contractor employee will be allowed

unescorted access to any FAA facility;
access to FAA classified information;
access to FAA Sensitive Unclassified Information (SUI); or
access to FAA systems or resources

unless they have been authorized by the FAA Office of Personnel Security (AXP).

2. Definitions.

a. "Contractor Employee" means a person employed as or by a contractor, subcontractor, or consultant supporting FAA or any non-FAA person who performs work or services for FAA within FAA facilities.

b. Sensitive Unclassified Information (SUI) means unclassified information, in any form including print, electronic, visual, or aural forms, that must be protected from uncontrolled release to persons outside the FAA and indiscriminate dissemination within the FAA. It includes aviation security, homeland security, and protected critical infrastructure information. SUI may include information that may qualify for withholding from the public under the Freedom of Information Act (FOIA).

3. Consistent with FAA Order 1600.1F, AXP must approve designated risk levels for the positions under the contract, to be determined by the FAA Operating Office (the organization with the requirement) in coordination with the COR, using the OPM Position Designation Automated Tool (PD Tool).

4. For all contractor employees requiring access to FAA facilities, classified information, sensitive unclassified information, systems, or resources, the contractor must submit to its responsible AXP office and CO/COR a point of contact (POC) who will be responsible for entering all contractor applicant data, to include subcontractor data, into the Vendor Applicant Portal (VAP) system (vap.faa.gov) or successor system, for security processing. The contractor must not enter contractor employees in VAP unless they have a legitimate need for access to FAA

facilities, classified information, sensitive unclassified information and/or systems according to the terms of the contract. Contractor employees who will not require the aforementioned types of access or who would be under escort of other badged personnel are not required to be entered in VAP.

5. If an applicant has had a previous US Government conducted background investigation, which meets the investigative requirements for the position and meets established reciprocity guidelines, it will be accepted by the FAA. The FAA reserves the right to conduct further investigations, including requesting additional information from the applicant, if necessary.

6. If no previous investigation exists, or if the previous investigation does not meet investigative requirements for the position, AXP will:

- a. Send the applicant an e-mail with instructions for completing investigative requirements;
- b. Instruct the applicant how to enter and complete a background investigation questionnaire through the National Background Investigation System (NBIS) electronic application (eAPP) or successor system;
- c. Provide where to upload, or send/fax applicable forms; and
- d. Provide instructions regarding fingerprinting. (any fees associated with obtaining fingerprints are not the responsibility of the FAA)

The contractor employee must complete the investigative requirements and submit required material within 15-calendar days of receiving the e-mail from AXP. If items must be submitted outside of the eApp system, the contractor must submit the required information, referencing the contract number, to the AXP POC noted in the instruction email.

7. No contractor employee identified as requiring a background investigation under the contract will work in any position unless AXP has authorized them to begin work. The authorization will be in the form of an Interim or Final Suitability email notification from AXP to the VAP POC and CO.

8. No contractor employees will be issued a FAA Personal Identity Verification (PIV) card, or other FAA-issued ID card, unless they have been granted an Interim or Final suitability from AXP.

9. The contractor VAP POC must inform the CO/COR and submit a VAP removal record in VAP within twenty-four (24) hours after any contractor employee resigns, is terminated, is transferred, or is otherwise removed from the contract. If the FAA issued the contractor employee a PIV card, or other ID card, the contractor must collect the card within twenty-four hours and return it to AXP no later than five business days of the employee's termination or transfer.

10. The CO will provide notice to the contractor within 24 hours after receipt of a determination by AXP (or in the case of classified information in accordance with FAA Order 1600.2, AXF) that the contractor or its employee has not complied with security-related contract requirements or security-related FAA Orders, or if a contractor employee's conduct is objectionable or contrary to the public interest, or inconsistent with the best interest of national security. The notice will instruct the contractor to remove its employee's access to FAA premises or networks, or otherwise remedy the contractor's performance. The FAA Facility Manager has authority to remove a contractor employee from FAA facility premises when the Facility Manager determines a contractor employee's conduct is objectionable or contrary to the public interest. The Facility Manager must notify the CO within 24-hours of such removal.

