

Questions and Answers

1. Could you please confirm the correct required delivery date for this solicitation?

Delivery date is ASAP, perhaps 10/31 is a reasonable deadline

2. Regarding RFQ 80NSSC27944256Q Voice Radio Subsystem Components: is the requirement strictly limited to the named Tactical Communications items, or would the Global Hawk engineering team consider alternative radio interoperability and console solutions as part of its evaluation?

We do have a specific requirement for the exact requested devices
