

QUESTIONS AND ANSWERS

Solicitation# SP7000-19-Q-1050

Up to 60 Month Lease – 1 MFD in Djibouti

1. Will the CAC card reader be provided by the US government DLA department?

Answer: This has to be provided by the vendor. Devices must/shall be delivered with the software and hardware required for PKI compliance.

2. Will the programming of the CAC card reader be done by DLA?

Answer: There is no programming involved. The initial configuration of the device requires 2 hours of technician time (from the vendor) to work with the local DLA IT group (J64- Desktop support) during initial installation.
