SOLICITATION

NOTE: In sealed bid solicitations "offer" and "offeror" mean "bid and "bidder".

10. THE GOVERNMENT REQUIRES PERFORMANCE OF THE WORK DESCRIBED IN THESE DOCUMENTS (*Title, identifying number, date*)

- A. Folsom Dam Warehouse - Bridge Crane Replacement (Design-Build)
- B. Work Site Location: Work is located approximately 2-miles north of Folsom, California, in Sacramento County.
- C. Estimated Price Range: \$1,000,000.00 to \$5,000,000.00.
- D. Set-aside Information: This acquisition is being conducted under Federal Acquisition Regulation (FAR) Part 15, Contracting By Negotiation, and is set aside exclusively for small business concerns in accordance with FAR Subpart 19.106 (Service-Disabled Veteran-Owned Small Business (SDVOSB) Program. NAICS Code: 237990 and applicable size standard \$45 million.

11. The contractor shall begin performance within <u>7</u> calendar days and complete it within <u>600</u> calendar days after receiving ☐ award, ☒ notice to proceed. This performance period is ☐ mandatory ☒ negotiable. (See <u>Section H and Section L</u>).	
12a. THE CONTRACTOR MUST FURNISH ANY REQUIRED PERFORMANCE AND PAYMENT BONDS? <i>(If "YES", indicate within how many calendar days after award in Item 12b.)</i> ☒ YES ☐ NO	12b. CALENDAR DAYS 7

13. ADDITIONAL SOLICITATION REQUIREMENTS:

- a. Sealed offers in original and 1 copies to perform the work required are due at the place specified in Item 8 by 1700 (hour) local time 08/31/2026 (date). If this is a sealed bid solicitation, offers will be publicly opened at that time. Sealed envelopes containing offers shall be marked to show the offeror's name and address, the solicitation number, and the date and time offers are due.
- b. An offer guarantee ☒ is, ☐ is not required.
- c. All offers are subject to the (1) work requirements, and (2) other provisions and clauses incorporated in the solicitation in full text or by reference.
- d. Offers providing less than 90 calendar days for Government acceptance after the date offers are due will not be considered and will be rejected.

OFFER (Must be fully completed by offeror)

14. NAME AND ADDRESS OF OFFEROR (Include ZIP Code)		15. TELEPHONE NO. (Include area code)	
		16. REMITTANCE ADDRESS (Include only if different than Item 14.)	
CODE	FACILITY CODE		

17. The offeror agrees to perform the work required at the prices specified below in strict accordance with the terms of this solicitation, if this offer is accepted by the Government in writing within _____ calendar days after the date offers are due. (Insert any number equal to or greater than the minimum requirement stated in Item 13d. Failure to insert any number means the offeror accepts the minimum in Item 13d.)

AMOUNTS

18. The offeror agrees to furnish any required performance and payment bonds.

19. ACKNOWLEDGMENT OF AMENDMENTS

(The offeror acknowledges receipt of amendments to the solicitation -- give number and date of each)

Part I – The Schedule

Section B – Price Schedule

B.1. WBR 1452.236-85 Instruction for Mobilization and Preparatory Work Mar 2022 Work Schedule Line Item

The contracting officer estimates that the Section B Mobilization and Preparatory Work schedule line item should not exceed **10** percent of the total bid price. Your attention is directed to contract clause WBR 1452.232-81 Payment for Mobilization and Preparatory Work, which reflects how the Government will pay for this line item, including how payment will be made when the price bid for this schedule line item is higher than the percentage stated herein.

(End of provision)

B.2. Price Schedule

a. Offers will be considered for award on the following Price Schedule, but no offer will be considered for award on only a part of the Price Schedule.

b. Offers are subject to the terms and conditions of this solicitation.

c. See the contract clause at WBR 1452.232-81, Payment for Mobilization and Preparatory Work, for CLIN 20a.

d. Definitions:

1. CLIN – Contract Line Item Number

CLIN	DESCRIPTION	UNIT	UNIT PRICE	TOTAL PRICE
1	Design Services		For the lump sum of	\$_____
2	Construction Services		For the lump sum of	\$_____
3	WBR 1452.232-81, Mobilization and Preparatory Work		For the lump sum of	\$_____
Total				\$_____

END OF SECTION B

Section C – Description/Specifications/Statement of Work

C.1. This requirement is anticipated to be issued as a Firm Fixed Price (FFP), Design-Build Request for Proposals (RFP). The Principle Components of the Work (see Section J for complete Statement of Work):

A. Design, build, furnish and install one 30 ton bridge crane to replace the existing bridge crane in the Folsom Dam Warehouse.

B. Principal Components of work include:

1. Existing crane removal and disposal.
 - a. Asbestos and other hazardous materials are present.
2. New crane design, fabrication, and installation.
3. New crane power supply up to the main power disconnect.
4. Perform a rail survey and optionally repair or replace existing rail system.
5. Perform commissioning tests and load test.
6. Perform operation and maintenance training.
7. Coordination with the Government to accomplish principal components of work.

F.1. FAR 52.211-12 Liquidated Damages—Construction SEP 2000

(a) If the Contractor fails to complete the work within the time specified in the contract, the Contractor will pay liquidated damages to the Government in the amount of \$2,900.00 for each calendar day of delay until the work is completed or accepted.

(b) If the Government terminates the Contractor's right to proceed, liquidated damages will continue to accrue until the work is completed. These liquidated damages are in addition to excess costs of repurchase under the Termination clause.

(End of Clause)

END OF SECTION F

Section G – Contract Administration Data

G.1 This contract is anticipated to be administered by the California Great Basin Regional Office, 2800 Cottage Way, Sacramento, California 95825-1898.

G.2 DIAR 1452.201-70

Authorities and Delegations

SEP 2011

(a) The Contracting Officer is the only individual authorized to enter into or terminate this contract, modify any term or condition of this contract, waive any requirement of this contract, or accept nonconforming work.

(b) The Contracting Officer will designate a Contracting Officer's Representative (COR) at time of award. The COR will be responsible for technical monitoring of the contractor's performance and deliveries. The COR will be appointed in writing, and a copy of the appointment will be furnished to the Contractor. Changes to this delegation will be made by written changes to the existing appointment or by issuance of a new appointment.

(c) The COR is not authorized to perform, formally or informally, any of the following actions:

(1) Promise, award, agree to award, or execute any contract, contract modification, or notice of intent that changes or may change this contract;

(2) Waive or agree to modification of the delivery schedule;

(3) Make any final decision on any contract matter subject to the Disputes Clause;

(4) Terminate, for any reason, the Contractor's right to proceed;

(5) Obligate in any way, the payment of money by the Government.

(d) The Contractor shall comply with the written or oral direction of the Contracting Officer or authorized representative(s) acting within the scope and authority of the appointment memorandum. The Contractor need not proceed with direction that it considers to have been issued without proper authority. The Contractor shall notify the Contracting Officer in writing, with as much detail as possible, when the COR has taken an action or has issued direction (written or oral) that the Contractor considers to exceed the COR's appointment, within 3 days of the occurrence. Unless otherwise provided in this contract, the Contractor assumes all costs, risks, liabilities, and consequences of performing any work it is directed to perform that falls within any of the categories defined in paragraph (c) prior to receipt of the Contracting Officer's response issued under paragraph (e) of this clause.

(e) The Contracting Officer shall respond in writing within 30 days to any notice made under paragraph (d) of this clause. A failure of the parties to agree upon the nature of a direction, or upon the contract action to be taken with respect thereto, shall be subject to the provisions of the Disputes clause of this contract.

