NAVSUP WSS
5450 Carlisle Pike | PO Box 2020 | Mechanicsburg, PA 17055-0788

Justification for Other Than Full & Open Competition

1. Contracting Activity

Contracting Activity		NAVSUP WSS - Mechanicsburg		Type		A1
Folder #		N0010426RK011		PD #		N0010426NB027
Item Manager	Watts, Amber	Work Function	Logistics Management Specialist	Phone		Code E21AW
Technician	Sosa Garcia, Carlos	Work Function	Equipment Specialist	Phone		Code E25CS
Buyer	Quiero, Taytiana	Work Function	Contract Specialist	Phone		Code N772

2. Description of the Action Being Approved

Description	Negotiation and award of a contract through other than full and open competition.
--------------------	---

3. Description of Supplies/Servies

This J&A covers the acquisition of the following

☒ Spares ☐ Repair/Overhaul ☐ Modification ☐ Management ☐ Piece Parts ☐ Data Report

Nomenclature	SMDC - Various see attachment A	Quantity	Various see attachment A
NSN	Various see attachment A	Cage Code	
P/N	Various see attachment A	Unit Price	Various see attachment A
Option	N	Option %	
		Days	
Estimated Value			
Ship To			

Period of Performance: Expected Final Delivery Date

12/31/2027

Line of Accounting

4. Statutory Authority Permitting Other Than Full & Open Competition

This J&A is based upon the authority of 10 USC 3204(A) (1), only one or a limited number of responsible sources will satisfy agency requirements, as implemented by FAR 6.302-1

5. Rationale Justifying Use of Cited Authority

A/RMC 3

Acquire, for the second or subsequent time, directly from the actual manufacturer.

A/RMSC R

The Government does not own the data or the rights to the data needed to purchase / contract repair of this part from additional sources. It has been determined to be uneconomical to buy the data or rights to the data. It is uneconomical to reverse engineer the part. This code is used when the Government did not initially purchase the data and/or rights. If only one source has the rights or data to manufacture/repair this item, A/RMCs 3, 4, or 5 are valid. If two or more sources have the rights or data to manufacture/repair this item, A/RMCs 1 or 2 are valid.

This acquisition will be solicited to

This acquisition will be solicited to [REDACTED] is the OEM for the part(s) mentioned above and is the only source that possesses the unique expertise and knowledge required for its continued support and maintenance. The Government does not own the necessary data or data rights required to purchase this part from additional sources. [REDACTED] retains exclusive rights to the technical data, manufacturing processes, and design information (e.g., proprietary drawings, software code, manufacturing specifications) for these parts. A comprehensive analysis has determined that it is uneconomical to purchase the required data and/or data rights from [REDACTED]. The cost of acquiring these rights would significantly exceed the cost of the procurement from the approved source. Based on the factors outlined above, it is concluded that [REDACTED] is the only responsible source capable of providing the required part, given the Government's lack of data rights and the uneconomical nature of data acquisition or reverse engineering. An Other Than Full & Open procurement is necessary to maintain operational readiness and avoid unacceptable cost, schedule, and performance risks.

6. Description of Efforts Made To Solicit Offers From as Many Offerors as Practicable

The proposed contract action was synopsisized on the government-wide point of entry on [REDACTED]

and as a result [REDACTED]

Market research was conducted in accordance with far part 10. The results of the market research conducted (or the reason(s) market research was not conducted) are as follows

The latest configuration has been checked and all records have been properly aligned, identified, and documented. The Government does not possess sufficient rights in the technical data to distribute them to potential new suppliers of the item. There are no known distributors. An In-Service Engineer Activity (ISEA) technical review was conducted to identify all additional sources or interested vendors. The result of this of this market research indicates that only the above-name vendor is able to meet the government's requirements.

7. Determination of Fair And Reasonable Cost

The contracting officer determines that the anticipated cost to the Government of the supplies covered by this J&A will be fair and reasonable.

8. Actions to Remove Barriers to Future Competition

To promote competition, NAVSUP WSS will continue to encourage vendors with the expertise to manufacture/repair the subject item to submit a complete technical data package for review and source approval by the appropriate engineering source approval authority per the (WSS) guidelines. Also, future requirements will be advertised on the government-wide point of entry.