11. The contractor must immediately comply with the CO's direction to remedy its security performance at the contractor's expense, including removing the employee from FAA premises and networks. If the contractor employee is working under an interim suitability authorization, the contractor must take appropriate action, including the removal of the contractor employee from working on the FAA contract, at the contractor's expense. Once the contractor has taken action to remedy its security performance, the contractor must report the action via the VAP within the timeframe prescribed in paragraph 8 of this clause.

12. After coordination with AXP, the CO may require contractor employees to submit any other security information deemed reasonably necessary to protect the interests of the FAA. This includes submitting to additional fingerprinting, responding to letters of inquiry, and background reinvestigations required under Federal Investigative Standards. In this event, the contractor must provide, or cause each of its employees to provide, such security information to AXP. Failure to cooperate with security processing will result in an unfavorable suitability determination.

13. The contractor must retrieve a current roster report through VAP on a quarterly basis to ensure the roster is accurate, and immediately correct any discrepancies with the responsible AXP office. The contractor is responsible for the accuracy of its subcontractors' rosters as well.

14. Contractor employees must take the following training courses, as applicable.

a. All contractor employees subject to the requirements of this clause must take the FAA Security Awareness Virtual Initiative (SAVI) training within 90 days of reporting to work and annually thereafter. This training is available on the FAA's Electronic Learning Management System (eLMS). Contractors without access to eLMS please see <https://my.faa.gov/org/linebusiness/ash/programs/savi.html> for instructions.

b. All contractor employees that will access the FAA network must complete the FAA's Information Security and Privacy Awareness Training course in eLMS (a distinct course from SAVI) and read and sign the FAA Rules of Behavior, upon initial connection to the FAA and annually thereafter. Contractor employees who do not complete the mandatory information security and privacy awareness training course and accept the FAA Rules of Behavior within the required timeframes may have their access to FAA systems, networks, or information suspended or terminated.

c. All contractor personnel that connect to the FAA network must complete all other mandatory and role-based training as required by FAA Order 1370.121B.

15. The contractor must contact the CO or COR, and AXP within one business day in the event an employee (who has been cleared for FAA access by AXP) is arrested (i.e., taken into custody by law enforcement for any offenses, other than minor traffic offenses) or is involved in theft of government property or the contractor becomes aware of any information that may raise a question about the suitability of a contractor employee.

16. Failure to submit information required by this clause within the time required may be determined by the CO a material breach of the contract and may result in suspension or revoked access for the contractor employee.

17. If subsequent to the effective date of this contract, the security classification or security requirements under this contract are changed by the Government and if the changes cause an increase or decrease in direct contract costs or otherwise affect any other term or condition of this contract, the contract will be subject to an equitable adjustment.

18. The contractor agrees to insert terms that conform substantially to the language of this clause, excluding any reference to the Changes clause of this contract, in all subcontracts under this contract that involve access and where the exceptions under FAA Order 1600.1F do not apply.

(End of Clause)

- (3) The appropriate security-related background investigation can be adequately conducted, as determined by the Office of Security and Hazardous Materials Safety (ASH) Office of Personnel Security (AXP).

- (2) Successfully pass an export control review as outlined in FAA Order 1240.13 FAA Export Control Compliance.

(End of Clause)

3.14-4 ACCESS TO FAA FACILITIES, SYSTEMS, GOVERNMENT PROPERTY, AND SENSITIVE UNCLASSIFIED INFORMATION (APR 2024)

1. Terms defined in the AMS Clause 3.14-2 "Contractor Personnel Suitability Requirements" have the same meaning in this clause.

2. It may become necessary for the Government to grant access to FAA systems or issue Government property, to include FAA issued ID cards, or sensitive unclassified information (SUI), to contractor employees. The FAA shall have the authority to restrict or deny unescorted access into FAA facilities to anyone. The FAA shall also have the authority to determine the number of PIV cards to be issued to contractor employees, based on operational necessity. Individuals requiring non-routine access for maintenance purposes shall be escorted by FAA personnel and be issued appropriate FAA visitor badges. Prior to or upon completion or termination of the work under the contract, the contractor must return all such Government property and SUI to the Contracting Officer's Representative (COR).

3. Improper use, possession or alteration of Government property is subject to penalties under Title 18, USC 499, 506, 701, and 1030.

