SECTION C – CONTRACT CLAUSES

C.1 FAR 52.212-4 CONTRACT TERMS AND CONDITIONS—COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (OCT 2025) (DEVIATION)

(a) *Definitions.* The clause at Federal Acquisition Regulation (FAR) 52.202-1, Definitions, is incorporated by reference.

(b) *Inspection/Acceptance.* The Contractor shall only tender for acceptance those items that conform to the requirements of this contract. The Government reserves the right to inspect or test any supplies or services that have been tendered for acceptance. The Government may require repair or replacement of nonconforming supplies or reperformance of nonconforming services at no increase in contract price. If repair/replacement or reperformance will not correct the defects or is not possible, the Government may seek an equitable price reduction or adequate consideration for acceptance of nonconforming supplies or services. The Government must exercise its post acceptance rights—

(1) Within a reasonable time after the defect was discovered or should have been discovered; and

(2) Before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

(c) *Assignment.* The Contractor or its assignee may assign its rights to receive payment due as a result of performance of this contract to a bank, trust company, or other financing institution, including any Federal lending agency in accordance with the Assignment of Claims Act (31 U.S.C. 3727). However, when a third party makes payment (e.g., use of the Governmentwide commercial purchase card), the Contractor may not assign its rights to receive payment under this contract.

(d) *Changes.* Changes in the terms and conditions of this contract may be made only by written agreement of the parties.

(e) *Disputes.* This contract is subject to 41 U.S.C. chapter 71, Contract Disputes. Failure of the parties to this contract to reach agreement on any request for equitable adjustment, claim, appeal or action arising under or relating to this contract shall be a dispute to be resolved in accordance with the clause FAR 52.233-1, Disputes, which is incorporated in this contract by reference. The Contractor shall proceed diligently with performance of this contract, pending final resolution of any dispute arising under the contract.

(f) *Excusable delays.* The Contractor shall be liable for default unless nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence. Examples of occurrences include acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. When an excusable delay occurs, the Contractor shall—

- (1) Notify the Contracting Officer in writing as soon as possible;
- (2) Remedy the delay as quickly as possible; and
- (3) Notify the Contracting Officer when the occurrence is over.

(g) *Invoice.* The Government will handle invoices according to the Prompt Payment Act (31 U.S.C. 3903) and 5 CFR part 1315. The Contractor shall submit invoices to the address designated in the contract to receive invoices. An invoice must include the information required by 5 CFR part 1315.9(b).

(h) *Patent indemnity.* The Contractor shall indemnify the Government and its officers, employees, and agents against liability, including costs, for actual or alleged direct or contributory infringement of, or inducement to infringe, any United States or foreign patent, trademark, or copyright, arising out of the performance of this contract, provided the Contractor is reasonably notified of such claims and proceedings.

(i) *Payment—*

(1) *Items accepted.* Payment shall be made for items accepted by the Government that have been delivered to the delivery destinations set forth in this contract.

(2) *Prompt payment.* The Government will make payment in accordance with the Prompt Payment Act (31 U.S.C. 3903) and prompt payment regulations at 5 CFR part 1315.

(3) *Discount.* In connection with any discount offered for early payment, time shall be computed from the date of the invoice. For the purpose of computing the discount earned, payment shall be considered to have been made on the date that appears on the payment check or the specified payment date if an electronic funds transfer payment is made.

(4) *Overpayments.* If the Contractor becomes aware of a duplicate contract financing or invoice payment or that the Government has otherwise overpaid on a contract financing or invoice payment, the Contractor shall—

(i) Remit the overpayment amount to the payment office cited in the contract along with a description of the overpayment including the—

(A) Circumstances of the overpayment (e.g., duplicate payment, erroneous payment, liquidation errors, date(s) of overpayment);

(B) Affected contract number and delivery order number, if applicable;

(C) Affected line item or subline item, if applicable;

(D) Contractor point of contact; and

(ii) Provide a copy of the remittance and supporting documentation to the Contracting Officer.

(5) *Interest.*

(i) All amounts that become payable by the Contractor to the Government under this contract shall bear simple interest from the date due until paid unless paid within 30 days of becoming due. The interest rate shall be the interest rate established by the Secretary of the Treasury as provided in 41 U.S.C. 7109, which is applicable to the period in which the amount becomes due, as provided in (i)(6)(v) of this clause, and then at the rate applicable for each six-month period as fixed by the Secretary until the amount is paid.

(ii) The Government may issue a demand for payment to the Contractor upon finding a debt is due under the contract.

(iii) *Final decisions.* The Contracting Officer will issue a final decision as required by FAR part 33 if—

(A) The Contracting Officer and the Contractor are unable to reach agreement on the existence or amount of a debt within 30 days;

(B) The Contractor fails to liquidate a debt previously demanded by the Contracting Officer within the timeline specified in the demand for payment unless the amounts were not repaid because the Contractor has requested an installment payment agreement; or

(C) The Contractor requests a deferment of collection on a debt previously demanded by the Contracting Officer (see FAR part 32).

(iv) If a demand for payment was previously issued for the debt, the demand for payment included in the final decision shall identify the same due date as the original demand for payment.

(v) Amounts shall be due at the earliest of the following dates:

(A) The date fixed under this contract.

(B) The date of the first written demand for payment, including any demand for payment resulting from a termination for cause.

(vi) The interest charge shall be computed for the actual number of calendar days involved beginning on the due date and ending on-

(A) The date on which the designated office receives payment from the Contractor;

(B) The date of issuance of a Government check to the Contractor from which an amount otherwise payable has been withheld as a credit against the contract debt; or

(C) The date on which an amount withheld and applied to the contract debt would otherwise have become payable to the Contractor.

(vii) The interest charge made under this clause may be reduced under the procedures for interest credits prescribed in FAR part 32 in effect on the date of this contract.

(j) *Risk of loss.* Unless the contract specifically provides otherwise, risk of loss or damage to the supplies provided under this contract shall remain with the Contractor until, and shall pass to the Government upon—

(1) Delivery of the supplies to a carrier, if transportation is f.o.b. origin; or

(2) Delivery of the supplies to the Government at the destination specified in the contract, if transportation is f.o.b. destination.

(k) *Taxes.* The contract price includes all applicable Federal, State, and local taxes and duties.

(l) *Termination for the Government's convenience.* The Government reserves the right to terminate this contract, or any part hereof, for its sole convenience. In the event of such termination, the Contractor shall immediately stop all work and shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms of this contract, the Contractor shall be paid a percentage of the contract price reflecting the percentage of the work performed prior to the notice of termination, plus reasonable charges the Contractor can demonstrate to the satisfaction of the Government using its standard record keeping system, have resulted from the termination. The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred which reasonably could have been avoided.

(m) *Termination for cause.* The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon request, with adequate assurances of future performance. The Government will send a cure notice to the Contractor, unless the reason for the termination is late delivery. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

(n) *Title.* Unless specified elsewhere in this contract, title to items furnished under this contract shall pass to the Government upon acceptance, regardless of when or where the Government takes physical possession.

(o) *Warranty.* The Contractor warrants and implies that the items delivered under this contract are merchantable and fit for use for the particular purpose described in this contract.

(p) *Limitation of liability.* Except as otherwise provided by an express warranty, the Contractor will not be liable to the Government for consequential damages resulting from any defect or deficiencies in accepted items.

(q) *Compliance with laws unique to Government contracts.* The Contractor agrees to comply with 31 U.S.C. 1352 relating to limitations on the use of appropriated funds to influence certain Federal contracts; 40 U.S.C. chapter 37, Contract Work Hours and Safety Standards; 41 U.S.C. chapter 87, Kickbacks; 49 U.S.C. 40118, Government-financed air transportation; and 41 U.S.C. chapter 21 relating to procurement integrity.

