a. Orders Valued Above the Simplified Acquisition Threshold:

DLA Troop Support will oversee the competition and delivery order award process for orders exceeding the simplified acquisition threshold. DLA Troop Support will issue a Request for Quotation (RFQ) to the ECAT vendors as part of the fulfillment process for any ECAT order valued above the simplified acquisition threshold. A Limited-Sources Justification (LSJ) will be created whenever competition is limited. When an LSJ is created for an order, an RFQ will only be emailed to one vendor or a subset of vendors; for example, the RFQ may only be emailed to the vendor(s) offering the same brand name or part-numbered item required by the customer. The RFQ will describe the requirement(s) and provide the basis on which quotes will be evaluated. Quotes will generally be required within 24 hours. There may be delivery order competition with the previous generation of Medical Equipment Contracts, awarded based on Solicitation SPE2DH-16-R -0002. In the future, it is also possible that delivery order competition will take place with the subsequent generation(s) of Medical Equipment Contracts.

(9) Page 81, Catalog Submission Requirements, 2. Pricing, is hereby deleted and replaced with the following:

2. PRICING: The offered schedules of supplies, list prices, offered discounts from list prices, and the resulting net prices are for the Initial Contract Year of an awarded contract.

Ø Tiered pricing discounts based on order quantity of individual products or product categories are requested.

Ø ECAT prices shall be as low as or lower than prices offered to the offeror's most similar customer (MSC). The Government may also consider the offeror's most favored customer (MFC) in its pricing evaluation:

- **Most Similar Customer:** ECAT prices shall be as low or lower than prices offered to the offeror's most similar customer (MSC). An MSC is a customer(s) under the same or similar conditions, i.e., customers of equal size with no guaranteed commitment level, with products comparable to those solicited by the Medical Equipment ECAT program. The Government will evaluate the customer/category and discount structure of the identified MSC(s) to that offered under the ECAT program. The offeror warrants that the prices offered are the lowest prices sold for similar goods under similar volumes and conditions.
- **Most Favored Customer:** The Government may request other than certified cost and pricing data for the offeror's Most Favored Customer (MFC). The MFC categorization is evaluated as pricing between vendor and customer that gives that customer the best price the vendor offers. The Government understands the terms of this sale may be different than that required under the Medical Equipment ECAT program.

Pricing Support for Price Reasonableness Determinations: For the initial contract award, for any upward EPA adjustments, and for any contract additions or changes, the vendor shall provide other than certified cost or pricing data to support the price reasonableness of the offered items.

- (1.) **Commercial Catalog:** The contractor will be required to submit invoices and/or other documentation to substantiate commercial catalog prices and discounts for offered items. This data will confirm that prices under this contract are equal to or lower than prices given to commercial customers within similar purchasing environments. A similar purchasing environment are customers of equivalent size with no guaranteed commitment level, with products comparable to those solicited by the Medical Equipment ECAT program.
- (2.) **Federal Supply Schedule (FSS):** If the proposed Medical Equipment ECAT items are on the contractor's current or proposed FSS, including those under the General Service Administration (GSA) or Veterans Administration (VA); the contractor will be required to furnish a copy of their catalog pricing and discounts for the offered items. This data will also substantiate that prices under this contract are equal to or lower than those given or proposed under FSS.

- (3.) Vendors shall complete and provide EcatItemPriceImportTemplate as part of their initial proposal and provide updates throughout the life of any resultant contract.
- (4.) Vendors should anticipate providing one of the following types of price support information in accordance with the following order of precedence for each item. At the Contracting Officers discretion, a random sample may be used to limit the number of items for which a vendor has to provide price support information, both for items in initial offers and for product additions after contract award. The vendor will be provided direction on which items require price support information prior to the initial contract award or when vendors submit product addition requests after the contract award. The following price support information order of precedence shall apply unless directed otherwise by the Contracting Officer. A recent commercial invoice no older than 12 months should be provided for all items requested by the Government. In the event that the item is completely new for the vendor and has not yet been sold by it, the Government may remove the item from consideration until a commercial sale is completed. The Government reserves the right to require different or additional other than certified cost or pricing data or to use other price or cost analytical support procedures to ensure that all prices are fair and reasonable. Failure to provide adequate supporting information for the Contracting Officer to determine pricing as fair and reasonable may result in the rejection of an offer.

