

DEPARTMENT OF THE NAVY
NAVSUP WSS
5450 Carlisle Pike | PO Box 2020 | Mechanicsburg, PA 17055-0788

Justification for Other Than Full & Open Competition

1. Contracting Activity

Contracting Activity		NAVSUP WSS - Mechanicsburg		Type	A1	
Folder #		243390054		PD #	N0010425X2077	
Item Manager	Dowling, Kristin	Work Function	Planner	Phone		Code N97132.30
Technician	Farrell, Brady	Work Function	Reprocurement Technician	Phone		Code N9753
Buyer	Heit, Aaron	Work Function	Supervisor	Phone		Code N742

2. Description of the Action Being Approved

Description	Negotiation and award of a contract through other than full and open competition.
-------------	---

3. Description of Supplies/Services

This J&A covers the acquisition of the following

☒ Spares ☐ Repair/Overhaul ☐ Modification ☐ Management ☐ Piece Parts ☐ Data Report

Nomenclature	PUMP,CENTRIFUGAL		Quantity	
NSN	7HH 4320 015514695 Q3		Cage Code	
P/N	14415N18		Unit Price	
Option	N	Option %	Days	
Estimated Value				
Ship To				

Period of Performance: Expected Final Delivery Date	03/12/2027
---	------------

Line of Accounting

4. Statutory Authority Permitting Other Than Full & Open Competition

This J&A is based upon the authority of 10 USC 3204(A) (1), only one or a limited number of responsible sources will satisfy agency requirements.

5. Rationale Justifying Use of Cited Authority

A/RMC 4

Acquire, for the first time, directly from the actual manufacturer.

A/RMSC R

The Government does not own the data or the rights to the data needed to purchase / contract repair of this part from additional sources. It has been determined to be uneconomical to buy the data or rights to the data. It is uneconomical to reverse engineer the part. This code is used when the Government did not initially purchase the data and/or rights. If only one source has the rights or data to manufacture/repair this item, A/RMCs 3, 4, or 5 are valid. If two or more sources have the rights or data to manufacture/repair this item, A/RMCs 1 or 2 are valid.

This acquisition will be solicited to

[[CURTISS-WRIGHT ELECTRO-] (0UBG9)] is the OEM for the part(s) mentioned above and is the only source that possesses the unique expertise and knowledge required for its continued support and maintenance. The Government does not own the necessary data or data rights required to [purchase]this part from additional sources. [CURTISS-WRIGHT ELECTRO-] (0UBG9)] retains exclusive rights to the technical data, manufacturing, and design information (e.g., proprietary drawings, software code, manufacturing) for these parts. A comprehensive analysis has determined that it is uneconomical to purchase the required data and/or data rights from [CURTISS-WRIGHT ELECTRO-] (0UBG9)]. The cost of acquiring these rights would significantly exceed the cost of the [Procurement] from the approved source. Based on the factors outlined above, it is concluded that [CURTISS-WRIGHT ELECTRO-] (0UBG9)] is the only responsible source capable of [providing the required part], given the Government's lack of data rights and the uneconomical nature of data acquisition or reverse engineering. An Other Than Full & Open procurement is necessary to maintain operational readiness and avoid unacceptable cost, schedule, and performance risks.

6. Description of Efforts Made To Solicit Offers From as Many Offerors as Practicable

15 MAR 2019 Class Waiver of the Requirement to Post a Request for Information or Sources Sought Notice applies to this requirement

The proposed contract action was synopsisized on the government-wide point of entry on

06/04/2026

and as a result

Market research was conducted in accordance with far part 10. The results of the market research conducted (or the reason(s) market research was not conducted) are as follows

Market Research was conducted in the following databases: ITIMP (Integrated Technical Item Management & Procurement) System, EB Single Parts Master, TDP Tool, CDMD-OA (Configuration Data Managers Database-Open Archives), CITIS (Contractor Integrated Technical Information System), NSEDR (Naval Ships Engineering Drawing Repository), EIS (Engineering Information System), E-LAR's (Engineering Liaison Action System), LAR's, ERP/ORACLE/FMT, and WebFLIS (Federal Logistics Information System). In addition to the above data base market research, a sources sought notice was generated and yielded no response. The Government failed to procure adequate technical data necessary for these complex items which must meet operational and reliability requirements. [CURTISS-WRIGHT ELECTRO-] (0UBG9) possesses the necessary data rights to provide the required level of performance needed to meet fleet requirements.

Source Validation Review

7. Determination of Fair And Reasonable Cost

The contracting officer determines that the anticipated cost to the Government of the supplies covered by this J&A will be fair and reasonable.

8. Actions to Remove Barriers to Future Competition

To promote competition, NAVSUP WSS will continue to encourage vendors with the expertise to manufacture/repair the subject item to submit a complete technical data package for review and source approval by the appropriate engineering source approval authority per the (WSS) guidelines. Also, future requirements will be advertised on the government-wide point of entry. For reasons set forth in Paragraph (5 & 6), NAVSUP WSS has no plans at this time to compete future contracts for the subject item covered by this document. If another potential manufacturing source emerges, NAVSUP WSS will assess whether competition for future requirements is feasible. Also, future requirements will be advertised on the government-wide point of entry.

Previous J&A

No Previous J&A - Award history does not exist

9. Any Other Facts Supporting Other Than Full & Open Competition