(f) The Contractor shall provide copies of all correspondence to the Contracting Officer and the COR.

(g) Any action(s) taken by the Contractor, in response to any direction given by any person acting on behalf of the Government or any Government official other than the Contracting Officer or the COR acting within his or her appointment, shall be at the Contractor's risk.

(End of clause)

Note: The COR is anticipated to be appointed at the time of contract award.

**G.3 WBR 1452.201-80 Contracting Officer's Representative's Authorities MAY 2018
and Limitations-Bureau of Reclamation**

a) Performance of the work under this contract shall be subject to the technical direction of the Reclamation Contracting Officer's Representative (COR). The term "technical direction" is defined to include, without limitation:

- (1) Inspecting and accepting or rejecting work performed under the contract.
- (2) Representing the Government in technical phases of the work. The COR is responsible for the technical administration of the contract and will provide instructions and interpretations to the Contractor on all technical matters relating to the contract. The COR will supervise or oversee all Government technical and administrative personnel assigned to assist the COR.
- (3) Reviewing and, where required by the contract, approving submittals of technical data, shop drawings, samples, literature, plans, or other data required to be delivered by the Contractor to the Government.

(b) The Contractor will receive a copy of the written COR designation from the Contracting Officer. It will specify the extent of the COR's authority to act on behalf of the Contracting Officer.

(c) Technical direction must be within the scope of work stated in the contract. Only the Contracting Officer is authorized to determine if a change is within the scope of the contract; therefore, the COR does not have the authority to, and may not, issue any technical direction that -

- (1) Constitutes a direction of additional work outside the Contract requirements;
- (2) Constitutes a change as defined in the contract clause entitled "Changes;"
- (3) In any manner causes an increase or decrease in the total contract cost, or the time required for contract performance;
- (4) Changes any of the expressed terms, conditions or specifications of the contract; or

(5) Interferes with the Contractor's right to perform the terms and conditions of the contract.

(d) All technical direction shall be issued in writing by the COR.

(e) The Contractor must proceed promptly with the performance of technical direction duly issued by the COR in the manner prescribed by this clause and within its authority under the provisions of this clause. If, in the opinion of the Contractor, any instruction or direction by the COR falls within one of the categories defined in (c)(1) through (c)(5) of this clause, the Contractor must not proceed and must notify the Contracting Officer in writing within five (5) working days after receipt of any such instruction or direction and must request the Contracting Officer to modify the contract accordingly. Upon receiving the notification from the Contractor, the Contracting Officer must -

(1) Advise the Contractor in writing after receipt of the Contractor's letter that the technical direction is within the scope of the contract effort and does not constitute a change under the Changes clause of the contract; or

(2) Advise the Contractor that the Government will issue a written change order.

(f) A failure of the Contractor and Contracting Officer either to agree that the technical direction is within the scope of the contract or to agree upon the contract action to be taken with respect to the technical direction will be subject to the provisions of the clause entitled "Disputes."

(End of clause)

G.4. DOI-AAAP 0028 Electronic Invoicing and Payment Requirements – FEB 2021 Invoice Processing Platform (IPP)

Payment requests must be submitted electronically through the U. S. Department of the Treasury's Invoice Processing Platform System (IPP).

"Payment request" means any request for contract financing payment or invoice payment by the Contractor. To constitute a proper invoice, the payment request must comply with the requirements identified in the applicable Prompt Payment clause included in the contract, or the clause 52.212-4 Contract Terms and Conditions - Commercial Items included in commercial item contracts. The IPP website address is: <https://www.ipp.gov>.

Under this contract, the following documents are required to be submitted as an attachment to the IPP invoice:

Concurrent to submitting an invoice in IPP, the contractor shall submit supporting documentation to the contracting officer at sha-mpr-acqconbrinv@usbr.gov. Contractors are cautioned that supporting documentation e-mailed to the contracting officer must not

conflict with the IPP submission. Conflicts between the IPP submission and supporting documentation may result in a delay in approval and/or rejection of submitted invoices.

When e-mailing supporting documentation to the contracting officer, the subject line of the email shall be formatted as follows: Contract Number, Invoice Number, Contracting Officer's last name (e.g., 140R2018R00000_Invoice No. 1_Smith). The invoice shall be attached to the email and named using the following format: Contract Number, Contractor Name, Invoice Number, Invoice Amount (e.g., 140R2022R00000_World Test, Inc. - Inv. No. 1 - \$5,678).

Invoices shall not include information that would compromise Personally Identifiable Information, such as full social security numbers, dates of birth, etc. The final invoice shall be submitted and will be approved in accordance with payment terms and conditions contained in the contract, after all, if any, settlement actions are complete. The contractor must clearly identify the last payment as the 'Final Invoice'.

Support documents must include, but are not limited to, the following documents:

**Construction Invoice
Monthly Certificate of Labor Conformance
Subcontractor / Supplier Payment Summary**

The Contractor must use the IPP website to register access and use IPP for submitting requests for payment. The Contractor Government Business Point of Contact (as listed in SAM) will receive enrollment instructions via email from the Federal Reserve Bank of St. Louis (FRBSTL) within 3 - 5 business days of the contract award date. Contractor assistance with enrollment can be obtained by contacting the IPP Production Helpdesk via email IPPCustomerSupport@fiscal.treasury.gov or phone (866) 973-3131.

If the Contractor is unable to comply with the requirement to use IPP for submitting invoices for payment, the Contractor must submit a waiver request in writing to the Contracting Officer with its proposal or quotation.

(End of Local Clause)

**G.5. DOI-AAAP 0050 Notice to Contractors Contractor Performance DEC 2015
Assessment Reporting System**

FAR 42.1502 directs all Federal agencies to collect past performance information on contracts. The Department of the Interior (DOI) has implemented the Contractor Performance Assessment Reporting System (CPARS) to comply with this regulation. One or more past performance evaluations will be conducted in order to record your contract performance as required by FAR 42.15.

The past performance evaluation process is a totally paperless process using CPARS. CPARS is a web-based system that allows for electronic processing of the performance evaluation report.

Once the report is processed, it is available in the Past Performance Information Retrieval System (PPIRS) for Government use in evaluating past performance as part of a source selection action.

We request that you furnish the Contracting Officer (CO) with the name, position title, phone number, and email address for each person designated to have access to your firm's past performance evaluation(s) for the contract no later than 30 days after award. Each person granted

access will have the ability to provide comments in the Contractor portion of the report and state whether or not the Contractor agrees with the evaluation, before returning the report to the Assessing Official (AO). Information in the report must be protected as source selection sensitive information not releasable to the public.

When your Contractor Representative(s) are registered in CPARS, they will receive an automatically generated email with detailed login instructions. Further details, systems requirements, and training information for CPARS is available at <https://www.cpars.gov/>. Within 60 days after the end of a performance period, the AO will complete an interim or final past performance evaluation, and the report will be accessible at <https://www.cpars.gov/>.

- Contractor Representatives may then provide comments in response to the evaluation, or return the evaluation without comment.
- Your comments should focus on objective facts in the AO's narrative and should provide your views on the causes and ramifications of the assessed performance.
- All information provided should be reviewed for accuracy prior to submission.
- If you elect not to provide comments, please acknowledge receipt of the evaluation by indicating "No comment" in the space provided, and then selecting "Accept the Ratings and Close the Evaluation".
- Your response is due within 60 calendar days after receipt of the CPAR. On day 15, the evaluation will become available in PPIRS-RC marked as "Pending" with or without comments and whether or not it has been closed.
- If you do not sign and submit the CPAR within 60 days, it will automatically be returned to the Government and will be annotated: "The report was delivered/received by the contractor on (date). The contractor neither signed nor offered comment in response to this assessment."