The Contracting Officer has the discretion to request and rely on additional or alternative information to determine if an offered price is fair and reasonable.

Offerors with no or minimal commercial sales may be required to provide additional other than certified cost or pricing data. Additional other than certified cost or pricing data offerors with no or minimal commercial sales should anticipate providing includes, but is not limited to, the following: Original Equipment Manufacturer (OEM) Commercial Price lists, OEM Invoices, Distributor Agreements with OEMs, OEM terms of sale to distributors, end users, and/or the public, and documentation revealing and explaining Distributor Mark-up, including value-added services provided by the offeror.

- (a)** The Government intends to award a contract to any responsible offeror who can comply with all solicitation requirements, including all technical requirements, and whose offered pricing can be determined fair and reasonable. Proposals that are found to be missing the required information may be rejected without further evaluation.
- (b) Fair and Reasonable Price:** All offered pricing must be determined to be fair and reasonable in order for an offeror to be considered for award. Vendors will submit other than certified cost or pricing data that will be evaluated to ensure that offered pricing can be determined fair and reasonable by the contracting officer.
- (c) Award:** A written notice of award or acceptance of an offer, emailed, or otherwise furnished to the successful Offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt unless a written notice of withdrawal is received before the award.
- (d) Orders valued over the Simplified Acquisition Threshold (SAT)** -DLA Troop Support will oversee the competition and award process for orders exceeding the simplified acquisition threshold. SECTION C - SPECIFICATIONS/SOW/SOO/ORD (CONTINUED)

(2) ☐ Have, ☐ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) ☐ Are, ☐ are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) ☐ Have, ☐ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds the threshold at [9.104-5\(a\)\(2\)](#) for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.* (A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) *Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126).* [The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at [22.1503\(b\)](#).]

(iv) The compensation (wage and fringe benefits) plan for all service employees performing work under the contract is the same as that used for these employees and equivalent employees servicing commercial customers.

(3) Commercial Invoices. Commercial invoices no older than 12 months, this should be provided for all items requested by the Government. In event that the item is completely new for the vendor and has not yet been sold by it, the Government may remove the items from consideration until a commercial sale is completed.

(4) Offerors with no or minimal commercial sales may be required to provide additional other than certified cost or pricing data. Additional other than certified cost or pricing data offerors with no or minimal commercial sales should anticipate providing includes, but is not limited to, the following: Original Equipment Manufacturer (OEM) Commercial Price lists, OEM Invoices, Distributor Agreements with OEMs, OEM terms of sale to distributors, end users, and/or the public, and documentation revealing and explaining Distributor Mark-up, including value-added services provided by the offeror.

(5) The Government reserves the right to require different or additional other than certified cost or pricing data or to use other price or cost support analytical procedures to ensure that all prices are fair and reasonable. The Contracting Officer has the discretion to request and rely on additional or alternative information to determine if an offered price is fair and reasonable.

(c) Delay in furnishing other than certified cost or pricing data that is adequate for evaluating the reasonableness of the offered prices, may delay any potential award to that offeror. As a consequence, since the Government intends to make multiple contract awards, delivery orders that might otherwise have been placed with that offeror may be placed with awardees that furnished the required information on a timely basis. Failure to furnish other than certified cost and pricing data that is adequate for evaluating the reasonableness of the offered prices may result in a determination that there is insufficient information to determine the offered prices to be fair and reasonable. If ultimately there is insufficient information to determine the offered prices to be fair and reasonable, the Contracting Officer has no choice but to determine the offered prices to be unreasonable. Unreasonable offered prices may be rejected for award.