(r) *Order of precedence.* Any inconsistencies in this solicitation or contract shall be resolved by giving precedence in the following order:

(1) The schedule of supplies/services.

(2) The Disputes, Payments, Invoice, Compliance with Laws Unique to Government Contracts, and Unauthorized Obligations paragraphs of this clause;

(3) Other contract clauses incorporated in the solicitation or contract;

(4) Addenda to this solicitation or contract,

(5) Solicitation provisions incorporated in the solicitation.

(6) Other paragraphs of this clause.

(7) Other documents, exhibits, and attachments; and

(8) The specification.

(s) *Unauthorized obligations.*

(1) Except as stated in paragraph (s)(2) of this clause, when any supply or service acquired under this contract is subject to any End User License Agreement (EULA), Terms of Service (TOS), or similar legal instrument or agreement, that includes any clause requiring the Government to indemnify the Contractor or any person or entity for damages, costs, fees, or any other loss or liability that would create an Anti-Deficiency Act violation (31 U.S.C. 1341), the following shall govern:

(i) Any such clause is unenforceable against the Government.

(ii) Neither the Government nor any Government-authorized end user shall be deemed to have agreed to such clause by virtue of it appearing in the EULA, TOS, or similar legal instrument or agreement. If the EULA, TOS, or similar legal instrument or agreement is invoked through an "I agree" click box or other comparable mechanism (e.g., "click-wrap" or "browse-wrap" agreements), execution does not bind the Government or any Government authorized end user to such clause.

(iii) Any such clause is deemed to be stricken from the EULA, TOS, or similar legal instrument or agreement.

(2) Paragraph (s)(1) of this clause does not apply to indemnification by the Government that is expressly authorized by statute and specifically authorized under applicable agency regulations and procedures.

(t) *Comptroller General examination of record.* This paragraph applies if this contract was awarded using other than sealed bid procedures and is in excess of the simplified acquisition threshold on the date of award of this contract.

(1) The Comptroller General of the United States, or an authorized representative of the Comptroller General, shall have access to and right to examine any of the Contractor's directly pertinent records involving transactions related to this contract.

(2) The Contractor shall make available at its offices, at all reasonable times, the records, materials, and other evidence for examination, audit, or reproduction, until 3 years after final payment under this contract or for any shorter period specified in FAR part 4, longer period

required by statute, or periods specified in other clauses of this contract. If this contract is completely or partially terminated, the records relating to the work terminated shall be made available for 3 years after any resulting final termination settlement. Records relating to appeals under the disputes clause or to litigation or the settlement of claims arising under or relating to this contract shall be made available until such appeals, litigation, or claims are finally resolved.

(3) As used in this clause, records include books, documents, accounting procedures and practices, and other data, regardless of type and regardless of form. This clause does not require the Contractor to create or maintain any record that the Contractor does not maintain in the ordinary course of business or pursuant to a provision of law.

(u) *Incorporation by reference.* The Contractor's representations and certifications, including those completed electronically via the System for Award Management (SAM), are incorporated by reference into the contract.

If occupational diseases are not compensable under those statutes, they shall be covered under the employer's liability section of the insurance policy, except when contract operations are so commingled with a Contractor's commercial operations that it would not be practical to require this coverage. Employer's liability coverage of at least \$100,000 is required, except in States with exclusive or monopolistic funds that do not permit workers' compensation to be written by private carriers.

Liquidated Damages—Reimbursement for Data Breach Costs (FEB 2023)

(a) *Definition.* As used in this clause, “contract” means any contract, agreement, order or other instrument and encompasses the definition set forth in FAR 2.101.

(b) *Non-disclosure requirements.* As a condition of performance under a contract, order, agreement, or other instrument that requires access to sensitive personal information as defined in VAAR 802.101, the following is expressly required—

(1) The Contractor, subcontractor, their employees or business associates shall not, directly or through an affiliate or employee of the Contractor, subcontractor, or business associate, disclose sensitive personal information to any other person unless the disclosure is lawful and is expressly permitted under the contract; and

(c) *Liquidated damages.* If the Contractor or any of its agents fails to protect VA sensitive personal information or otherwise engages in conduct which results in a data breach, the Contractor shall, in place of actual damages, pay to the Government liquidated damages of ___ [Contracting Officer insert amount] per affected individual in order to cover costs related to the notification, data breach analysis and credit monitoring. In the event the Contractor provides payment of actual damages in an amount determined to be adequate by the Contracting Officer, the Contracting Officer may forgo collection of liquidated damages.

(d) *Purpose of liquidated damages.* Based on the results from VA's determination that there was a data breach caused by Contractor's or any of its agents' failure to protect or otherwise engaging in conduct to cause a data breach of VA sensitive personal information, and as directed by the Contracting Officer, the Contractor shall be responsible for paying to the VA liquidated damages in the amount of ___ [*Contracting Officer insert amount*] per affected individual to cover the cost of the following:

- (1) Notification related costs.
- (2) Credit monitoring reports.

C.7 FAR VAAR 852.204-72 PERSONNEL VETTING AND CREDENTIALING (DEVIATION) (MAR 2026)

(a) Definitions. As used in this clause –

VA Information system is the same as information system and means, pursuant to 38 U.S.C. 5727, a discrete set of information resources organized for the collection, processing, maintenance, use, sharing, dissemination, or disposition of information whether automated or manual.

VA sensitive information means all VA data, on any storage media or in any form or format, which requires protection due to the risk of harm that could result from inadvertent or deliberate disclosure, alteration, or destruction of the information and includes sensitive personal information. The term includes information where improper use or disclosure could adversely affect the ability of VA to accomplish its mission, proprietary information, records about individuals requiring protection under various confidentiality provisions such as the Privacy Act and the HIPAA Privacy Rule, and information that can be withheld under the Freedom of Information Act. Examples of VA sensitive information include the following: individually-identifiable medical, benefits, and personnel information; financial, budgetary, research, quality assurance, confidential commercial, critical infrastructure, investigatory, and law enforcement information; information that is confidential and privileged in litigation such as information protected by the deliberative process privilege, attorney work-product privilege, and the attorney client privilege; and other information which, if released, could result in violation of law or harm or unfairness to any individual or group, or could adversely affect the national interest or the conduct of Federal programs.

(b) *General.* Contractor personnel assigned to work for or on behalf of VA must undergo a background investigation commensurate with the risk and sensitivity level designation associated with the work to be performed at the level indicated in the contract. The Contractor and subcontractors shall comply with VA Directive/Handbook 0710, Personnel Security and Suitability Program, which can be accessed at: <https://vaww.va.gov/vapubs/index.cfm>.

(c) *Risk and Sensitivity Levels.* The following table identifies the risk and sensitivity levels that apply to any personnel providing services under this contract. *VA Administrations, organizations and staff offices will use the OPM [Position Designation Tool](#).

Positions/Tasks Designated as Non-Sensitive Positions – Tier 1/Low Risk
Positions/Tasks Designated as Non-Sensitive Positions – Tier 2/Mod Risk
Positions/Tasks Designated as Non-Sensitive Positions – Tier 4/High Risk

Security clearances are granted to individuals with a specific requirement for access to classified material (for example, Confidential, Secret and Top Secret). Contractor personnel that are required to obtain a security clearance will be subject to a Tier 3 or Tier 5 investigation. The following sensitivity designations have been assigned for the identified Tier 3 and Tier 5 required by this contract:

Tier 3:

Tier 5:

(d) *Fitness*. The results from a background investigation are used to determine if an individual's fitness is sufficient for that individual to perform work for or on behalf of VA in the position identified in this contract. Contractor fitness determinations are made in accordance with 5 CFR Part 731.202.