4. In the event such Government property is lost, stolen, or not returned, the contractor understands and agrees that the Government may, in addition to any other withholding provision of the contract, withhold the value of the asset for each item of Government property not returned. If the Government property, to include FAA issued ID cards, or SUI is not returned within 30-calendar-days from the date the withholding action was initiated, any amount so withheld is forfeited by the contractor. Any portable devices that are lost, stolen, or not returned must be reported by the contractor within one (1) hour to the FAA Security Operations Center (phone 1(866)-580-1852(Option 1) or email 9-AWA-SOC@faa.gov).

5. Access to aircraft ramp/hangar areas is authorized only to those persons displaying a flight line identification card and for vehicles, with a current ramp permit issued pursuant to Title 49, Part 1542, Code of Federal Regulations.

6. The Government retains the right to inspect inventory, or audit Government property or sensitive information issued to the contractor in connection with the contract and do so at the convenience of the Government. Any items not accounted for, to the satisfaction of the Government, will be assumed to be lost and the provisions of section (3) of this clause apply.

7. The issuance of Government property to include SUI must be approved by the COR who will require the contractor employee to sign a receipt for each item. Lost or stolen Government property or SUI must immediately be

reported concurrently to the Contracting Officer (CO), COR, and the FAA SOC at the telephone number and email address listed under section (3) above.

8. Each contractor employee, during all times of on-site performance at an FAA facility, must prominently display his/her current and valid FAA Personal Identity Verification (PIV) card, or other FAA issued ID card, on the front portion of his/her body between the neck and waist. Each FAA ID cardholder must not affix pins, stickers, or other item to the card.

9. Prior to any contractor employee obtaining a FAA ID Card or other government property, IAW FAA Order 1600.78 the contractor is required to enter data for each employee into the VAP (Vendor Applicant Portal) as described in AMS clause 3.14-2, Contractor Personnel Suitability Requirements.

10. The Office of Personnel Security (AXP) will determine whether a favorable interim and/or final suitability determination can be granted to:

- a. Exercise reciprocity when applicable.
- b. Initiate the contractor applicant into the National Background Investigation System (NBIS) electronic application (eAPP) or subsequent system, so that the applicant can complete the investigative forms.

Interim suitability determination (ISD) cannot be granted until all background investigation forms are completed and fingerprints and signature pages are submitted to AXP. Authorization for the contractor employee to begin work on the FAA contract will be an Interim or Final Suitability notification from AXP.

11. To apply for a FAA PIV card, IAW FAA Order 1600.78, the contractor employee must submit an identification card application (DOT 1681) using the automated system located at <https://idms.faa.gov/1681>. The application must be approved by the CO or COR. The contractor employee will be notified when the identification card application has been approved and is ready for processing by the FAA Identification Card issuer (e.g., PIV Administrator). The contractor must contact AXP to obtain the procedures for obtaining their FAA PIV Card.

12. Off-Boarding. The contractor is responsible for ensuring final off-boarding is accomplished for all departing contractor employees. This includes termination, resignation, retirement, death, change of employment status (i.e., transferring from a contractor to a FAA employee), transfer to another FAA contract, and (with CO approval) extended leave of absence. The contractor may appoint an off-boarding coordinator to oversee the off-boarding process.

- a. For each departing employee having access to FAA facilities and/or Information Technology (IT) systems, the contractor must submit a completely filled out and signed "FAA Contractor Employee Off-Boarding Form" (located in FAA Procurement Forms) to the CO no later than thirty (30) calendar days after the employee's departure. The contractor must ensure that the Form confirms that all applicable Government property (including FAA-issued ID cards) and sensitive information (including Classified National Security Information (CNSI)) has been collected and access to all FAA assets has been terminated.
- b. When the contractor is not located or within local driving distance of the responsible AXP office, the Contractor must collect the Personal Identity Verification (PIV) Card or other FAA-issued ID card, and any other tokens and provide to the CO or COR within one (1) business day of receiving the card/tokens from the departing employee.
- c. In the event the contractor employee departs without completing the Form, the contractor is responsible for completing and submitting the Form on the employee's behalf. If the departing contractor employee served as the Property Custodian for the FAA contract, then the contractor must designate a new Property Custodian and ensure accountability of all property under the contract, or within fourteen calendar days with the CO's approval, provide to the CO the results of the associated inventory/property accountability.
- d. The designated VAP POC must submit a VAP removal record for the departing employee within twenty-four (24) hours.

e. The contractor must also comply with any local Employee Off-Boarding Forms in use at the applicable FAA Facility.