The following guidelines apply concerning your use of the past performance evaluation:

- Protect the evaluation as source selection information. After review, transmit the evaluation by completing and submitting the form through CPARS. If for some reason you are unable to view and/or submit the form through CPARS, contact the CO for instructions.
- Strictly control access to the evaluation within your organization. Ensure the evaluation is never released to persons or entities outside of your control.
- Prohibit the use of or reference to evaluation data for advertising, promotional material, pre-award surveys, responsibility determinations, production readiness reviews, or other similar purposes.

If you wish to discuss a past performance evaluation, you should request a meeting in writing to the CO no later than seven days following your receipt of the evaluation. The meeting will be held in person or via telephone or other means during your 60-day review period.

A copy of the completed past performance evaluation will be available in CPARS for your viewing and for Government use supporting source selection actions after it has been finalized.

(End of Local Clause)

G.5 Bi-Weekly Risk Reports (BWRR)

The Bi-Weekly Risk Reporting (BWRR) serves as a tool for the Government in analyzing the performance of contract based on risk. The BWRR does not substitute or eliminate any other reports required by the contractor.

The purpose of the BWRR is to allow the contractor to manage and document all risks that occur throughout the contract. Risk is defined as anything that impacts the Project cost or Project schedule. This includes risks that are caused by the contractor (or entities contracted by the contractor), and risks that are caused by the Government (scope changes, unforeseen conditions, etc). The Government may also require the contractor to document risks that may impact customer satisfaction.

The BWRR report is an excel file that must be submitted on the Friday of every other week beginning once Notice to Proceed is issued, until the Project is 100% complete (and final payment is made). The spreadsheet template is included in the Solicitation (See Section J).

The completed report must be saved and submitted using the contract number followed by the date, ie. 140R2026C0001_7.11.2026.

The BWRR consists of scope changes or unforeseen events that are risks to the contract in terms of cost, schedule, or customer satisfaction including any issues that could potentially develop into a risk. When a new issue is identified, it is added to the Project risks, along with the following: Identification date (date the risk was identified), plan to minimize the risk, resolution due date, impact to critical path or schedule (in days), and impact to final cost (in dollars).

Prior to submitting the report, the contractor must contact the Contracting Officer (CO) or the Contracting Officer Representative (COR) if there are any risks or potential risks identified. CO and/or COR is required to provide a satisfaction rating based on the identified risk and the contractors plan to mitigate the risk. The rating is based on a scale of 1-10 (10 being completely satisfied and 1 being completely dissatisfied). The Government may modify their satisfaction ratings at any time throughout the contract. When a risk is resolved, the actual date of resolution must be listed.

The contractor is also required to submit a detailed Project schedule (including the Notice to Proceed date, substantial completion date, and final payment date) in the bi-weekly report. The schedule report must contain the contractor's original schedule along with the

current estimated schedule.

The Government will analyze the reports for accuracy and timeliness. The report will be used, in part, by the Government to help determine the CPARS rating of the contractor (and its team).

END OF SECTION G

Section H – Special Contract Requirements

H.1. WBR 1452.242-80 Post Award Conference – Bureau of Reclamation MAR 2022

(a) Prior to the contractor starting work, a post-award conference (as described in FAR Subpart 42.5), will be convened by the contracting activity or contract administration office. The contractor's project manager shall attend the conference. If the contract involves subcontractors, a representative of each major subcontractor is also required to attend.

(b) The conference will be held at the to be determined.

(c) The contracting officer and the contractor will agree to the date and time of the conference after award of the contract. In event of a conflict in schedules, the contracting officer shall establish the date for the conference.

(d) The contractor shall not be entitled to the reimbursement any costs associated with attendance at the conference beyond the agreed-to contract price.

H.2. Commencement, Prosecution, and Completion of Work

The Contractor shall be required to

(a) commence work under this contract within **7** calendar days after the date the Contractor receives the notice to proceed,

(b) prosecute the work diligently, and

(c) complete the entire work ready for use not later than **600 days** after the date the Contractor receives the notice to proceed. The time stated for completion shall include final cleanup of the premises.

The Government reserves the right to issue a partial notice to proceed to allow the Contractor to begin construction before the design is complete.

H.3. Site Visit Construction

(a) The clauses at 52.236-2, Differing Site Conditions, and 52.236-3, Site Investigations and Conditions Affecting the Work, will be included in any contract awarded as a result of this solicitation. Accordingly, offerors are urged and expected to inspect the site where the work will be performed and to satisfy themselves regarding all general and local conditions that may affect the cost of contract performance, to the extent that the information is reasonably obtainable.

(b) The Government is offering the following site visit:

- August 6, 2026, Thursday from 1:00pm to 2:00pm PST

Interested parties may attend one or both site visits. In order to anticipate the number of interested attendees to attend a site visit, Contractors shall register by contacting **Sean Frische**, via email at sfrische@usbr.gov. (for urgent matters on the site visit day, please contact **Sean**

Frische at (530-308-5333). Please also cc: the Contracting Officer, Stephanie Lindner, stephanie_lindner@ios.doi.gov.

The registration email must include the following information:

- Name of Company
- Number of Participants
- Names of Participants
- Main point of contact

Offerors attending the site visit shall wear a hard hat, safety toe boots (no open toe shoes), sturdy attire, safety glasses, and hearing protection.

FAR 52.225-9

Buy American-Construction Materials

OCT 2022

(a) *Definitions.* As used in this clause—

Commercially available off-the-shelf (COTS) item—

(1) Means any item of supply (including construction material) that is–

(i) A commercial product (as defined in paragraph (1) of the definition of “commercial product” at Federal Acquisition Regulation (FAR) [2.101](#));

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in [46 U.S.C. 40102\(4\)](#), such as agricultural products and petroleum products.

"Construction material" means an article, material, or supply brought to the construction site by the Contractor or a subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site. Materials purchased directly by the Government are supplies, not construction material.

Cost of components means—

(1) For components purchased by the Contractor, the acquisition cost, including transportation costs to the place of incorporation into the construction material (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or

(2) For components manufactured by the Contractor, all costs associated with the manufacture of the component, including transportation costs as described in paragraph (1) of this definition, plus allocable overhead costs, but excluding profit. Cost of components does not include any costs associated with the manufacture of the construction material.

Critical component means a component that is mined, produced, or manufactured in the United States and deemed critical to the U.S. supply chain. The list of critical components is at FAR [25.105](#).

Critical item means a domestic construction material or domestic end product that is deemed critical to U.S. supply chain resiliency. The list of critical items is at FAR [25.105](#).

Domestic construction material means—

(1) For construction material that does not consist wholly or predominantly of iron or steel or a combination of both–

(i) An unmanufactured construction material mined or produced in the United States; or

(ii) A construction material manufactured in the United States, if–

(A) The cost of its components mined, produced, or manufactured in the United States exceeds 60 percent of the cost of all its components, except that the percentage will be 65 percent

for items delivered in calendar years 2024 through 2028 and 75 percent for items delivered starting in calendar year 2029. Components of foreign origin of the same class or kind for which nonavailability determinations have been made are treated as domestic. Components of unknown origin are treated as foreign; or

(B) The construction material is a COTS item; or

(2) For construction material that consists wholly or predominantly of iron or steel or a combination of both, a construction material manufactured in the United States if the cost of foreign iron and steel constitutes less than 5 percent of the cost of all components used in such construction material. The cost of foreign iron and steel includes but is not limited to the cost of foreign iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the construction material and a good faith estimate of the cost of all foreign iron or steel components excluding COTS fasteners. Iron or steel components of unknown origin are treated as foreign. If the construction material contains multiple components, the cost of all the materials used in such construction material is calculated in accordance with the definition of "cost of components".