Fitness requirements for employment are separate and distinct from job qualifications. If a Contractor or subcontractor employee is found to be unsuitable or unfit to provide services under this contract, the Contractor shall immediately remove the employee from working on this contract and take those necessary steps that restrict the employee's logical access to VA data, information, VA sensitive information, or information technology or VA information systems containing such data or information.

The Contractor shall advise the employee that they are not permitted to access any VA controlled building or real property in relation to this contract. The removal of an unfit Contractor or subcontractor employee does not alleviate the Contractor from satisfying the requirements of this contract. The Government will not reimburse the Contractor for any costs associated with the recruitment/replacement of an employee or subcontractor employee who is found to be unfit.

(e) *Identification Cards*. The Government will provide a Personal Identification Verification (PIV) card or other identification card, as necessary, to fit Contractor personnel who require physical access to VA facilities and/or logical access to VA data, information, VA sensitive

information, or information technology or VA information systems containing such data or information. Contractor and subcontractor personnel shall prominently display their PIV/identification card on their persons while working at a VA facility and shall present their PIV/identification card for inspection upon request by a VA official. The Contractor must surrender the employee or subcontractor employee's PIV/identification card in accordance with the requirements set forth in Directive/Handbook 0735 when any of the following events occur:

1. When no longer needed for contract performance.
2. Upon completion of the Contractor/subcontractor employee's employment.
3. Upon contract completion or termination.

(f) *Lost/stolen*. Immediately upon detection, the Contractor shall report a lost or stolen PIV/identification card to the Government authorities as identified in Directive/Handbook 0735. Within 48 hours of reporting the lost/stolen PIV/identification card, the Contractor shall submit to the Program Manager an incident report that describes the relevant facts and circumstances regarding the loss/theft. If the loss/theft was reported by the Contractor to the local police, the Contractor shall further submit a copy of the final police report to the Program Manager within 48 hours of the report being made available by the local police department. The Government will not reimburse the Contractor for any costs that result from lost/stolen PIV/identification card(s).

(g) *Regular Reporting*. The Contractor shall submit a status report to PIV Sponsor within 5 working days after the end of each calendar quarter and as requested by the Government in order to initiate contract closeout procedures. The report must provide the status of each contractor/subcontractor employee who is required to have a PIV/identification card during the performance of the contract. The report shall identify the Contractor and the contract number, and list the following status for each contractor/subcontractor employee who holds a PIV/identification card under this contract:

1. Contractor/subcontractor employee name.
2. Name of VA facility where Contractor/subcontractor employee works, if applicable.
3. Date background check submitted for Contractor/subcontractor employee.
4. Date PIV/identification card issued to Contractor/subcontractor employee.
5. Contractor/subcontractor employee's PIV/identification card number, as applicable.
6. Date Contractor/subcontractor employee no longer has need for PIV/identification card.
7. Date Contractor notified VA that PIV/identification card is no longer required.
8. Date Contractor returned PIV/identification card was returned to VA.

(h) *Flow down of clause*. The Contractor shall include the substance of this clause in subcontracts, third-party agreements, and BAA's, in which subcontractors, third-party servicers/employees, and business associates will perform functions where they will have physical access to a VA facility or logical access to VA data, information, VA sensitive information, or information technology or VA information system containing such data or information.

(End of Clause)

C.8 VAAR 852.219-73 VA NOTICE OF TOTAL SET-ASIDE FOR CERTIFIED SERVICE-DISABLED VETERAN-OWNED SMALL BUSINESSES (JAN 2023) (DEVIATION)

(a) *Definition*. for the Department of Veterans Affairs, “*Service-disabled Veteran-owned small business concern or SDVOSB*”:

(1) Means a small business concern—

(i) Not less than 51 percent of which is owned by one or more service-disabled Veterans or, in the case of any publicly owned business, not less than 51 percent of the stock of which is

owned by one or more service-disabled Veterans or eligible surviving spouses (see VAAR 802.201, Surviving Spouse definition);

(ii) The management and daily business operations of which are controlled by one or more service-disabled Veterans (or eligible surviving spouses) or, in the case of a service-disabled Veteran with permanent and severe disability, the spouse or permanent caregiver of such Veteran;

(iii) The business meets Federal small business size standards for the applicable North American Industry Classification System (NAICS) code identified in the solicitation document;

(iv) The business has been certified for ownership and control pursuant to 38 U.S.C. 8127, 13 CFR 128, and is listed as certified in the SBA certification database at

<https://veterans.certify.sba.gov/>; and

(v) The business agrees to comply with VAAR subpart 819.70 and Small Business Administration (SBA) regulations regarding small business size, government contracting, and the Veteran Small Business Certification Program at 13 CFR parts 121, 125, and 128.

(2) The term “Service-disabled Veteran” means a Veteran, as defined in 38 U.S.C. 101(2), with a disability that is service-connected, as defined in 38 U.S.C. 101(16).

(3) The term “small business concern” has the meaning given that term under section 3 of the Small Business Act (15 U.S.C. 632).

(4) The term “small business concern owned and controlled by Veterans with service-connected disabilities” has the meaning given the term “*small business concern owned and controlled by service-disabled veterans*” under section 3(q)(2) of the Small Business Act (15 U.S.C. 632(q)(2)).

(5) The term “SDVOSB participant” or *certified SDVOSB* means a small business that has been certified in the SBA Veteran Small Business Certification Program and listed in the SBA certification database (see 13 CFR 128.102).

(b) *General*. In order for a concern to submit an offer and be eligible for the award of an SDVOSB set-aside or sole source contract, the concern must qualify as a small business concern under the size standard corresponding to the NAICS code assigned to the contract and be listed as an SDVOSB participant in the SBA certification database as set forth in 13 CFR 128.

(1) Offers received from entities that are not certified SDVOSBs and listed in the SBA certification database at the time of offer shall not be considered.

(2) Any award resulting from this solicitation shall be made to a certified SDVOSB listed in the SBA certification database who is eligible at the time of submission of offer(s) and at the time of award.

(3) The requirements in this clause apply to any contract, order or subcontract where the firm receives a benefit or preference from its designation as an SDVOSB, including set-asides, sole source awards, and evaluation preferences.

(c) *Representation*. Pursuant to 38 U.S.C. 8127(e), only certified SDVOSBs listed in the SBA certification database are considered eligible to receive award of a resulting contract. By submitting an offer, the prospective contractor represents that it is an eligible and certified SDVOSB as defined in this clause, 13 CFR 121, 125, and 128, and VAAR subpart 819.70.

(d) *Agreement/LOS certification*. When awarded a contract action, including orders under multipleaward contracts, an SDVOSB agrees that in the performance of the contract, the SDVOSB shall comply with requirements in VAAR subpart 819.70 and SBA regulations on small business size, and government contracting programs at 13 CFR part 121 and part 125, including the non-manufacturer rule and limitations on subcontracting (LOS) requirements in 13 CFR 121.406(b) and 13 CFR 125.6. For the purpose of limitations on subcontracting, only certified SDVOSBs listed in the SBA certification database (including independent contractors) shall be considered eligible and/or “similarly situated” (i.e., a firm that has the same small

business program status as the prime contractor). An otherwise eligible firm further agrees to comply with the required LOS certification requirements in this solicitation (see 852.219–75 or 852.219–76 as applicable). These requirements are summarized as follows:

(1) *Services*. In the case of a contract for services (except construction), the SDVOSB prime contractor will not pay more than 50% of the amount paid by the government to the prime for contract performance to firms that are not certified SDVOSBs listed in the SBA certification database (excluding direct costs to the extent they are not the principal purpose of the acquisition and the SDVOSB/ VOSB does not provide the service, such as airline travel, cloud computing services, or mass media purchases). When a contract includes both services and supplies, the 50 percent limitation shall apply only to the service portion of the contract.

(2) *Supplies/products*.

(i) In the case of a contract for supplies or products (other than from a non-manufacturer of such supplies), the SDVOSB prime contractor will not pay more than 50% of the amount paid by the government to the prime for contract performance, excluding the cost of materials, to firms that are not certified SDVOSBs listed in the SBA certification database. When a contract includes both supply and services, the 50 percent limitation shall apply only to the supply portion of the contract.

(ii) In the case of a contract for supplies from a non-manufacturer, the SDVOSB prime contractor will supply the product of a domestic small business manufacturer or processor, unless a waiver as described in 13 CFR 121.406(b)(5) has been granted. Refer to 13 CFR 125.6(a)(2)(ii) for guidance pertaining to multiple item procurements.

(3) *General construction*. In the case of a contract for general construction, the SDVOSB prime contractor will not pay more than 85% of the amount paid by the government to the prime for contract performance, excluding the cost of materials, to firms that are not certified SDVOSBs listed in the SBA certification database.

(4) *Special trade construction contractors*. In the case of a contract for special trade contractors, no more than 75% of the amount paid by the government to the prime for contract performance, excluding the cost of materials, may be paid to firms that are not certified SDVOSBs listed in the SBA certification database.

(5) *Subcontracting*. An SDVOSB subcontractor must meet the NAICS size standard assigned by the prime contractor and be certified and listed in the SBA certification database to count as similarly situated. Any work that a first tier SDVOSB subcontractor further subcontracts will count towards the percent of subcontract amount that cannot be exceeded. For supply or construction contracts, the cost of materials is excluded and not considered to be subcontracted. When a contract includes both services and supplies, the 50 percent limitation shall apply only to the portion of the contract with the preponderance of the expenditure upon which the assigned NAICS is based. For information and more specific requirements, refer to 13 CFR 125.6.

(e) *Required limitations on subcontracting compliance measurement period*. An SDVOSB shall comply with the limitations on subcontracting as follows:

☐ By the end of the base term of the contract or order, and then by the end of each subsequent option period; or

☒ By the end of the performance period for each order issued under the contract.

(f) *Joint ventures*. A joint venture may be considered eligible as an SDVOSB if the joint venture complies with the requirements in 13 CFR 128.402 and the managing joint venture partner makes the representations under paragraph (c) of this clause. A joint venture agrees that, in the performance of the contract, the applicable percentage specified in paragraph (d) of this clause will be performed by the aggregate of the joint venture participants.

(g) *Precedence*. The VA Veterans First Contracting Program, as defined in VAAR 802.101, subpart 819.70, and this clause, takes precedence over any inconsistencies between the

requirements of the SBA Veteran Small Business Certification Program and the VA Veterans First Contracting Program.

(h) *Misrepresentation*. Pursuant to 38 U.S.C. 8127(g), any business concern, including all its principals, that is determined by VA to have willfully and intentionally misrepresented a company's SDVOSB status is subject to debarment from contracting with the Department for a period of not less than five years (see VAAR 809.406–2 Causes for Debarment).

(End of Clause)

C.9 VAAR 852.219-75 VA NOTICE OF LIMITATIONS ON SUBCONTRACTING— CERTIFICATE OF COMPLIANCE FOR SERVICES AND CONSTRUCTION (JAN 2023) (DEVIATION)

(a) Pursuant to 38 U.S.C. 8127(l)(2), the offeror certifies that—

(1) If awarded a contract (see FAR 2.101 definition), it will comply with the limitations on subcontracting requirement as provided in the solicitation and the resultant contract, as follows:

(i) ☒ *Services*. In the case of a contract for services (except construction), the contractor will not pay more than 50% of the amount paid by the government to it to firms that are not certified SDVOSBs listed in the SBA certification database as set forth in 852.219–73 or certified VOSBs listed in the SBA certification database as set forth in 852.219–74. Any work that a similarly situated certified SDVOSB/VOSB subcontractor further subcontracts will count towards the 50% subcontract amount that cannot be exceeded. Other direct costs may be excluded to the extent they are not the principal purpose of the acquisition and small business concerns do not provide the service as set forth in 13 CFR 125.6.

(ii) ☐ *General construction*. In the case of a contract for general construction, the contractor will not pay more than 85% of the amount paid by the government to it to firms that are not certified SDVOSBs listed in the SBA certification database as set forth in 852.219–73 or certified VOSBs listed in the SBA certification database as set forth in 852.219–74. Any work that a similarly situated certified SDVOSB/VOSB subcontractor further subcontracts will count towards the 85% subcontract amount that cannot be exceeded. Cost of materials are excluded and not considered to be subcontracted.

(iii) ☐ *Special trade construction contractors*. In the case of a contract for special trade contractors, the contractor will not pay more than 75% of the amount paid by the government to it to firms that are not certified SDVOSBs listed in the SBA certification database as set forth in 852.219–73 or certified VOSBs listed in the SBA certification database as set forth in 852.219–74. Any work that a similarly situated certified SDVOSB/VOSB subcontractor further subcontracts will count towards the 75% subcontract amount that cannot be exceeded. Cost of materials are excluded and not considered to be subcontracted.

(2) The offeror acknowledges that this certification concerns a matter within the jurisdiction of an Agency of the United States. The offeror further acknowledges that this certification is subject to Title 18, United States Code, Section 1001, and, as such, a false, fictitious, or fraudulent certification may render the offeror subject to criminal, civil, or administrative penalties, including prosecution.

(3) If VA determines that an SDVOSB/ VOSB awarded a contract pursuant to 38 U.S.C. 8127 did not act in good faith, such SDVOSB/VOSB shall be subject to any or all of the following:

- (i) Referral to the VA Suspension and Debarment Committee;
- (ii) A fine under section 16(g)(1) of the Small Business Act (15 U.S.C. 645(g)(1)); and
- (iii) Prosecution for violating 18 U.S.C. 1001.

(b) The offeror represents and understands that by submission of its offer and award of a contract it may be required to provide copies of documents or records to VA that VA may review to determine whether the offeror complied with the limitations on subcontracting requirement

specified in the contract. Contracting officers may, at their discretion, require the contractor to demonstrate its compliance with the limitations on subcontracting at any time during performance and upon completion of a contract if the information regarding such compliance is not already available to the contracting officer. Evidence of compliance includes, but is not limited to, invoices, copies of subcontracts, or a list of the value of tasks performed.

(c) The offeror further agrees to cooperate fully and make available any documents or records as may be required to enable VA to determine compliance with the limitations on subcontracting requirement. The offeror understands that failure to provide documents as requested by VA may result in remedial action as the Government deems appropriate.

(d) Offeror completed certification/fill-in required. The formal certification must be completed, signed and returned with the offeror's bid, quotation, or proposal. The Government will not consider offers for award from offerors that do not provide the certification, and all such responses will be deemed ineligible for evaluation and award.

C.10 IT CONTRACT SECURITY

VA INFORMATION AND INFORMATION SYSTEM SECURITY/PRIVACY

1. GENERAL

Contractors, contractor personnel, subcontractors, and subcontractor personnel shall be subject to the same Federal laws, regulations, standards, and VA Directives and Handbooks as VA and VA personnel regarding information and information system security.