14. The FAA has established cybersecurity and privacy policies, procedures, and processes to protect the Confidentiality, Integrity, and Availability of its networks, systems, services, information, and data.

a. All contractor employees that access FAA systems must comply with all FAA cybersecurity and privacy policies, procedures, and processes, including Presidential Directives, Executive Orders, OMB Memorandum DHS CISA Binding Order Directives, and other Federal policies.

b. A copy of FAA information security and privacy orders, including FAA Order 1370.121B FAA Information Security and Privacy: Policy is found at the following link https://employees.faa.gov/tools_resources/orders_notices. (Internal FAA Link only)

15. The contractor must insert this clause in all subcontracts under the contract.

(End of Clause)

3.14-14 COOPERATION WITH DEFENSIVE COUNTERINTELLIGENCE PROGRAM (DCIP) REQUIREMENTS (JUL 2023)

a. The FAA's Defensive Counterintelligence Program (DCIP) (AXI-310) detects, deters, and denies illicit human and technical intelligence collection activities as well as addressing other national security concerns. Such activities and concerns include, but are not limited to, activities conducted by, on behalf of, or otherwise supporting, foreign governments or elements thereof; entities or individuals that meet the definition of "foreign power" or "agent of a foreign power" in 50 U.S.C. § 1801; foreign organizations; foreign persons; international terrorist organizations or activities; or agents of any of the foregoing; or any other individuals or entities acting on behalf of, or otherwise in support of, any of the foregoing, against the FAA, its employees, facilities, equipment, systems, networks, operations, and information.

b. Consistent with FAA Order 1600.84 *FAA Defensive Counterintelligence Program* (referred to here on as "the Order"), the contractor is required to cooperate to the fullest extent possible with the following requirements:

(1) Any authorized DCIP inquiry or Counterintelligence (CI) investigation connected with this contract requested by the FAA Office of Security and Hazardous Materials Safety (ASH) to include granting authorized ASH or outside investigative department or agency personnel access to contract information, records, or contractor personnel;

(2) All applicable FAA security requirements as required under the contract consistent with FAA policy and applicable Federal law;

(3) When requested by the DCIP, and necessary to protect Controlled National Security Information (CNSI), Sensitive Unclassified Information (SUI), or otherwise protected information, contractor employees must sign a Defensive Counterintelligence Program Non-Disclosure Agreement (NDA) prior to being briefed on any information pertaining to a DCIP inquiry, CI investigation by another Department or Agency, or any other matter related to the DCIP. The NDA is located in Appendix C of the Order and in AMS Procurement Forms. Contractor employees are exempt from acknowledging any language in the NDA associated with unauthorized disclosure of received information that subjects FAA employees to personnel actions specified in the Human Resources Policy Manual (HRPM) Volume 4: Employee Relations ER-4.1 (4) and applicable collective bargaining agreements.

(4) Contractors must first coordinate with the DCIP at ASH-CI-Notify@faa.gov before contacting any law enforcement or investigative agencies on any known or suspected counterintelligence or other national security concern described in Paragraph 1 of the Order.

(5) Contractors must notify the DCIP as soon as possible if any law enforcement or investigative agency contacts them directly on any matter covered by the Order. If an employee receives a direct request from an outside law enforcement or investigative agency for evidence related to a counterintelligence or other national security concern as described in Paragraph 1 of the Order, the employee will refer the law enforcement or investigative agency to AXI-310.

