	TEMP MODULAR OFFICE This amendment is issued to provide for RFI response: Q: The maintenance yard that this modular building is to be located shows a gravel surface. Unless ADA requirements changed this month, that would not be an acceptable surface for a ramp. Asphalt or concrete, or a solid, smooth surface is needed. Is a ramp needed as I'm not seeing anything that indicates a handicap parking area is needed for the ramp to terminate? A: ADA and ABA require level and slip-resistant landings that are free of obstructions. Compacted gravel meets this requirement. Provide accessible ramps per the scope of work. Period of Performance: 10/01/2026 to 09/30/2029