2. ACCESS TO VA INFORMATION AND VA INFORMATION SYSTEMS

a. A contractor/subcontractor shall request logical (technical) or physical access to VA information and VA information systems for their employees, subcontractors, and affiliates only to the extent necessary to perform the services specified in the contract, agreement, or task order.

b. All contractors, subcontractors, and third-party servicers and associates working with VA information are subject to the same investigative requirements as those of VA appointees or employees who have access to the same types of information. The level and process of background security investigations for contractors must be in accordance with VA Directive and Handbook 0710, Personnel Suitability and Security Program. The Office for Operations, Security, and Preparedness is responsible for these policies and procedures.

c. Contract personnel who require access to national security programs must have a valid security clearance. National Industrial Security Program (NISP) was established by Executive Order 12829 to ensure that cleared U.S. defense industry contract personnel safeguard the classified information in their possession while performing work on contracts, programs, bids, or research and development efforts. The Department of Veterans Affairs does not have a Memorandum of Agreement with Defense Security Service (DSS). Verification of a Security Clearance must be processed through the Special Security Officer located in the Planning and National Security Service within the Office of Operations, Security, and Preparedness.

d. Custom software development and outsourced operations must be located in the U.S. to the maximum extent practical. If such services are proposed to be performed abroad and are not disallowed by other VA policy or mandates, the contractor/subcontractor must state where all non-U.S. services are provided and detail a security plan, deemed to be acceptable by VA, specifically to address mitigation of the resulting problems of communication, control, data protection, and so forth. Location within the U.S. may be an evaluation factor.

e. The contractor or subcontractor must notify the Contracting Officer immediately when an employee working on a VA system or with access to VA information is reassigned or leaves the contractor or subcontractor's employ. The Contracting Officer must also be notified immediately by the contractor or subcontractor prior to an unfriendly termination.

3. VA INFORMATION CUSTODIAL LANGUAGE

a. Information made available to the contractor or subcontractor by VA for the performance or administration of this contract or information developed by the contractor/subcontractor in performance or administration of the contract shall be used only for those purposes and shall not be used in any other way without the prior written agreement of the VA. This clause expressly limits the contractor/subcontractor's rights to use data as described in Rights in Data - General, FAR 52.227-14(d) (1).

b. VA information should not be co-mingled, if possible, with any other data on the contractors/subcontractor's information systems or media storage systems in order to ensure VA requirements related to data protection and media sanitization can be met. If co-mingling must be allowed to meet the requirements of the business need, the contractor must ensure that VA's information is returned to the VA or destroyed in accordance with VA's sanitization requirements. VA reserves the right to conduct on site inspections of contractor and subcontractor IT resources to ensure data security controls, separation of data and job duties, and destruction/media sanitization procedures are in compliance with VA directive requirements.

c. Prior to termination or completion of this contract, contractor/ subcontractor must not destroy information received from VA, or gathered/ created by the contractor in the course of performing this contract without prior written approval by the VA. Any data destruction done on behalf of VA by a contractor/subcontractor must be done in accordance with National Archives and Records Administration (NARA) requirements as outlined in VA Directive 6300, Records and Information Management and its Handbook 6300.1 Records Management Procedures, applicable VA Records Control Schedules, and VA Handbook 6500.1, Electronic Media Sanitization. Self-certification by the contractor that the data destruction requirements above have been met must be sent to the VA Contracting Officer within 30 days of termination of the contract.

d. The contractor/subcontractor must receive, gather, store, back up, maintain, use, disclose and dispose of VA information only in compliance with the terms of the contract and applicable Federal and VA information confidentiality and security laws, regulations and policies. If Federal or VA information confidentiality and security laws, regulations and policies become applicable to the VA information or information systems after execution of the contract, or if NIST issues or updates applicable FIPS or Special Publications (SP) after execution of this contract, the parties agree to negotiate in good faith to implement the information confidentiality and security laws, regulations and policies in this contract.

e. The contractor/subcontractor shall not make copies of VA information except as authorized and necessary to perform the terms of the agreement or to preserve electronic information stored on contractor/subcontractor electronic storage media for restoration in case any electronic equipment or data used by the contractor/subcontractor needs to be restored to an operating state. If copies are made for restoration purposes, after the restoration is complete, the copies must be appropriately destroyed.

f. If VA determines that the contractor has violated any of the information confidentiality, privacy, and security provisions of the contract, it shall be sufficient grounds for VA to withhold payment to the contractor or third party or terminate the contract for default or terminate for cause under Federal Acquisition Regulation (FAR) part 12.

g. If a VHA contract is terminated for cause, the associated BAA must also be terminated and appropriate actions taken in accordance with VHA Handbook 1600.01, Business Associate Agreements. Absent an agreement to use or disclose protected health information, there is no business associate relationship.

h. The contractor/subcontractor must store, transport, or transmit VA sensitive information in an encrypted form, using VA-approved encryption tools that are, at a minimum, FIPS 140-2 validated.

i. The contractor/subcontractor's firewall and Web services security controls, if applicable, shall meet or exceed VA's minimum requirements. VA Configuration Guidelines are available upon request.

j. Except for uses and disclosures of VA information authorized by this contract for performance of the contract, the contractor/subcontractor may use and disclose VA information only in two other situations: (i) in response to a qualifying order of a court of competent jurisdiction, or (ii) with VA's prior written approval. The contractor/subcontractor must refer all requests for, demands for production of, or inquiries about, VA information and information systems to the VA contracting officer for response.

k. Notwithstanding the provision above, the contractor/subcontractor shall not release VA records protected by Title 38 U.S.C. 5705, confidentiality of medical quality assurance records and/or Title 38 U.S.C. 7332, confidentiality of certain health records pertaining to drug addiction, sickle cell anemia, alcoholism or alcohol abuse, or infection with human immunodeficiency virus. If the contractor/subcontractor is in receipt of a court order or other requests for the above mentioned information, that contractor/subcontractor shall immediately refer such court orders or other requests to the VA contracting officer for response.

l. For service that involves the storage, generating, transmitting, or exchanging of VA sensitive information but does not require C&A or an MOU-ISA for system interconnection, the contractor/subcontractor must complete a Contractor Security Control Assessment (CSCA) on a yearly basis and provide it to the COR.

4. INFORMATION SYSTEM DESIGN AND DEVELOPMENT

a. Information systems that are designed or developed for or on behalf of VA at non-VA facilities shall comply with all VA directives developed in accordance with FISMA, HIPAA, NIST, and related VA security and privacy control requirements for Federal information systems. This includes standards for the protection of electronic PHI, outlined in 45 C.F.R. Part 164, Subpart C, information and system security categorization level designations in accordance with FIPS 199 and FIPS 200 with implementation of all baseline security controls commensurate with the FIPS 199 system security categorization (reference Appendix D of VA Handbook 6500, VA Information Security Program). During the development cycle a Privacy Impact Assessment (PIA) must be completed, provided to the COR, and approved by the VA Privacy Service in accordance with Directive 6507, VA Privacy Impact Assessment.

b. The contractor/subcontractor shall certify to the COR that applications are fully functional and operate correctly as intended on systems using the VA Federal Desktop Core Configuration (FDCC), and the common security configuration guidelines provided by NIST or the VA. This includes Internet Explorer 7 configured to operate on Windows XP and Vista (in Protected Mode on Vista) and future versions, as required.

c. The standard installation, operation, maintenance, updating, and patching of software shall not alter the configuration settings from the VA approved and FDCC configuration. Information

technology staff must also use the Windows Installer Service for installation to the default "program files" directory and silently install and uninstall.

d. Applications designed for normal end users shall run in the standard user context without elevated system administration privileges.

e. The security controls must be designed, developed, approved by VA, and implemented in accordance with the provisions of VA security system development life cycle as outlined in NIST Special Publication 800-37, Guide for Applying the Risk Management Framework to Federal Information Systems, VA Handbook 6500, Information Security Program and VA Handbook 6500.5, Incorporating Security and Privacy in System Development Lifecycle.

f. The contractor/subcontractor is required to design, develop, or operate a System of Records Notice (SOR) on individuals to accomplish an agency function subject to the Privacy Act of 1974, (as amended), Public Law 93-579, December 31, 1974 (5 U.S.C. 552a) and applicable agency regulations. Violation of the Privacy Act may involve the imposition of criminal and civil penalties.

g. The contractor/subcontractor agrees to:

(1) Comply with the Privacy Act of 1974 (the Act) and the agency rules and regulations issued under the Act in the design, development, or operation of any system of records on individuals to accomplish an agency function when the contract specifically identifies:

(a) The Systems of Records (SOR); and

(b) The design, development, or operation work that the contractor/ subcontractor is to perform;

(1) Include the Privacy Act notification contained in this contract in every solicitation and resulting subcontract and in every subcontract awarded without a solicitation, when the work statement in the proposed subcontract requires the redesign, development, or operation of a SOR on individuals that is subject to the Privacy Act; and

(2) Include this Privacy Act clause, including this subparagraph (3), in all subcontracts awarded under this contract which requires the design, development, or operation of such a SOR.

h. In the event of violations of the Act, a civil action may be brought against the agency involved when the violation concerns the design, development, or operation of a SOR on individuals to accomplish an agency function, and criminal penalties may be imposed upon the officers or employees of the agency when the violation concerns the operation of a SOR on individuals to accomplish an agency function. For purposes of the Act, when the contract is for the operation of a SOR on individuals to accomplish an agency function, the contractor/subcontractor is considered to be an employee of the agency.