(6) Contractors must immediately notify the DCIP at ASH-CI-Notify@faa.gov, and the CO and/or COR if their employees observe any of the following-

(a) Suspected or known acts of foreign intelligence collection activity against the FAA or its employees, systems, networks, operations, facilities, equipment, or information;

(b) Suspected or known espionage (See Appendix A of the Order for definition);

(c) Suspected or known unauthorized disclosure of CNSI, SUI, or otherwise protected information in the possession of the FAA by a FAA employee to a foreign government or element thereof, a foreign organization, an entity or individual that meets the definition of "foreign power" or "agent of a foreign power" in 50 U.S.C. § 1801, a foreign person, an international terrorist organization or activity, an agent of any of the foregoing, or any other individual or entity acting on behalf of or otherwise supporting any of the foregoing; or

(d) Suspected or known theft, unauthorized disclosure, or unauthorized amassing of CNSI, SUI, or otherwise protected information in the possession of the FAA known or suspected to be for the purpose of conveying it to a foreign government or element thereof, an entity or individual that meets the definition of "foreign power" or "agent of a foreign power" in 50 U.S.C. § 1801, a foreign organization, a foreign person, an international terrorist organization or activity, an agent of any of the foregoing, any other individual or entity acting on behalf of or otherwise supporting any of the foregoing, or an unknown recipient, or statements of intent by an FAA employee to engage in any such actions. SUI or otherwise protected unclassified information whose theft, unauthorized disclosure, or unauthorized amassing, for the purposes described in the preceding sentence, is of concern includes, but is not limited to:

i. Non-public information from an official FAA data network or information

ii. Imagery;

iii. Technical specifications;

iv. Trade secrets;

v. Proprietary information;

vi. Sensitive Security Information (SSI); and

vii. Any other SUI

(e) Activities similar to those described in paragraphs b(6)(a)-(d) by, on behalf of, or otherwise supporting, potential lone wolf actors, malicious insiders, or transnational organizations of a national security concern.

If notification of the CO and/or COR is not feasible owing to the CO and/or COR being one of the suspicious actor(s), the contractor must notify the DCIP directly at the above email address if they observe any of the above activities.

(7) Contractors traveling internationally as per contract requirements must comply with the applicable travel security briefing and foreign contact reporting requirements of FAA Order 1600.61C *International Travel Security Program* as well as the applicable travel security briefing and reporting requirements of applicable Security Executive Agent Directives implemented by the FAA.

(8) *Elicitation attempts.* Elicitation is the strategic use of conversation to extract information from people without giving them the feeling they are being interrogated. It is a technique used to discreetly gather information. It is a conversation with a specific purpose: collect information that is not readily available and do so without raising suspicion that specific facts are being sought. The conversation can be in person, over the phone, or in writing.

Contractors must immediately notify the DCIP at ASH-CI-Notify@faa.gov, and the CO and/or COR if their employees experience any known or suspected direct (e.g., personal encounter or telephone) or indirect (e.g.,

electronic or written communication) elicitation or attempted elicitation of CNSI, SUI, or otherwise protected information in the possession of the FAA by any suspicious entity or person, regardless of ethnicity, nationality, or FAA employment status, as soon as possible, but no later than 12 hours after the time of the incident, initial detection, or receipt of report, as applicable, or the next business day if the incident, initial detection, or receipt of report, as applicable, occurs on a weekend or holiday. Contractors must report these incidents regardless of where, when, or how the contact took place, or whether the employee was on or off duty. Suspicious activities include, but are not limited to:

- (a) Direct or indirect contact or communication with a known or suspected foreign or foreign-affiliated person, or an unknown or unfamiliar person, seeking access to or disclosure of any CNSI, SUI, or otherwise protected information in the possession of the FAA for which such person does not meet the applicable access requirements, or that is outside the scope of their official duties;
- (b) Direct or indirect contact or communication with a known or suspected foreign or foreign-affiliated person, or an unknown or unfamiliar person, seeking specific information about an FAA employee's official duty responsibilities, work projects, access to information, security clearance, travel plans, coworkers' identities, or Information Technology (IT) system credentials for which such person does not meet the applicable access requirements, or that is outside the scope of their official duties;
- (c) Direct or indirect contact, communication, or observance of a known or suspected foreign or foreign-affiliated person, or an unknown or unfamiliar person, seeking unauthorized access to FAA employees, equipment, operations, systems, information, facilities, or networks, including through a Personal Electronic Device (PED);
- (d) Direct or indirect contact, communication, or observance of a known or suspected foreign or foreign-affiliated person, or an unknown or unfamiliar person, introducing, or seeking to introduce, unauthorized digital media or software into any FAA equipment, facilities, systems, or networks, including through a PED;
- (e) Offers of compensation, gifts, or favors in exchange for FAA information or access to such information, regardless of medium; or access to FAA employees, equipment, operations, facilities, systems, or networks;
- (f) Threats, attempts to coerce, or attempts to exploit any FAA employee by a known or suspected foreign or foreign-affiliated person, or by an unknown or unfamiliar person, in order to illicitly acquire FAA information or access to FAA employees, equipment, operations, facilities, systems, information, or networks;
- (g) Solicitation by any person of FAA information for which they do not meet the applicable access requirements or that is outside the scope of their official duties;
- (h) A request by any person for access to FAA employees, facilities, equipment, operations, systems, information, or networks for which they do not meet the applicable access requirements or that is outside the scope of their official duties; and
- (i) Suspicious or unexplained contact by any person with an FAA employee, where the person has suspicious or unexplained knowledge of the employee.

