

## **BASIS OF AWARD/ADDENDUM:**

1. This Solicitation, W51AA1-27-Q-A006, is in accordance with (IAW) FAR Part 12, Acquisition of Commercial Items.
2. The Army Contracting Command (ACC), Aberdeen Proving Ground (APG), Tobyhanna Division, Tobyhanna, PA 18466, intends to solicit and award a firm-fixed-price (FFP) brand name only purchase order for one (1) custom-engineered, chemically resistant drop-in/bonded tank liner engineered specifically for the dimensions, structural welds, and chemical tolerances of Paint Strip Tank PS-10. In addition, the tank must be fabricated from 3/16" thick 304SS plate, Dimensions: 143.625" x 50.625" x 72.375" deep (ODs), The rim of the liner must be 3.25". Delivery can be no later than 12-14 weeks after contract award.

Reason for brand name to PKG Equipment is because PKG Equipment is the original manufacturer of Paint Strip Tank PS-10 and possesses the proprietary fabrication drawings, engineering tolerances, heating element clearances, tank ancillary clearances, and material compatibility data. The U.S. Government does not own the technical data package (TDP) or manufacturing-level drawings required to compete the fabrication of this liner.

3. To receive an award, the company must have an active registration in the System for Award Management (SAM) <https://www.SAM.gov> with no active exclusions and have no debt subject to offset. Prospective offerors must be found to be responsible in accordance with FAR 9.1.

4. Parties interested in responding to this Request for Quote (RFQ) shall send the following that will deem a complete package:

Complete a standard form (SF) 1449 <http://www.forms.gov>, blocks 5, 12, 17a, 17b, 19 thru 24, 30a, and 30b; and 30c. The offer must be signed by a company official authorized to contractually bind the company and include a valid delivery date.

Include quote showing exactly what the offered product is and specifications.

Without the above items, the submission of the offer will be considered incomplete.

## **5. BASIS FOR AWARD & EVALUATION CRITERIA:**

Award evaluation and basis for award will be performed in accordance with FAR 52.212-2,

Evaluation- Commercial Items, located in the clause section of the solicitation. Award will be based on price, delivery and conformance to the requirements proving that every single specification and detail can be met.

Offerors are cautioned that any award may not necessarily be made to the lowest offered price.

Offers shall be submitted and award made by the Government on an all or none basis. Therefore, proposals are solicited on that basis only.

6. TYPE OF CONTRACT: Any resultant award will be Firm-Fixed Price (FFP).

6. QUESTIONS AND ANSWERS: Any questions must be submitted to contracting specialist [kaila.e.black.civ@army.mil](mailto:kaila.e.black.civ@army.mil) no later than 10/21/2026. Questions received after that date may not be answered.

7. OFFER SUBMISSION: Offer, along with all Offer Requirements noted below, must be emailed to [kaila.e.black.civ@army.mil](mailto:kaila.e.black.civ@army.mil) by the closing date/time specified in the solicitation, in order to be accepted.

- A. Specifications and Dimensions of item being proposed
- B. Proof offered product is manufactured by PKG
- C. Signed SF1449 to include delivery date
- D. All Signed Amendments if applicable

8. Offerors shall prepare and submit their proposals and supporting documentation referencing Solicitation "W51AA1-27-Q-A006" via email to: [kaila.e.black.civ@army.mil](mailto:kaila.e.black.civ@army.mil), IAW the submission requirements listed. As stated therein, failure to follow the instructions may render the offer nonresponsive. The Government is not responsible for any offer that was not received in the contract specialist's email Inbox identified above by the time and date specified for receipt of offers, to include any type of firewall delays. Offerors are advised to transmit their complete offer in enough time to ensure it is received in the contract specialist's email Inbox identified above by the time and date specified for receipt of proposals. Proposals or parts of proposals received after the time and date specified for receipt of proposals will be considered Late.

9. Offerors shall not submit any assumptions, terms, conditions, caveats, or exceptions with proposals. All concerns shall be addressed and resolved by submitting questions by the date specified in this RFQ. No assumptions, terms, conditions, caveats, or exceptions submitted with proposals in response to RFQs will be accepted or incorporated into the awarded contract.

10. Any amendments issued to this solicitation will be synopsisized in the same manner as this solicitation. All offerors are advised to acknowledge all amendments issued to the solicitation with their offer by signing and including one copy of the amendment with their offer.

11. The Government is not responsible for any costs incurred for contractor's time or materials expended in preparing a offer for this solicitation. The minimum acceptable acceptance period for offers is ninety (90) days from the date specified in Block 8, on Page 1 of the SF1449.
