1503060 - Pavement Clearance				
Spec Item	Title	Performance Objective	Related Information	Performance Standard
3	Recurring Work	Contractor shall provide pavement clearance to achieve a cleared appearance and safe use of paved surfaces.	Service Level Standards are defined by Commander, Navy Installations Command (CNIC) for Navy Shore Commands. Service Level Standards for pavement clearance are specified as shown in J-1503050-02.	Paved surfaces are clear, safe, and passable in accordance with the specified Service Level Standards.
3.1	Pavement Sweeping Services	The Contractor shall sweep paved surfaces to ensure paved surfaces are clear.	The Contractor shall provide pavement sweeping to remove abrasives and other debris, improve the appearance of paved areas, improve the safety of paved areas, reduce maintenance costs by keeping the drainage systems clean and, reduce pollutants entering the storm drain system. The Contractor shall develop and submit a pavement sweeping services plan per Section F. The Government will make available a pavement clearance equipment staging area located in the parking lot on the south side of Building 54 for the Contractor's use as required. The Contractor shall sweep roads and other paved surfaces per the schedule and frequency specified in the pavement sweeping schedule provided in J-1503060-03.	Paved surfaces are swept per the schedule and in accordance with specified Service Level Standards.
3.1.1	Roads and Other Paved Surfaces	The Contractor shall sweep roads and other paved surfaces to ensure they are clear.	The Contractor shall sweep roads and other paved surfaces per the schedule and frequency specified in the pavement sweeping schedule provided in J-1503060-04. If the severity of weather makes it impracticable to sweep during the scheduled times, the Contractor shall coordinate with the KO to reschedule services.	Roads and other paved surfaces are clear in accordance with specified Service Level Standards.