(1) "Operation of a System of Records" means performance of any of the activities associated with maintaining the SOR, including the collection, use, maintenance, and dissemination of records.

(2) "Record" means any item, collection, or grouping of information about an individual that is maintained by an agency, including, but not limited to, education, financial transactions, medical history, and criminal or employment history and contains the person's name, or identifying number, symbol, or any other identifying particular assigned to the individual, such as a fingerprint or voiceprint, or a photograph.

(3) "System of Records" means a group of any records under the control of any agency from which information is retrieved by the name of the individual or by some identifying number, symbol, or other identifying particular assigned to the individual.

i. The vendor shall ensure the security of all procured or developed systems and technologies, including their subcomponents (hereinafter referred to as "Systems"), throughout the life of this contract and any extension, warranty, or maintenance periods. This includes, but is not limited to workarounds, patches, hotfixes, upgrades, and any physical components (hereafter referred to

as Security Fixes) which may be necessary to fix all security vulnerabilities published or known to the vendor anywhere in the Systems, including Operating Systems and firmware. The vendor shall ensure that Security Fixes shall not negatively impact the Systems.

j. The vendor shall notify VA within 24 hours of the discovery or disclosure of successful exploits of the vulnerability which can compromise the security of the Systems (including the confidentiality or integrity of its data and operations, or the availability of the system). Such issues shall be remediated as quickly as is practical, but in no event longer than 30 days.

k. When the Security Fixes involve installing third party patches (such as Microsoft OS patches or Adobe Acrobat), the vendor will provide written notice to the VA that the patch has been validated as not affecting the Systems within 10 working days. When the vendor is responsible for operations or maintenance of the Systems, they shall apply the Security Fixes within days.

l. All other vulnerabilities shall be remediated as specified in this paragraph in a timely manner based on risk, but within 60 days of discovery or disclosure. Exceptions to this paragraph (e.g. for the convenience of VA) shall only be granted with approval of the contracting officer and the VA Assistant Secretary for Office of Information and Technology.

5. INFORMATION SYSTEM HOSTING, OPERATION, MAINTENANCE, OR USE

a. For information systems that are hosted, operated, maintained, or used on behalf of VA at non-VA facilities, contractors/subcontractors are fully responsible and accountable for ensuring compliance with all HIPAA, Privacy Act, FISMA, NIST, FIPS, and VA security and privacy directives and handbooks. This includes conducting compliant risk assessments, routine vulnerability scanning, system patching and change management procedures, and the completion of an acceptable contingency plan for each system. The contractor's security control procedures must be equivalent, to those procedures used to secure VA systems. A Privacy Impact Assessment (PIA) must also be provided to the COR and approved by VA Privacy Service prior to operational approval. All external Internet connections to VA's network involving VA information must be reviewed and approved by VA prior to implementation.

b. Adequate security controls for collecting, processing, transmitting, and storing of Personally Identifiable Information (PII), as determined by the VA Privacy Service, must be in place, tested, and approved by VA prior to hosting, operation, maintenance, or use of the information system, or systems by or on behalf of VA. These security controls are to be assessed and stated within the PIA and if these controls are determined not to be in place, or inadequate, a Plan of Action and Milestones (POA&M) must be submitted and approved prior to the collection of PII.

c. Outsourcing (contractor facility, contractor equipment or contractor staff) of systems or network operations, telecommunications services, or other managed services requires certification and accreditation (authorization) (C&A) of the contractor's systems in accordance with VA Handbook 6500.3, Certification and Accreditation and/or the VA OCS Certification Program Office. Government- owned (government facility or government equipment) contractor-operated systems, third party or business partner networks require memorandums of understanding and interconnection agreements (MOU-ISA) which detail what data types are shared, who has access, and the appropriate level of security controls for all systems connected to VA networks.

d. The contractor/subcontractor's system must adhere to all FISMA, FIPS, and NIST standards related to the annual FISMA security controls assessment and review and update the PIA. Any deficiencies noted during this assessment must be provided to the VA contracting officer and the ISO for entry into VA's POA&M management process. The contractor/subcontractor must use VA's POA&M process to document planned remedial actions to address any deficiencies in information security policies, procedures, and practices, and the completion of those activities. Security deficiencies must be corrected within the timeframes approved by the government. Contractor/subcontractor procedures are subject to periodic, unannounced assessments by VA

officials, including the VA Office of Inspector General. The physical security aspects associated with contractor/ subcontractor activities must also be subject to such assessments. If major changes to the system occur that may affect the privacy or security of the data or the system, the C&A of the system may need to be reviewed, retested and re- authorized per VA Handbook 6500.3. This may require reviewing and updating all of the documentation (PIA, System Security Plan, Contingency Plan). The Certification Program Office can provide guidance on whether a new C&A would be necessary.

e. The contractor/subcontractor must conduct an annual self assessment on all systems and outsourced services as required. Both hard copy and electronic copies of the assessment must be provided to the COR. The government reserves the right to conduct such an assessment using government personnel or another contractor/subcontractor. The contractor/subcontractor must take appropriate and timely action (this can be specified in the contract) to correct or mitigate any weaknesses discovered during such testing, generally at no additional cost.

f. VA prohibits the installation and use of personally-owned or contractor/ subcontractor-owned equipment or software on VA's network. If non-VA owned equipment must be used to fulfill the requirements of a contract, it must be stated in the service agreement, SOW or contract. All of the security controls required for government furnished equipment (GFE) must be utilized in approved other equipment (OE) and must be funded by the owner of the equipment. All remote systems must be equipped with, and use, a VA-approved antivirus (AV) software and a personal (host-based or enclave based) firewall that is configured with a VA-approved configuration. Software must be kept current, including all critical updates and patches. Owners of approved OE are responsible for providing and maintaining the anti-viral software and the firewall on the non-VA owned OE.

g. All electronic storage media used on non-VA leased or non-VA owned IT equipment that is used to store, process, or access VA information must be handled in adherence with VA Handbook 6500.1, Electronic Media Sanitization upon: (i) completion or termination of the contract or (ii) disposal or return of the IT equipment by the contractor/subcontractor or any person acting on behalf of the contractor/subcontractor, whichever is earlier. Media (hard drives, optical disks, CDs, back-up tapes, etc.) used by the contractors/ subcontractors that contain VA information must be returned to the VA for sanitization or destruction or the contractor/subcontractor must self-certify that the media has been disposed of per 6500.1 requirements. This must be completed within 30 days of termination of the contract.

h. Bio-Medical devices and other equipment or systems containing media (hard drives, optical disks, etc.) with VA sensitive information must not be returned to the vendor at the end of lease, for trade-in, or other purposes. The options are:

- (1) Vendor must accept the system without the drive;
- (2) VA's initial medical device purchase includes a spare drive which must be installed in place of the original drive at time of turn-in; or
- (3) VA must reimburse the company for media at a reasonable open market replacement cost at time of purchase.
- (4) Due to the highly specialized and sometimes proprietary hardware and software associated with medical equipment/systems, if it is not possible for the VA to retain the hard drive, then:
 - (a) The equipment vendor must have an existing BAA if the device being traded in has sensitive information stored on it and hard drive(s) from the system are being returned physically intact; and
 - (b) Any fixed hard drive on the device must be non-destructively sanitized to the greatest extent possible without negatively impacting system operation. Selective clearing down to patient data folder level is recommended using VA approved and validated overwriting

technologies/methods/tools. Applicable media sanitization specifications need to be pre-approved and described in the purchase order or contract.