Fastener means a hardware device that mechanically joins or affixes two or more objects together. Examples of fasteners are nuts, bolts, pins, rivets, nails, clips, and screws.

Foreign construction material means a construction material other than a domestic construction material.

Foreign iron and steel means iron or steel products not produced in the United States. Produced in the United States means that all manufacturing processes of the iron or steel must take place in the United States, from the initial melting stage through the application of coatings, except metallurgical processes involving refinement of steel additives. The origin of the elements of the iron or steel is not relevant to the determination of whether it is domestic or foreign.

Predominantly of iron or steel or a combination of both means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product and a good faith estimate of the cost of iron or steel components excluding COTS fasteners.

Steel means an alloy that includes at least 50 percent iron, between 0.02 and 2 percent carbon, and may include other elements.

"United States" means the 50 States, the District of Columbia, and outlying areas.

(b) Domestic preference.

(1) This clause implements [41 U.S.C. chapter 83](#), Buy American, by providing a preference for domestic construction material. In accordance with [41 U.S.C. 1907](#), the domestic content test of the Buy American statute is waived for construction material that is a COTS item, except that for construction material that consists wholly or predominantly of iron or steel or a combination of both, the domestic content test is applied only to the iron and steel content of the construction materials, excluding COTS fasteners. (See FAR [12.505\(a\)\(2\)](#)). The Contractor shall use only domestic construction material in performing this contract, except as provided in paragraphs (b)(2) and (b)(3) of this clause.

(2) This requirement does not apply to information technology that is a commercial product or to the construction materials or components listed by the Government as follows:

_____None_____

(3) The Contracting Officer may add other foreign construction material to the list in paragraph (b)(2) of this clause if the Government determines that-

(i) The cost of domestic construction material would be unreasonable.

(A) *For domestic construction material that is not a critical item or does not contain critical components.*

(1) The cost of a particular domestic construction material subject to the requirements of the Buy American statute is unreasonable when the cost of such material exceeds the cost of foreign material by more than 20 percent;

(2) For construction material that is not a COTS item and does not consist wholly or predominantly of iron or steel or a combination of both, if the cost of a particular domestic construction material is determined to be unreasonable or there is no domestic offer received, and the low offer is for foreign construction material that is manufactured in the United States and does not exceed 55 percent domestic content, the Contracting Officer will treat the lowest offer of foreign construction material that exceeds 55 percent domestic content as a domestic offer and determine whether the cost of that offer is unreasonable by applying the evaluation factor listed in paragraph (b)(3)(i)(A)(1) of this clause.

(3) The procedures in paragraph (b)(3)(i)(A)(2) of this clause will no longer apply as of January 1, 2030.

(B) *For domestic construction material that is a critical item or contains critical components.*

(1) The cost of a particular domestic construction material that is a critical item or contains critical components, subject to the requirements of the Buy American statute, is unreasonable when the cost of such material exceeds the cost of foreign material by more than 20 percent plus the additional preference factor identified for the critical item or construction material containing critical components listed at FAR [25.105](#).

(2) For construction material that does not consist wholly or predominantly of iron or steel or a combination of both, if the cost of a particular domestic construction material is determined to be unreasonable or there is no domestic offer received, and the low offer is for foreign construction material that does not exceed 55 percent domestic content, the Contracting Officer will treat the lowest foreign offer of construction material that is manufactured in the United States and exceeds 55 percent domestic content as a domestic offer, and determine whether the cost of that offer is unreasonable by applying the evaluation factor listed in paragraph (b)(3)(i)(B)(1) of this clause.

(3) The procedures in paragraph (b)(3)(i)(B)(2) of this clause will no longer apply as of January 1, 2030.

(ii) The application of the restriction of the Buy American statute to a particular construction material would be impracticable or inconsistent with the public interest; or

(iii) The construction material is not mined, produced, or manufactured in the United States in sufficient and reasonably available commercial quantities of a satisfactory quality.

(c) Request for determination of inapplicability of the Buy American statute.

(1)

(i) Any Contractor request to use foreign construction material in accordance with paragraph (b)(3) of this clause shall include adequate information for Government evaluation of the request, including-

(A) A description of the foreign and domestic construction materials;

(B) Unit of measure;

(C) Quantity;

(D) Price;

(E) Time of delivery or availability;

(F) Location of the construction project;

(G) Name and address of the proposed supplier; and

(H) A detailed justification of the reason for use of foreign construction materials cited in accordance with paragraph (b)(3) of this clause.

(ii) A request based on unreasonable cost shall include a reasonable survey of the market and a completed price comparison table in the format in paragraph (d) of this clause.

(iii) The price of construction material shall include all delivery costs to the construction site and any applicable duty (whether or not a duty-free certificate may be issued).

(iv) Any Contractor request for a determination submitted after contract award shall explain why the Contractor could not reasonably foresee the need for such determination and could not have requested the determination before contract award. If the Contractor does not submit a satisfactory explanation, the Contracting Officer need not make a determination.

(2) If the Government determines after contract award that an exception to the Buy American statute applies and the Contracting Officer and the Contractor negotiate adequate consideration, the Contracting Officer will modify the contract to allow use of the foreign construction material. However, when the basis for the exception is the unreasonable price of a domestic construction material, adequate consideration is not less than the differential established in paragraph (b)(3)(i) of this clause.

(3) Unless the Government determines that an exception to the Buy American statute applies, use of foreign construction material is noncompliant with the Buy American statute.

(d) *Data*. To permit evaluation of requests under paragraph (c) of this clause based on unreasonable cost, the Contractor shall include the following information and any applicable supporting data based on the survey of suppliers:

Foreign and Domestic Construction Materials Price Comparison			
Construction Material Description	Unit of Measure	Quantity	Price (Dollars)*
Item 1:			
Foreign Construction Material			
Domestic Construction Material			
Item 2:			
Foreign Construction Material			
Domestic Construction Material			
<i>[* Include all delivery costs to the construction site and any applicable duty (whether or not a duty-free entry certificate is issued)].</i> <i>[List name, address, telephone number, and contact for suppliers surveyed. Attach copy of response; if oral, attach summary.]</i> <i>[Include other applicable supporting information.]</i>			

(End of clause)

FAR 52.252-6

Authorized Deviations in Clauses

NOV 2022

(a) The use in this solicitation or contract of any Federal Acquisition Regulation (48 CFR Chapter 1) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the date of the clause.

(b) The use in this solicitation or contract of any Federal Acquisition Regulation (48 CFR Chapter 5) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the name of the regulation.

(End of clause)

DIAR 1452.203-70

**Restrictions on Endorsements –
Department of the Interior**

JUL 1996

The Contractor shall not refer to contracts awarded by the Department of the Interior in commercial advertising, as defined in FAR 31.205-1, in a manner which states or implies that the product or service provided is approved or endorsed by the Government or is considered by the Government to be superior to other products or services. This restriction is intended to avoid the appearance of preference by the Government toward any product or service. The Contractor may request the Contracting Officer to make a determination as to the propriety of promotional material.

(End of clause)

DIAR 1452.204-70 Release of Claims – Department of the Interior JUL 1996

After completion of work and prior to final payment, the Contractor shall furnish the Contracting Officer with a release of claims against the United States relating to this contract. The Release of Claims form (DI-137) shall be used for this purpose. The form provides for exception of specified claims from operation of the release.

(End of clause)

DIAR 1452.228-70 Liability Insurance – Department of the Interior JUL 1996

(a) The Contractor shall procure and maintain during the term of this contract and any extension thereof liability insurance in form satisfactory to the Contracting Officer by an insurance company which is acceptable to the Contracting Officer. The named insured parties under the policy shall be the Contractor and the United States of America. The amounts of the insurance shall be not less than as follows:

\$100,000.00 each person, Workers Compensation and Employers' Liability Insurance

\$500,000.00 each occurrence, General Liability Insurance, Bodily Injury Liability Insurance

\$500,000.00 property damage

(b) Each policy shall have a certificate evidencing the insurance coverage. The insurance company shall provide an endorsement to notify the Contracting Officer 30 days prior to the effective date of cancellation or termination of the policy or certificate; or modification of the policy or certificate which may adversely affect the interest of the Government in such insurance. The certificate shall identify the contract number, the name and address of the Contracting Officer, as well as the insured, the policy number and a brief description of contract services to be performed. The contractor shall furnish the Contracting Officer with a copy of an acceptable insurance certificate prior to beginning the work.

DIAR 1452.237-70 Information Collection – Department of the Interior JUL 1996

If performance of this contract requires the contractor to collect information on identical items from ten or more public respondents, no action shall be taken or funds expended in the solicitation or collection of such information until the contractor has received from the

Contracting Officer written notification that approval has been obtained from the Office of Management and Budget (OMB) pursuant to the Paperwork Reduction Act of 1980. The Contractor agrees to provide all information requested by the Contracting Officer which is necessary to obtain approval from OMB.

(End of clause)

WBR 1452.209-82 Prohibition on Release of Information – Bureau of MAR 2022
Reclamation

(a) The Contractor shall not disclose information pertaining to the services performed under this contract to anyone other than Government or other personnel authorized by the Contracting Officer. The Contractor agrees that it will protect any information obtained from other companies during the performance of this contract from unauthorized use or disclosure for as long as the information remains proprietary and shall refrain from using such information for any purpose other than that for which it was furnished.

(b) In the event that the Contractor intends to employ individuals other than its own staff or other firms in the performance of the contract, each individual or firm shall be required to furnish the same written certification.

(c) The contractor shall insert, in any subcontract that requires the performance of work similar to that being performed by the Contractor, terms that shall conform substantially to the language of this clause, including this paragraph (c).

(End of clause)

WBR 1452.215-87 Incorporation of Technical Proposal – Bureau of MAR 2021
Reclamation

All or parts of the successful offeror's technical proposal are hereby incorporated, either physically or by reference, into this contract. The portions and their location in the contract are as follows:

Description	Location in Contract
-------------	----------------------

(End of Clause)

WBR 1452.223-80 Asbestos-Free Warranty – Bureau of Reclamation AUG 2021

(a) The Contractor warrants that all items delivered, or work required by the contract, shall be free of asbestos in any form whatsoever.

(b) The Contractor may request the Contracting Officer to approve an exception to this prohibition when an asbestos-free product is not available. Such requests shall be fully

documented and submitted as soon as possible after the contractor determines that an asbestos-free product is not available.
(End of clause)

WBR 1452.223-81 Safety and Health – Bureau of Reclamation OCT 2022

- a) The Contractor shall not require any person employed in the performance of this contract (including subcontracts) to work under conditions which are unsanitary, hazardous, or dangerous to an employee's health or safety.
- b) Contractor shall comply with the most current version of the Bureau of Reclamation's *Reclamation Safety and Health Standards* (RSHS) and, if incorporated, 52.236-13 Accident Prevention.

The RSHS manual shall be obtained at:

<http://www.usbr.gov/safety/rshs/index.html>

- (c) Comply with the [standards \(29 CFR\)](#) issued by the Occupational Safety and Health Administration (OSHA), U.S. Department of Labor, www.osha.gov.
- (d) In the event there is a conflict between the requirements contained in paragraphs (b) and (c) referenced herein, or in the Statement of Work (SOW) or Performance Work Statement (PWS), the more stringent requirement shall prevail.
- (e) If required in the SOW or PWS, the Contractor shall submit a written proposed safety program as prescribed in the RSHS and the written specifications.
- (f) The Contractor shall maintain an accurate record of and shall report to the Contracting Officer (or authorized representative) in the manner prescribed by the Contracting Officer, all cases of death, occupational diseases, or traumatic injury to employees or the public involved, and property damage in accordance with the RSHS and OSHA guidelines.
- (g) If the contractor deems that an updated version of the RSHS constitutes a substantive change to the contract, affecting price or time (or both), the contractor may request a contract modification in accordance with the terms of the contract.

(End of clause)

WBR 1452.232-81 Payment for Mobilization and Preparatory Work – MAR 2022
Alternate I - Bureau of Reclamation

- (a) General. Payment for the Mobilization and Preparatory Work line item of the schedule will be made as reflected herein. To the extent that this line item exceeds the percentage of total contract pricing as estimated by the Contracting Officer in WBR 1452.236-85, Instruction for Mobilization and Preparatory Work Schedule Line Item, payment will be made as reflected

in Section (d)(5) below. Reclamation will make payment to the Contractor in accordance with this clause for operations including, but not limited to, those necessary for --

- (1) Movement of personnel, equipment, supplies, and incidentals to the project site;
 - (2) The establishment of offices, buildings, plants and other facilities, at the site (excludes temporary buildings (e.g. storage sheds, shops, offices) and utilities listed in the Operations and Storage Areas clause of this contract;
 - (3) Payment of premiums for project bonds and insurance; and
 - (4) Other work and operations which must be performed or costs incurred incident to the initiation of meaningful work at the site and for which the contract does not otherwise provide for payment.
- (5) Approved detailed logic diagram(s) and the baseline schedule.
- (b) Facilities and equipment covered by mobilization work.
- (1) All facilities, plant, and equipment which are established at, or brought to, the site shall be deemed to be subject to the provisions of this paragraph unless the Contracting Officer specifically provides other written authorization for a particular item or items.
 - (2) The Contractor shall be solely responsible for the adequacy, efficiency, use, protection, maintenance, repair, and preservation of all facilities, plant, and equipment on site.
 - (3) The facilities, plant, and equipment covered by this paragraph shall not be dismantled or removed from the site prior to completion of the work under the contract without the written authorization of the Contracting Officer.
- (c) Termination for default. Should the Contractor be terminated for default as provided by the Default clause of this contract --
- (1) All facilities, plant, and equipment on the site shall be subject to the Government's right to take possession of and utilize such items for the purpose of completing the work;
 - (2) The Contractor shall provide evidence of encumbrances, liens, or other security interests, to the Contracting Officer; and
 - (3) Any encumbrance, lien, or other security interest on such facilities, plant, or equipment shall be subordinated to the Government's rights under the Default clause of this contract to utilize all facilities, plant, and equipment to complete the work under the contract.
- (d) Payment. Payment for mobilization and preparatory work under paragraph (a) of this clause shall be made at the contractor lump-sum price for this item as contained in the Schedule. Progress payments for mobilization and preparatory work shall be made as follows --

(1) In accordance with paragraph (g) of the Payments under Fixed Price Construction Contracts clause of this contract and upon submission of a proper invoice, the Government will reimburse the Contractor for the total amount of premiums paid for performance and payment bonds as required by the Performance and Payment Bond Requirements clause of this contract and for any insurance which is specified as payable by the Government under this contract.

(2) Except as provided in (d)(1) above, progress payments for mobilization and preparatory work shall not be considered a separate division of work for the purposes of progress payments and shall be subject to retainage before payment of the total amount for this contract line item.

(3) When progress payments totaling **5** percent of the total original contract amount have been made by the Government for all other work accomplished under the contract, the Government shall pay the Contractor **50** percent of the mobilization and preparatory work contract line item amount or **5** percent of the total original contract amount (whichever is the lower) exclusive of any payment already made to the Contractor for performance and payment bond premiums and specified insurance under subparagraph (d).

(4) When progress payments totaling **10** percent of the total original contract amount have been made by the Government for all other work accomplished under the contract and upon approval of the detailed logic diagram(s) and baseline schedule, the balance of the amount for the mobilization and preparatory work contract line item or **5** percent of the total original contract amount (whichever is the lower) shall be paid to the contractor.

(5) If the contract amount for mobilization and preparatory work exceeds the total of the payments allowed under (3) and (4) above, the balance shall be paid when the contract work is substantially complete as determined by the Contracting Officer.

(End of Clause)

WBR 1452.236-84

**Preservation of Cultural Resources – Bureau of
Reclamation**

MAR 2022

(a) Definitions.

"Cultural items" as defined by Native American Graves Protection and Repatriation Act (NAGPRA) include Native American human remains, funerary objects, sacred objects, and objects of cultural patrimony.

"Cultural resources" is a broad term that includes prehistoric, historic, architectural, and traditional cultural properties; specific items include, but are not limited to, human skeletal remains, archaeological artifacts, records, and material remains related to such properties.

"Funerary objects" means Native American items that, as part of the death rite or ceremony of a culture, are reasonably believed to have been placed intentionally at the time of death or later with or near individual human remains.

"Human remains" means the physical remains of the body of a person.

"Native American" means of, or relating to, a tribe, people, or culture that is indigenous to the United States.

"Sacred objects" means Native American items that are specific ceremonial objects needed by traditional Native American religious leaders for the practice of traditional Native American religions by their present-day adherents. These items are specifically limited to objects that were devoted to a traditional Native American religious ceremony or ritual and which have religious significance or function in the continued observance or renewal of such ceremony.

"Objects of cultural patrimony" means Native American items having ongoing historical, traditional, or cultural importance central to the Native American tribe or Native Hawaiian organization itself, rather than property owned by an individual tribal or organization member. These objects are of such central importance that they may not be alienated, appropriated, or conveyed by any individual tribal or organization member.

(b) General. Federal legislation provides for the protection and preservation of cultural resources that may be impacted or altered as a result of any Federal project, activity, or program or federally licensed or assisted project, activity, or program.

(c) Discovery of Resources. Should the Contractor, or any of the Contractor's employees, subcontractors, or parties operating or associated with the Contractor, in the performance of this contract discover evidence of possible cultural resources, the Contractor shall immediately cease work at that location and provide oral notification to the contracting officer, giving location and nature of the findings. The Contractor shall forward a written report of findings to the Contracting Officer within 48 hours.

(i) If a cultural resource is determined by Reclamation to be a Native American cultural item, then the Contractor shall cease the activity in the area of the discovery, make a reasonable effort to protect the items discovered, and wait for written approval from the Contracting Officer before resuming activity.

(ii) If the discovery occurs on tribal lands, the Contractor shall immediately orally notify the responsible tribal official and the Contracting Officer and follow with written confirmation within 48 hours to the responsible tribal official and the contracting officer. (The contracting officer will supply the name and phone number of the tribal official.

(iii) The Contractor shall exercise care so as not to disturb or damage any cultural resources discovered during the execution of this contract and shall provide such cooperation and assistance as may be necessary to preserve the findings for removal or other disposition by Reclamation. The Contractor shall not resume work in the area of a discovery until written notice to proceed is received from the contracting officer.

(d) Approval of Use Areas and Borrow Sources. If the Contractor proposes to use a location other than an approved location (approved locations to be provided by the contracting officer), the location(s) must first be approved for use by the contracting officer. When considering an unapproved use area or borrow source, the Contractor shall submit a map showing the location to the contracting officer at least 45 calendar days in advance of any proposed use. The Contractor

or his subcontractors shall take no action to use or alter the proposed location until written approval is provided by the contracting officer.

(e) Compensation for Delays. Where appropriate by reason of discovery, the contracting officer may order changes in the schedule or work. If such delays or changes are ordered, any equitable adjustment under the contract will be provided in accordance with the applicable clauses of the contract.

(f) Subcontractors. The Contractor shall insert this clause in all subcontracts that involve performance of work on job site terrain.

(g) Cost. Except as provided in subsection (e) above, the cost of complying with this contract clause shall be included in the prices offered in the schedule for other items of work.

(h) Government Access. The Contractor's arrangement with landowners shall permit the Government or its representatives access to the land to identify cultural resources and conduct appropriate inspections during the Contractor's use of the area or during material procurement.

(End of clause)

WBR 1452.237-80 Security Requirements – Alternate III - Bureau of MAR 2022
Reclamation

(a) General Security Requirements:

- (1) This clause addresses security requirements, including general procedural requirements, information security requirements, contractor employee suitability requirements, identification card requirements, site security requirements, vessel exclusion barriers, and information technology security requirements. Within this clause, COR means Contracting Officer's Representative. If there is no COR appointed and identified to the Contractor, the term instead will mean the Program Manager or any other authorized individual responsible for technical oversight under the contract. "Work site" means the Government facility, office, construction site, and any other area within the Government office or facility that the Contractor must access to accomplish work under this contract.
- (2) The work performed under this contract shall only be accomplished by individuals (in the employment of the Contractor or any subcontractors) whose conduct and behavior is consistent with the efficiency of the Federal Service and the requirements of this contract, and who are acceptable to the contracting officer. If Reclamation finds a Contractor employee to be unsuitable or unfit for his or her assigned duties, the contracting officer will direct the Contractor to remove the individual from the contract and access to the Federal facility at which the contract activities are occurring.
- (3) The Contractor's employees governed by this contract may need access to sensitive information and/or sensitive areas. The Federal Government (Government) reserves the

right, in its sole discretion, to determine suitability of Contractor personnel and deny access to any sensitive information or project specific area to any personnel for any cause.

(4) The Contractor is responsible for informing and ensuring compliance by its employees with any applicable security procedures of the Government facility where work may be performed under this contract.

(5) Any Contractor employee that will have access to a Federally-controlled facility or information system will be required to have a Government-issued identification card, consisting of a Personal Identity Verification (PIV) Card, a temporary identification card, or a visitor badge. (Note: within the Department of the Interior this card is known as a DOI Access Card.) During performance of the contract, the Contractor shall keep the COR apprised of any changes in personnel, or changes in personnel access or duration, to ensure that performance is not delayed by compliance with credentialing processes.

(6) A Contractor employee will not be provided access to a Government facility or information system until a Government PIV Card, temporary identification card, or visitor identification badge has been issued to the Contractor employee. For those individuals that will be receiving a PIV Card, the Government may, at its discretion, issue a temporary identification card or visitor identification badge after the electronic background investigation forms have been received and the investigation is initiated.

(7) All Contractor employees shall access the facility via the facility's entry screening system and visibly display the Government-issued PIV Card, temporary identification card, or visitor identification badge at all times. Contractor employees must visibly wear the Government-issued identification card at all times they are on Government facilities. Contractor employees are responsible for the safekeeping of all Government-issued identification cards, whether on-site or off-site. Cards that have been lost, damaged, or stolen must be reported to the COR and DOI Access Sponsor immediately, but not later than within 24 hours. The Contractor shall return all identification cards and card keys and any other Government property and information upon completion of performance or when personnel depart permanently or for a period of 7 days or more. The Contractor may be required to turn in access control cards or identification cards on a daily basis.