Unless requested by ASH, contractors must not disclose an elicitation attempt of the nature described above, in any other manner than to report the attempt to the COR and/or CO and request that they report it to the DCIP. If that is not feasible, or if the COR and/or CO are the suspicious actor(s), contractors may make these reports directly to the DCIP at the above email address. Contractors must not take any actions on their own initiative, as doing so may interfere with a DCIP inquiry or CI investigation.

c. Failure to cooperate with any of the activities under section b above may be considered by the FAA to be a material breach of the contract.

d. The Contractor is responsible for ensuring that the provisions of this clause flow down to its subsidiaries, subcontractors, and consultants performing this contract.

(End of clause)

(f) No services for which an additional cost or fee will be charged by the Contractor may be furnished without the prior written authorization of the CO.

(g) For facilities contracts, any related contract with the Contractor may be equitably adjusted if it provides for adjustment and is affected by a change ordered under this clause.

Note: The statement in item (9) in the preceding list is only required for invoices submitted to receive payment for contract performance occurring after this AMS clause 3.3.1-40 Electronic Submission of Payment Requests (INTERIM September 2025) is included in the contract.

If the contract includes allowances for travel, all invoices that include charges pertaining to travel expenses must catalog a breakdown of reimbursable expenses with the appropriate receipts to substantiate the travel expenses.

(e) Payment system registration. Each person accessing the Delphi eInvoicing web-portal will be required to have a unique user Delphi eInvoicing ID and password and be credentialed through login.gov.

(2) To create a login.gov account, the user will need a valid email address and a working phone number. The user will create a password and then login.gov will reply with an email confirming the email address.

(3) DELPHI registration instructions. New users should request access to Delphi eInvoicing by sending an email to 9-AMC-FAA-iSupplier@faa.gov. Once access is granted, users should navigate to <http://einvoice.esc.gov> to activate the account. Users are required to log in every 45 days to keep it active.

(4) Training on DELPHI. To facilitate use of DELPHI, comprehensive user information is available at <http://einvoice.esc.gov>

Waiver requests must be approved by the FAA and DOT and will be processed expeditiously upon contract award. If the waiver request is not approved, the Contractor must use electronic invoicing consistent with this clause. If the waiver request is approved, conversion to electronic invoicing at a later date may be required. While the waiver is in effect, the current invoicing process must be used per AMS Guidance T3.3.1A.14 and the terms of the contract. The decision regarding a waiver request is not subject to AMS clause 3.9.1-1 Contract Disputes.

(End of Clause)

3.8.9-8 CERTIFICATION OF ACCURACY AND DISCLOSURE OF ARTIFICIAL INTELLIGENCE (AI) USE

(a) The following certification must be checked:

The Contractor (including any subcontractors or agents acting on its behalf) [] certifies [] does not certify that all information, data, statements, analyses, and representations contained in, or submitted in connection with, any proposal, report, deliverable, or other written submission to the Federal Aviation Administration (FAA) under this contract are accurate, complete, and based on reasonable verification or substantiation to the best of the Contractor's knowledge and belief.

(b) Definitions.