(c) A statement needs to be signed by the Director (System Owner) that states that the drive could not be removed and that (a) and (b) controls above are in place and completed. The ISO needs to maintain the documentation.

6. SECURITY INCIDENT INVESTIGATION

a. The term "security incident" means an event that has, or could have, resulted in unauthorized access to, loss or damage to VA assets, or sensitive information, or an action that breaches VA security procedures. The contractor/ subcontractor shall immediately notify the COR and simultaneously, the designated ISO and Privacy Officer for the contract of any known or suspected security/privacy incidents, or any unauthorized disclosure of sensitive information, including that contained in system(s) to which the contractor/ subcontractor has access.

b. To the extent known by the contractor/subcontractor, the contractor/ subcontractor's notice to VA shall identify the information involved, the circumstances surrounding the incident (including to whom, how, when, and where the VA information or assets were placed at risk or compromised), and any other information that the contractor/subcontractor considers relevant.

c. With respect to unsecured protected health information, the business associate is deemed to have discovered a data breach when the business associate knew or should have known of a breach of such information. Upon discovery, the business associate must notify the covered entity of the breach. Notifications need to be made in accordance with the executed business associate agreement.

d. In instances of theft or break-in or other criminal activity, the contractor/subcontractor must concurrently report the incident to the appropriate law enforcement entity (or entities) of jurisdiction, including the VA OIG and Security and Law Enforcement. The contractor, its employees, and its subcontractors and their employees shall cooperate with VA and any law enforcement authority responsible for the investigation and prosecution of any possible criminal law violation(s) associated with any incident. The contractor/subcontractor shall cooperate with VA in any civil litigation to recover VA information, obtain monetary or other compensation from a third party for damages arising from any incident, or obtain injunctive relief against any third party arising from, or related to, the incident.

7. LIQUIDATED DAMAGES FOR DATA BREACH

a. Consistent with the requirements of 38 U.S.C. 5725, a contract may require access to sensitive personal information. If so, the contractor is liable to VA for liquidated damages in the event of a data breach or privacy incident involving any SPI the contractor/subcontractor processes or maintains under this contract.

b. The contractor/subcontractor shall provide notice to VA of a "security incident" as set forth in the Security Incident Investigation section above. Upon such notification, VA must secure from a non-Department entity or the VA Office of Inspector General an independent risk analysis of the data breach to determine the level of risk associated with the data breach for the potential misuse of any sensitive personal information involved in the data breach. The term 'data breach' means the loss, theft, or other unauthorized access, or any access other than that incidental to the scope of employment, to data containing sensitive personal information, in electronic or printed form, that results in the potential compromise of the confidentiality or integrity of the data. Contractor shall fully cooperate with the entity performing the risk analysis. Failure to cooperate may be deemed a material breach and grounds for contract termination.

c. Each risk analysis shall address all relevant information concerning the data breach, including the following:

- (1) Nature of the event (loss, theft, unauthorized access);
- (2) Description of the event, including:

- (a) date of occurrence;
- (b) data elements involved, including any PII, such as full name, social security number, date of birth, home address, account number, disability code;
- (3) Number of individuals affected or potentially affected;
- (4) Names of individuals or groups affected or potentially affected;
- (5) Ease of logical data access to the lost, stolen or improperly accessed data in light of the degree of protection for the data, e.g., unencrypted, plain text;
- (6) Amount of time the data has been out of VA control;
- (7) The likelihood that the sensitive personal information will or has been compromised (made accessible to and usable by unauthorized persons);
- (8) Known misuses of data containing sensitive personal information, if any;
- (9) Assessment of the potential harm to the affected individuals;
- (10) Data breach analysis as outlined in 6500.2 Handbook, Management of Security and Privacy Incidents, as appropriate; and
- (11) Whether credit protection services may assist record subjects in avoiding or mitigating the results of identity theft based on the sensitive personal information that may have been compromised.

d. Based on the determinations of the independent risk analysis, the contractor shall be responsible for paying to the VA liquidated damages in the amount of per affected individual to cover the cost of providing credit protection services to affected individuals consisting of the following:

- (1) Notification;
- (2) One year of credit monitoring services consisting of automatic daily monitoring of at least 3 relevant credit bureau reports;
- (3) Data breach analysis;
- (4) Fraud resolution services, including writing dispute letters, initiating fraud alerts and credit freezes, to assist affected individuals to bring matters to resolution;
- (5) One year of identity theft insurance with \$20,000.00 coverage at \$0 deductible; and
- (6) Necessary legal expenses the subjects may incur to repair falsified or damaged credit records, histories, or financial affairs.

8. SECURITY CONTROLS COMPLIANCE TESTING

On a periodic basis, VA, including the Office of Inspector General, reserves the right to evaluate any or all of the security controls and privacy practices implemented by the contractor under the clauses contained within the contract. With 10 working-day's notice, at the request of the government, the contractor must fully cooperate and assist in a government-sponsored security controls assessment at each location wherein VA information is processed or stored, or information systems are developed, operated, maintained, or used on behalf of VA, including those initiated by the Office of Inspector General. The government may conduct a security control assessment on shorter notice (to include unannounced assessments) as determined by VA in the event of a security incident or at any other time.

9. TRAINING

a. All contractor employees and subcontractor employees requiring access to VA information and VA information systems shall complete the following before being granted access to VA information and its systems:

- (1) Sign and acknowledge (either manually or electronically) understanding of and responsibilities for compliance with the Contractor Rules of Behavior, Appendix E relating to access to VA information and information systems;
- (2) Successfully complete the VA Cyber Security Awareness and Rules of Behavior training and annually complete required security training;

(3) Successfully complete the appropriate VA privacy training and annually complete required privacy training; and

(4) Successfully complete any additional cyber security or privacy training, as required for VA personnel with equivalent information system access [to be defined by the VA program official and provided to the contracting officer for inclusion in the solicitation document - e.g., any role-based information security training required in accordance with NIST Special Publication 800-16, Information Technology Security Training Requirements.]

b. The contractor shall provide to the contracting officer and/or the COR a copy of the training certificates and certification of signing the Contractor Rules of Behavior for each applicable employee within 1 week of the initiation of the contract and annually thereafter, as required.

c. Failure to complete the mandatory annual training and sign the Rules of Behavior annually, within the timeframe required, is grounds for suspension or termination of all physical or electronic access privileges and removal from work on the contract until such time as the training and documents are complete.

However, a late modification of an otherwise successful offer that makes its terms more favorable to the Government will be considered at any time it is received and may be accepted.
- (3) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(4) Offerors may withdraw their offers by written notice to the Government received at any time before award.

(d) *Contract award (not applicable to Invitation for Bids).* The Government intends to evaluate offers and award a contract without discussions with Offerors. Therefore, the Offeror's initial offer should contain the Offeror's best terms. However, the Government reserves the right to conduct discussions, if necessary. The Government may reject any or all offers if such action is in the public interest, accept other than the lowest offer, and waive informalities and minor irregularities in offers received.