(8) Misuse or loss of access control or identification cards, or failure to comply with required surrender of such cards may, at Government discretion, result in Contractor personnel being denied access to the work site, at no cost to Government. The Contractor may be charged up to \$500 for each occurrence for any required replacement of Government-issued access control or identification cards due to loss or misuse. At the end of contract performance, or when a Contractor employee is no longer working under this contract, the Contractor shall ensure that all access control and identification cards are returned to the COR.

(9) All Contractor personnel, including subcontractor personnel, with access to the work site shall be U.S. citizens or foreign individuals legally residing in, or legally admitted to, the U.S. For all non-U.S. citizens working under this contract, irrespective of length of time

working on the contract, the Contractor shall provide to the COR, legible and valid copies of the individual's passport and visa (unless individual is on the Visa Waiver Program) a minimum of 14 calendar days prior to beginning work or arriving at the facility. A driver's license is not acceptable identification. In addition, a completed form I-94 shall be submitted to the COR upon the individual's arrival at the work facility and prior to beginning work.

(10) The Contractor shall report all contacts with entities, individuals, and counsel/representatives (including foreign entities and foreign nationals) who seek in any way to obtain unauthorized access to sensitive information or areas. The Contractor shall report any violations of contract provisions, laws, executive orders, regulations, and guidance to the contracting officer. The Contractor shall report any information raising a doubt as to whether an individual's eligibility for continued employment or access to sensitive information is consistent with the interests of National Security and the Public Trust.

(11) Unsanctioned, negligent, or willful inappropriate action on the part of the Contractor (or its employees) may result in termination of the contract or removal of some Contractor employees from Reclamation facilities at no cost to the Government. These actions include, but are not limited to, exploration of a sensitive system and/or information, introduction of unauthorized and/or malicious software, inappropriate release of sensitive information, or failure to follow prescribed access control policies and/or security procedures. Failure to comply with Reclamation policies, procedures, or other published security requirements may result in termination of the contract or removal of some contracted employees from Reclamation buildings and/or facilities at no cost to the Government.

(12) All provisions of this clause shall equally apply to all subcontractors. The Contractor shall incorporate the substance of this clause in all subcontracts.

(13) These security requirements apply to all sections of this Contract including Contract Drawings and other Contract Specifications as applicable. Related documents include other general provisions of Construction or Operations and Maintenance type Contracts, including FAR clauses by reference or as amended by related documents.

(b) Information Security Requirements.

(1) Sensitive Information. The term "sensitive information" means any information which warrants a degree of protection and administrative control as defined by Reclamation or that meets the criteria for exemption from public disclosure set forth under Sections 552 and 552a of Title 5, United States Code: the Freedom of Information Act and the Privacy Act. Sensitive information is generally categorized as CONTROLLED UNCLASSIFIED INFORMATION (CUI), but in some cases may include other unclassified information. (The protection of National Security information is beyond the scope of this clause. If any work on National Security information is required under this contract, it is addressed under other contract clauses.) The Contractor shall protect this type of information from unauthorized release into public domain, or to unauthorized persons, organizations, or subcontractors. Information which, either alone or in aggregate, is deemed sensitive by Reclamation shall be

handled and protected in accordance with Reclamation Directives and Standards SLE 02-01 Identifying and Safeguarding Controlled Unclassified Information (CUI), which is available from the COR or at <http://www.usbr.gov/recman/DandS.html#sle>.

- (i) Any Government-furnished information or material does not become the property of the Contractor and may be withdrawn at any time. Upon expiration or termination of the contract, all documents released to the Contractor and any material created using data from such documents shall be returned to the COR for final disposition. Government-furnished information residing on any electronic systems (laptops, servers, desktops, media) shall be deleted from those systems using a COR-approved data erasure solution. Only with prior authorization from the contracting officer may the Contractor retain the material. The Contractor or subcontractor shall not disclose or release the materials provided to the Contractor to any individuals of the Contractor's organization not directly engaged in providing services under the contract or that do not have a valid need-to-know. All technical data provided to the Contractor by the Government shall be protected from public or private disclosure in accordance with the markings printed on them. All other information relating to the items to be delivered or the services to be performed under this contract shall not be disclosed by any means without prior approval of the contracting officer. Prohibited dissemination or disclosure includes, but is not limited to: permitting access to such information by foreign nationals or by immigrant aliens who may be employed by the Contractor, publication of technical or scientific papers, advertising, disclosure to Contractor staff not investigated and deemed acceptable at the appropriate information sensitivity level, and any other public release. The Contractor shall maintain, and furnish upon request of the contracting officer, records of the names of individuals who have access to sensitive material in its custody and the sensitive material to which the individuals had access. All questions regarding information security, access, and control shall be referred to the COR.
- (ii) The Contractor shall not release to anyone outside the Contractor's organization any sensitive, or otherwise protected information, regardless of medium in which it is contained (for example, film, tape, document, electronic), pertaining to any part of this contract or any Reclamation program or activity, unless the contracting officer has given prior written approval. This includes, but is not limited to, news releases, marketing promotions, articles, interviews, reports, social media posts, and any other media releases. Requests for approval shall identify the specific information to be released, the medium to be used, the purpose for the release, and a description of the need-to-know. The Contractor shall submit its request to the contracting officer ten business days before the proposed date for release. Subcontractors shall submit requests for authorization to release through the prime Contractor to the contracting

officer.

- (iii) The Contractor shall notify the COR immediately when known or suspected loss/compromise of sensitive information or other documents, notes, drawings, sketches, reports, photographs, exposed film or similar information which may affect the security interests of Government has occurred. This requirement extends to employees and other personnel working on behalf of the Contractor, and expands responsibility to include prompt reporting of security issues, including observed or subsequently discovered efforts by unauthorized persons to gain unauthorized access to sensitive information.

(2) Classified Information.

(i) The disclosure of U.S. Government documents by third parties can result in damage to our national security. While this contract may not deal directly with classified information, each contractor is obligated to protect classified information pursuant to all applicable laws and to use Government information technology systems in accordance with agency procedures so that the integrity of such systems is not compromised.

(ii) Unauthorized disclosures of classified documents (whether in print, on a blog, or on websites, or other electronic or non-electronic media) do not alter the documents' classified status or automatically result in declassification of the documents. To the contrary, classified information, whether or not already posted on public websites or disclosed to the media, remains classified, and must be treated as such by Federal employees and contractors, until it is declassified by an appropriate U.S. Government authority. Executive Order 13526, Classified National Security Information (December 29, 2009), Section 1.1.(c) states, "Classified Information shall not be declassified automatically as a result of any unauthorized disclosure of identical or similar information." Although the Department has taken steps to prevent access to publicly disclosed classified materials from Departmental computers, it is important to understand our continuing duties and responsibilities in this regard.

(iii) Contractors (which include all employees of the contractor, as well as subcontractors and its employees performing work for the contractor) are reminded of the following obligations with respect to the treatment of classified information and the use of unclassified government information technology systems:

(iv) The contractor shall not, while using unclassified Government computers or other devices (such as phones or tablets) access documents that are marked classified (including classified documents made publicly available by a third party), as doing so risks that material still classified

will be placed onto unclassified systems. This requirement does not restrict contractor access to unclassified, publicly available news reports (and other unclassified material) that may in turn discuss classified material, as distinguished from access to underlying documents that themselves are marked classified (including if the underlying classified documents are available on public web sites or otherwise in the public domain).