“Artificial Intelligence” or “AI” means a machine-based system that can, for a given set of human-defined objectives, make predictions, recommendations or decisions influencing real or virtual environments. Artificial intelligence systems use machine and human-based inputs to (A) perceive real and virtual environments; (B) abstract such perceptions into models through analysis in an automated manner; and (C) use model inference to formulate options for information or action. Examples of AI use can include software, models, or systems that perform tasks by automated reasoning, learning, pattern recognition, or decision-making, including but not limited to large language models, generative models, automated drafting, data-analysis tools, and machine learning models.

“Hallucinated Data” means any assertion, citation, statement, or data element in a deliverable that (i) is factually inaccurate, fabricated, or materially misleading, and (ii) is not supported by or is contradicted by FAA-provided source materials or other mutually agreed authoritative sources, such as industry standards or peer-reviewed publications, as of the Delivery Date.

“Confirmed” means that the issue has been agreed in writing by the parties or determined by an independent expert, selected according to mutually agreed criteria, after a reasonable opportunity for review.

(c) If any portion of any submission is prepared, drafted, or substantively generated by or with the assistance of Artificial Intelligence (AI) technologies—including, but not limited to, large language models, generative AI, automated drafting, data analysis tools, or machine learning models—the Contractor must disclose in writing and separately identify in the submission:

1. The sections, data, or content that were prepared, drafted, or substantively generated by or with the assistance of AI;
2. The AI tool(s) used and their general function(s) (including model name/version where available); and
3. The validation measures applied to the AI-generated content (e.g., human review, testing, grounding to source materials), and (if relied upon) citations to FAA-provided or other authoritative source materials used for grounding. The Contractor may redact proprietary implementation details so long as those details are made available to the FAA under appropriate confidentiality terms upon request.

(d) Where AI technology is used, the Contractor affirms that it has reviewed, validated, and taken full responsibility for the AI-assisted content's factual and technical accuracy, reliability, and appropriateness as described in paragraph (b). The Contractor remains fully liable for errors, misrepresentations, fabrications, or “hallucinated” data, regardless of the generation method.

(e) The Contractor understands that submission of false, misleading, or fabricated information—whether AI-generated or otherwise—may result in contract remedies including, but not limited to, rejection of deliverables, withholding of payment, contract termination for default, or suspension/debarment, as well as any remedies available at law or equity.

(f) Correction, investigation, and expert determination. The Contractor must, at its sole expense, correct any errors, misrepresentations, fabrications, or Hallucinated Data in Deliverables within seven (7) business days of receipt of written notice from the FAA that specifies the alleged items and provides supporting evidence. The Contractor must

investigate and respond within seven (7) business days. If the parties cannot agree whether an item is Confirmed, either party may refer the matter to an independent expert for determination in accordance with procedures set forth elsewhere in this contract or as mutually agreed.

(g) Evidence preservation and audit. The Contractor must preserve and make available to the FAA, for a period of two (2) years following delivery, relevant evidence sufficient to investigate alleged issues, including model identifiers and versions, prompts and system messages, input data and retrieval traces, and relevant logs, subject to confidentiality obligations and applicable law. The FAA may audit compliance upon reasonable notice and in accordance with AMS 3.2.2.3-8 Audit and Records (July 2010); if a material non-conformance is found, the FAA may invoke remedies as provided elsewhere in this contract.

(h) The substance of this clause must be included in all subcontracts at any tier under this contract.

3.2.2.3-2 MINIMUM OFFER ACCEPTANCE PERIOD (APR 2024)

(a) 'Acceptance period,' as used in this provision, means the number of calendar days the FAA has to award a contract from the date the SIR specifies for receiving offers.

(b) This provision supersedes any language about the acceptance period appearing elsewhere in this SIR.

(c) The FAA requires a minimum acceptance period of 60 calendar days.

(d) The offeror may specify a longer acceptance period than the period shown in paragraph (c). To specify a longer period, fill in the blank: The offeror allows the following acceptance period: _____ calendar days.

(e) The FAA may reject an offer allowing less than the FAA's minimum acceptance period.

(f) The offeror agrees to fulfill the offer completely if the FAA accepts the offer in writing within:

(1) The acceptance period stated in paragraph (c) of this provision; or

(2) Any longer acceptance period stated in paragraph (d) of this provision.

