

STATEMENT OF WORK

1. Objective/Requirements

The NASA Langley Research Center (LaRC) requires the purchase of FMS: 10" Touch Panel – HaaS, FMS:Employee Elite Resource License and FMS: FedRAMP Authorization to maintain and transition its existing conference room and workspace management capability from the current on-premises environment to the FM:Systems cloud/SaaS solution. FM:Systems has been successfully deployed at LaRC since 2019 and currently supports scheduling and utilization management for 24 conference rooms within the Integrated Engineering Services Building (IESB), which supports approximately 2,200 personnel.
