\$6,000,000
One-Two Sentences
The project will renovate the current 8,450gsf Firestone Lab to update and modernize the lab into a modern clinical research facility. The project includes two major components: Exam/Diagnostic/Research Laboratory and Office/Workstation spaces. A new client entry and waiting room will serve as a new front door to the space and provide direct access to the exam and diagnostic rooms.

Further information can be found on the NCSU Advertisements page linked.

Current project authorization is for advance planning only. The selected firm may be retained through full design and construction at the University's options.

**Submit Letters of Interest
and Current SF-330 to:**

(Contact Person, Name of Institution & Address)
Only electronic submissions will be accepted. Please submit Letters of Interest and Current SF-330 to:
