

DEPARTMENT OF THE NAVY

DLA Aviation

700 ROBBINS AVENUE PHILADELPHIA PA 19111-5098

Justification for Other Than Full & Open Competition

1. Contracting Activity

Contracting Activity	DLA Aviation - Philadelphia	Type	A1				
Folder #	25066-0116	PD #	N0038325X1342 PGYY5440726002				
Item Manager	Gillespie, Patrick	Work Function	Planner	Phone		Code	N9815
Technician	Willmot, Jason	Work Function	Equipment Specialist	Phone		Code	N9815.57
Buyer	Everett, Samuel	Work Function	Contract Specialist	Phone		Code	APAA.28

2. Description of the Action Being Approved

Description Negotiation and award of a contract through other than full and open competition.

3. Description of Supplies/Services

This J&A covers the acquisition of the following

☒ Spares ☐ Repair/Overhaul ☐ Modification ☐ Management ☐ Piece Parts ☐ Data Report

Nomenclature	RADAR ANTENNA	Quantity	6		
NSN	5985-01-629-5370	Cage Code			
P/N	4987532-3	Unit Price			
Option	N/A	Option %	N/A	Days	N/A

Estimated Value

Ship To

Period of Performance: Expected Final Delivery Date

03/27/2026

4. Statutory Authority Permitting Other Than Full & Open Competition

This J&A is based upon the authority of 10 USC 3204(A) (1), only one or a limited number of responsible sources will satisfy agency requirements.

5. Rationale Justifying Use of Cited Authority

A/RMC 3

Acquire, for the second or subsequent time, directly from the actual manufacturer.

A/RMSC C

This part requires engineering source approval by the design control activity in order to maintain the quality of the part. Existing unique design capability, engineering skills, and manufacturing/repair knowledge by the qualified source(s) require acquisition/repair of the part from the approved source(s). The approved source(s) retain data rights, manufacturing/repair knowledge, or technical data that are not economically available to the Government, and the data or knowledge is essential to maintaining the quality of the part. An alternate source must qualify in accordance with the design control activity's procedures, as approved by the cognizant Government engineering activity. The qualification procedures must be approved by the Government engineering activity having jurisdiction over the part in the intended application. If one source is approved, A/RMCs 3, 4, or 5 are valid. If at least two sources are approved or if data is adequate for an alternate source to qualify in accordance with the design control activity's procedures, A/RMCs 1 or 2 are valid.

This acquisition will be solicited to

RAYTHEON COMPANY (96214) Per JDRS, this item has been deemed a Critical Application Item (CAI), thus limiting qualified sources. The acquisition of the item listed above will be solicited to RAYTHEON COMPANY (96214) because they are currently the only capable source with the technical data required to manufacture, test and certify this item prior to unit delivery and is the sole approved manufacturing source identified in JDRS. All alternate sources must qualify IAW the DCA's procedures, as approved by NAVAIR/NAVSUP WSS Source Development Department prior to contract award. Since the Navy does not possess sufficient rights to information such as drawings, specifications, and/or test equipment/procedures, a full and open competitive solicitation cannot be supported. NAVSUP-WSS must procure the item from RAYTHEON COMPANY (96214).

6. Description of Efforts Made To Solicit Offers From as Many Offerors as Practicable

15 MAR 2019 Class Waiver of the Requirement to Post a Request for Information or Sources Sought Notice applies to this requirement

The proposed contract action was synopsized on the government-wide point of entry on

04/29/2025

and as a result

No other sources have expressed an interest in this acquisition.

Market research was conducted in accordance with far part 10. The results of the market research conducted (or the reason(s) market research was not conducted) are as follows

The latest configuration has been checked and all records (ITIMP, JDRS/ASE, etc.) have been properly aligned, identified, and documented. This item has been deemed a Critical Application Item, thus limiting qualified sources. Per JDRS/ASE, RAYTHEON COMPANY (96214) is the only approved source at this time. The data necessary to solicit this item from sources other than RAYTHEON COMPANY (96214) is not physically available and is uneconomical to obtain. The available technical data is insufficient for the development of new sources. Source Development Department files indicate no Source Approval Request (SAR) has been received from any party interested in becoming an approved source. Raytheon (96214) is the only approved source at this time.

Source Validation Review

7. Determination of Fair And Reasonable Cost

The contracting officer determines that the anticipated cost to the Government of the supplies covered by this J&A will be fair and reasonable.

8. Actions to Remove Barriers to Future Competition

To promote competition, NAVSUP WSS will continue to encourage vendors with the expertise to manufacture/repair the subject item to submit a complete technical data package for review and source approval by the appropriate engineering source approval authority per the (WSS) guidelines. Also, future requirements will be advertised on the government-wide point of entry.

Previous J&A selected="selected" No Previous J&A - See reasoning below

9. Any Other Facts Supporting Other Than Full & Open Competition

N/A