(e) *Debriefings.* If a postaward debriefing is given to requesting Offerors, the Government will disclose the following information, if applicable:

- (1) The agency's evaluation of the significant weak or deficient factors in the debriefed Offeror's offer.

VOLUME I – TECHNICAL CAPABILITY

Under no circumstances shall any pricing be included in the Technical Approach or Performance Risk. Schedule holders shall at a minimum demonstrate the following in their Technical Approach:

Volume 1.A – Technical Capability

The Government will evaluate the quote for technical acceptability. The quote will be evaluated to determine if the proposed approach meets all criteria specified in the Performance Work Statement, and other terms and conditions set forth in this RFQ. The award may be made to other than the lowest price, if the merits of the quote warrant a price premium.

VOLUME II – PAST PERFORMANCE

The quoter shall complete Attachment A: Past Performance References in its entirety, listing a **maximum** total of three contracts/orders for work performed in the past three years or currently being performed similar to this requirement. The Government will make the determination of relevance (based on size, scope, and complexity of requirement).

Contracts/orders listed may include those entered into with the Federal Government, agencies of state and local governments and commercial concerns. Quoters may also submit past performance information regarding predecessor companies or subcontractors that will perform major or critical aspects of the requirement when such information is relevant to the acquisition. Data concerning the prime contractor shall be provided first, followed by each proposed major subcontractor, in alphabetical order. Quoters shall indicate on Attachment A if there are Contractor Performance Assessment Reporting System (CPARS) report available for each reference. In the event an assessment was not completed in CPARS for the contract/order, quoters may request the reference point of contact (POC) to complete and submit a Past Performance Questionnaire (PPQ) (See Attachment B of this solicitation). The quoter shall instruct the POC at the referenced entity to return a copy of the completed PPQ directly to the Contracting Officer at Justin.Cole4@va.gov and Contract Specialist Christina.Brown13@va.gov NO LATER THAN THE CLOSING DATE OF THE SOLICITATION (inclusive of any closing date extensions granted via amendment). **PPQs will only be evaluated for those contracts/orders that do not have a CPARS report available.**

The Government is not required to contact references provided by the quoter. Also, references other than those identified by the quoter may be contacted by the Government to obtain additional information that will be used in the evaluation of the quoter's past performance. The Government may consider past performance information obtained through other sources which is reasonably available and determined to be relevant. Past performance information obtained will be used for both the responsibility determination and best value decision.

Quoters shall indicate on Attachment A if they have no record of relevant or recent past performance.

VOLUME III – PRICE

The Vendor shall complete the Price Schedule found at Section B.3 Price/Cost Schedule of the RFQ. In addition, Vendors shall provide fixed hourly rates, that are rounded to two decimal places, for each proposed labor category in Attachment F - MIX OF LABOR AND LEVEL OF EFFORT. assumptions upon which the quote is predicated shall be included in the Price volume. Quoter shall comply with SCA requirements for labor categories and rates.

Options. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement, which includes rates applied to FAR clause 52.217-8 Option to Extend Services. As stated in the clause, if exercised, the continued performance of any services must be within the limits and at the rates specified in the contract, with the total extension of performance not to exceed 6 months; the evaluation of all rates within specified optional period thereby constitutes the evaluation of rates for this extension of services option. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(End of Clause)

52.212-2 EVALUATION—COMMERCIAL ITEMS (NOV 2021)

1. BASIS FOR AWARD

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:

- Technical
- Past Performance; and
- Price

The non-price factors (Technical Capability and Past Performance) are listed in descending order of importance and, when combined, are significantly more important than Price. The Contracting Officer will use a best value, trade-off capability to select the final awardee. It should be noted that award may be made to other than the lowest priced quoter, if the Government determines that a price premium is warranted due to merits of the non-price factor.

Contents of the written proposals will be evaluated to determine the degree and extent to which the requirements set forth in the RFQ are satisfied. A quote that is determined to be incomplete or fails to fully meet any material requirement may render a quote unacceptable, thus ineligible for award.

The Government reserves the right to award with or without exchanges based upon the initial evaluation of quotes. As such, quoters are encouraged to submit their best quote upon initial submission.

2. TECHNICAL CAPABILITY EVALUATION

The Government will evaluate Technical Capability as follows:

The technical approach will be evaluated to determine whether the contractor's methods and approach to meeting the contract requirements provide the Government with a high level of confidence of successful completion of the deliverables schedule of the Performance Work

Statement (PWS). The Government will assess the degree of risk associated with the proposed plans and the likelihood of success of the proposed plans.

Understanding of the Work - The quote will be evaluated to determine the extent to which it demonstrates a clear understanding of all features involved in solving the problems and meeting the requirements presented in the contract, and the extent to which uncertainties are identified and resolutions proposed. A quote which merely restates the requirement or states that the requirement will be met, without providing supporting rationale, is not sufficient.

Feasibility - The quote will be evaluated to determine whether the quoter's methods and approach to meeting the contract requirements provide the Government with a high level of confidence of successful completion within the required schedule. The quote will be evaluated to determine the extent to which the proposed approach is workable and the end results achievable. The quote will be evaluated to determine the level of confidence provided the Government with respect to the Quoter's methods and approach in successfully meeting and/or exceeding the requirements in a timely manner.

Completeness - The quote will be evaluated to determine whether the quoter's methods and approach have adequately and completely considered, defined, and satisfied the requirements specified in the solicitation. The quote will be evaluated to determine the extent to which each requirement has been addressed.

Risk relative to the proposed technical approach is evaluated as part of the Technical Capability evaluation to ascertain the likelihood of success of the proposed approach.

If Technical is MARGINAL or UNSATISFACTORY then no other volumes will be evaluated.

3. PAST PERFORMANCE EVALUATION

Past performance will be evaluated to determine whether each reference is relevant (based on size, scope, and complexity to this requirement), recent (within the past three years), and reflects performance which is satisfactory or better. The contractor will be evaluated to determine the extent to which their performance demonstrates the likelihood of successful performance in providing requirements similar in size, scope, and complexity to this solicitation.

No relevant or recent past performance, as indicated on Attachment A or based on the determination of relevance by the Government, will be considered neutral.

4. PRICE EVALUATION

Price quotes will be evaluated for (1) completeness, (2) reasonableness, (3) unbalanced pricing, and (4) Total Evaluated Price. Quoters whose price is determined to be incomplete, unreasonable, or unbalanced will not be considered for award. Additionally, an offer may be rejected if the contracting office determines unbalance pricing poses an unacceptable risk to the Government.

4.1 Completeness. The Government will review the pricing submissions for completeness and compliance with Factor 3 Pricing instructions of the solicitation.

4.2 Reasonableness: The offeror's Price quote will be evaluated, using any appropriate FAR price analysis technique(s), in order to determine if it is reasonable. For a price to be reasonable, it must represent a price to the Government that a prudent person would pay in the conduct of competitive business.

4.3 Unbalanced Pricing: The Government will analyze each proposal to determine whether they are unbalanced with respect to separately priced line items.

4.4 Total Evaluated Price (TEP): The TEP is the sum of the CLINs plus all options, which also includes Option to extend Services.

(h) *Certification Regarding Responsibility Matters* (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals—

(1) ☐ Are, ☐ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) ☐ Have, ☐ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or Commission of embezzlement, theft, forgery, bribery, falsification or

destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) ☐ Are, ☐ are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) ☐ Have, ☐ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds the threshold at 9.104–5(a)(2) for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).

(ii) The Contracting Officer may not make an award to the offeror if the offeror fails to execute the certification in paragraph (k)(1) or (k)(2) of this clause or to contact the Contracting Officer as required in paragraph (k)(3)(i) of this clause.

(b) *Options (if applicable)*. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. The evaluation of options does not obligate the Government to exercise the option(s).

(c) *Notice of award*.
