

Addendum to 52.212-2

Addendum to FAR 52.212-2 Evaluation – Commercial Products and Commercial Services

This acquisition is conducted in accordance with Federal Acquisition Regulation (FAR) Part 12 (Acquisition of Commercial Products and Commercial Services). As authorized by FAR 12.302(d) and FAR 12.602, the provision at FAR 52.212-2 is tailored by this Addendum. For the purposes of this solicitation, this requirement is issued as a Request for Quotes (RFQ); the terms "Offer" and "Offeror" are synonymous with "Quote" and "Quoter."

- (a) Price: The Government will evaluate the price of all technically acceptable quotes. The price evaluation will determine if the proposed prices are fair and reasonable for commercial services. The total evaluated price will be the sum of all priced line items.

The total evaluated price will be the sum of all priced line items:

- a. All line items are priced IAW the solicitation.
 - b. Prices are determined to be reasonable and balanced
- (a) Technical: The Government will evaluate each quoter's technical submission to determine if the proposed commercial services meet the minimum requirements outlined in the solicitation. The quote must demonstrate a clear understanding of the requirements and provide sufficient detail for the Government to determine technical compliance. The Government will assign a rating of either "Acceptable" or "Unacceptable."
 - a. Acceptable:
 - i. Operational Compliance & Attestation: The quoter provides a written statement confirming full compliance with all terms, operational timelines, and performance requirements of the PWS without taking exception.
 - ii. Facility Suitability: The quoter identifies the specific physical commercial venue name and physical address located within a 40-mile road radius of Concord, NH, and confirms capability to accommodate all room configurations, capacities (120 adults and 10 children general session, two 20-person breakouts, counseling room, 2 childcare rooms), AV, Wi-Fi, and 100 parking stalls IAW PWS Section 5.1.
 - iii. Licensing & Post-Award Deliverable Commitment: The quote includes an explicit, signed attestation acknowledging that the contractor and any proposed subcontractors meet the special qualifications in PWS Section 1.4.7 and will provide all mandatory documentation strictly in accordance with Technical Exhibit 2 (Deliverables Schedule)
 - b. Unacceptable:
 - i. The quote takes exception to any requirement in the PWS, fails to meet operational timelines, or provides insufficient detail for the Government to determine technical compliance.
 - ii. The proposed facility is located outside the 40-mile road radius of Concord, NH, or lacks the necessary space, rooms, AV/Wi-Fi infrastructure, or parking capacity required by PWS Section 5.1.
 - iii. The quoter fails or refuses to provide the required written attestation agreeing to furnish mandatory state licenses, background checks, CPR