3.2.2.3-81 PROHIBITION AGAINST CONTRACTING WITH INVERTED DOMESTIC CORPORATIONS-REPRESENTATION (JUL 2024)

(a) Definition: "Inverted Domestic Corporation" and "subsidiary" are defined in AMS clause 3.2.2.3-83 "Prohibition Against Contracting with Inverted Domestic Corporations."

(b) The FAA is not permitted to use appropriated (or otherwise made available) funds for contracts with either an inverted domestic corporation or a subsidiary of an inverted domestic corporation unless the requirement is waived in accordance with applicable AMS guidance.

(c) Representation. By submission of its offer, the offeror represents that it is not an inverted domestic corporation and is not a subsidiary of one.

(End of Provision)

3.2.2.7-7 CERTIFICATION REGARDING RESPONSIBILITY MATTERS (JUL 2024)

(a)(1) The Offeror certifies, to the best of its knowledge and belief, that:

(i) All representations and certifications, as reflected in the System for Award Management (SAM) are current and accurate as of the date the proposal/offer is submitted. If the Offeror represents itself as an SDVOSB, the Offeror

certifies it is certified as an SDVOSB under the Small Business Administration's Veteran Small Business Certification Program (VetCert) at the time of offer. The Offeror must provide immediate written notice to the Contracting Officer if at any time prior to award the Offeror and/or any of its principals learns that any certification or representation in SAM or on VetCert was erroneous when this proposal/offer was submitted or has become erroneous by reason of changed circumstances.

(ii) The Offeror and/or any of its Principals-

(A) Are ☐ are not ☐ presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(B) Have ☐ have not ☐ within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public- (Federal, state, or local) contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws or receiving stolen property; and

(C) Are ☐ are not ☐ presently indicted for, or otherwise criminally or civilly charged by a governmental entity with, commission of any of the offenses enumerated in subdivision (a)(1) (ii)(B) of this provision.

(D) Have ☐, have not ☐, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$10,000 for which the liability remains unsatisfied.

(1) Federal taxes are considered delinquent if both of the following criteria apply:

(i) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(ii) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(2) Examples-

(i) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(ii) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. During the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(iii) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(iv) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code). (E) The Offeror has ☐ has not ☐ within a three-year period preceding this offer, had one or more contracts terminated for default by any Federal agency.

(2) 'Principals,' for the purposes of this certification, means officers; directors; owners; partners; and persons having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a subsidiary, division, or business segment, and similar positions). THIS CERTIFICATION CONCERNS A MATTER WITHIN THE JURISDICTION OF AN AGENCY OF THE UNITED STATES AND THE MAKING OF A FALSE, FICTITIOUS, OR FRAUDULENT CERTIFICATION MAY RENDER THE MAKER SUBJECT TO PROSECUTION UNDER SECTION 1001, TITLE 18, UNITED STATES CODE.

(b) The Offeror must provide immediate written notice to the Contracting Officer if, at any time prior to contract award, the Offeror learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

(c) A certification that any of the items in paragraph (a) of this provision exists will not necessarily result in withholding of an award under this SIR. However, the certification will be considered in connection with a determination of the Offeror's responsibility. Failure of the Offeror to furnish a certification or provide such additional information as requested by the Contracting Officer may render the Offeror non-responsible.

(d) Nothing contained in the foregoing must be construed to require establishment of a system of records to render, in good faith, the certification required by paragraph (a) of this provision. The knowledge and information of an Offeror is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

(e) The certification in paragraph (a) of this provision is a material representation of fact upon which reliance was placed when making award. If it is later determined that the Offeror knowingly rendered an erroneous certification, in addition to other remedies available to the Government, the Contracting Officer may terminate the contract resulting from this SIR for default.

(End of provision)

(1) Has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability, where the FAA is aware of the unpaid tax liability, unless the FAA has considered suspension or debarment of the corporation and made a determination that suspension or debarment is not necessary to protect the interests of the Government; or

(2) Was convicted of a felony criminal violation under any Federal law within the preceding 24 months, where the FAA is aware of the conviction, unless the FAA has considered suspension or debarment of the corporation and made a determination that the action is not necessary to protect the interests of the Government.