(v) For contracts that require access to classified information, the contractor is responsible for obtaining the required national security clearance through the Department of the Defense National Industrial Security Program Operating Manual (NISPOM). Any classified contracts will be coordinated through the Reclamation Chief Security Officer, or for IT requirements, the Bureau Chief Information Security Officer. No contractor shall access classified information unless proper clearances have been obtained and transmitted to Reclamation. For further information, refer to 443 DM 1 or DOD NISPOM 5220.22-M dated February 28, 2006 (incorporating change 2 dated May 18, 2016).

(vi) Classified information shall not be removed from official premises.

(vii) Classified information shall not be disclosed without proper authorization.

(e) Site Security Requirements

(1) General Description. This section provides provisions to ensure the full security integrity of the facility and personnel working at the facility. The work of this section may involve interfaces with a number of Government security personnel, normally coordinated through the designated COR. The Contractor is responsible for ensuring that activities are accomplished in a manner that complies fully with applicable security statutes, regulations, policies, directives, and standards.

(2) Government Security Personnel. When and where applicable, personnel may be assigned to control access, secure materials or activities at the work site, or escort Contractor personnel in sensitive areas. Personnel may include security managers, security guards, security contractors acting as agents of the Government, law enforcement personnel, or other contractors or employees. These individuals may be used to ensure the overall security and integrity of the site or building and provide controlled access. These individuals may conduct inspections of all workers, vehicles, equipment, or materials entering, or re-entering the work site. The inspection may be done visually, with walk-through and/or hand-held metal detectors, or by other means as may be deemed necessary by Reclamation.

(3) Contractor Guard Force. At the Contractor's sole discretion, and at the Contractor's own expense, with prior written Government approval, a Contractor may be authorized to hire its own guards to secure Contractor-owned equipment and/or to protect Contractor employees

or subcontractors. If such a relationship is permitted, the Contractor shall be exclusively liable for all guard activities to include action or inaction of Contractor's guard personnel. The Government will not offer nor provide any indemnification. Contractor shall be solely responsible for guards at all times to include any supervision, oversight, and for the development of local guard orders and/or procedures. The Contractor shall be responsible for coordinating all guard activities with the COR and shall develop and submit to the COR, for advance approval, any guard orders and/or guard procedures.

(4) Additional Security-Related Submittals

(i) Visitor List. The Contractor shall furnish to the COR, in advance, notification of visit of any Contractor-sponsored visitor to a Government-controlled facility. This notification should be in writing and must include the purpose or nature of the visit, the full name of the visitor, and the full name and phone number of the designated sponsor who will be physically responsible for escorting the visitor for the duration of the scheduled visit.

(ii) Delivery Schedule. The Contractor shall furnish to the COR, in advance, a schedule for all deliveries. This list shall include estimated delivery date, time, nature of the materials being delivered, and – where available – the name of delivery company and type of vehicle.

(iii) Explosives Security Plan. The Contractor shall furnish to the COR for approval, in advance, an explosives security plan at any work site where explosives will be stored or used.

(5) General Provisions.

(i) General. The Contractor shall comply with the Government's site security procedures as specified, and as requested subsequent to award of Contract. Failure of the Contractor to comply with required access controls, information handling procedures, or any other security controls or procedures, may result in revocation of Contractor personnel access to the work site. The Government reserves the right to modify or clarify security provisions of this contract based on changing political and civil circumstances, and perceived threats to personnel or the facility.

(ii) Security Facilities and Equipment. The Contractor shall use security facilities and equipment only for the purposes intended and as directed by the contracting officer. The Contractor shall comply with the Government's instructions for use of secure storage areas, site enclosure and gates, temporary security lighting, building space enclosure, and lockup devices and systems established for detection, monitoring, signaling, and alarming field office facilities. Measures necessary to secure the integrity of materials, equipment, and tools installed or used in furtherance of this contract shall be at no cost to the Government.

(iii) Security Personnel Availability/Work Schedules. The Contractor shall notify the COR at least 48 hours in advance of any projected work which might impact on security or require the scheduling of extended security personnel support. The Contractor shall provide a weekly work schedule, such as anticipated delivery of materials, use of explosives or heavy machinery, and extra time needed for continuous or inherently lengthy construction or project specific operations (such as concrete placement).

(iv) Deliveries. The Contractor shall provide at least one day's advance notice of major deliveries, including time of arrival and trucks/carriers/documentation to be expected for arrival at work site. The Contractor shall provide reasonable advanced notice of deliveries which must be accommodated/accepted at times other than the Government's established working hours. Failure to provide adequate advanced notice may result in delivery delays at the Contractor's expense.

(v) Site Access. All Contractor personnel will be issued appropriate identification and must comply with all local access control procedures. The Government reserves the exclusive right to refuse or disallow any vehicular or pedestrian access to any Government-controlled facility, lands, or for any deliveries to the work site, regardless if access was scheduled or unscheduled.

(vi) Inspections and Searches. The Government reserves unqualified and unlimited right at any time to conduct security-related inspections or searches of work, material, equipment, personnel, and temporary facilities at the work site. The Contractor shall afford unrestricted access to work and allow surveillance and inspection by any Government personnel as authorized by the COR. The Government reserves the right to conduct searches of articles and personal effects of all Contractor personnel, both at point of entry and exit from the work site or Government facility. All Contractor personnel entering and leaving the work site may be required to pass through a Walk-Through-Metal-Detector device and/or other detection devices.

(vii) After Duty Hours. No Contractor personnel shall be permitted access to the work site after the Government's established working hours without prior authorization from the Government. All personnel seeking access to the site after the Government's established working hours may be required to sign in and out in a visitor's log that may be maintained by the on duty security personnel (if any).

(viii) Access Procedures at Sensitive Areas. In some instances, the Contractor may be required to erect temporary security barriers and doors

to isolate a sensitive area as instructed by the Government. The Contractor may be required to install locks and thereafter control access. The Contractor shall comply with the Government's requirement for limited and escorted access to the sensitive area. The Contractor shall notify the COR at least one day prior to each requested access to the sensitive area that is outside of the Government's established working hours.

(ix) Reported Violations. Where an indication, report, or observation of unauthorized access or performance of unauthorized work has occurred, the Government reserves the right to stop work and deny access until the circumstance and work can be investigated, inspected, tested, and resolved. The entire cost of such stoppages and resolutions shall be borne by Contractor, except when alleged violations of established security requirements, after investigation, are found not to be the fault of the Contractor.

(x) Briefings. Contractor personnel who will be assigned to this project, and who will have access to the work site, may be required to attend Government-conducted security briefings. The Government reserves the right to conduct security briefings for Contractor personnel and visitors at all levels of involvement in performance of work and maintenance of security. Required briefings may include, but are not limited to, the following: Information Security, Site Security Requirements and Procedures, Security Awareness, Delivery Methods and Inspections, Storage Requirements, Reporting Requirements, Supervisory Procedures, Contractor Employee Conduct, Visitor Control, and Threats.

(xi) Key Control. Control of keys/access codes and lock combinations is essential for the Government's project security. The Contractor shall not allow keys or access codes to be duplicated or removed from the work site, nor allow lock combinations to be divulged without specific written advanced authorization from the COR. Such loss of control, observed or suspected, may result in a requirement to change locks involved at the Contractor's expense. At the direction of the COR, the Contractor shall provide duplicate keys and lock combinations to Government security personnel when requested for the purpose of security inspections and emergency actions, including keys, combinations, and access codes needed for unrestricted access to every area and element of the project. The Contractor may be required to establish a key control program that is acceptable to the Government for Government-issued keys and for heavy machinery parked at the construction site (if this is a construction contract).

(xii) Vehicle Control. In general, parking of vehicles on the work site shall not be permitted, except for tractors, cranes, and similar equipment used directly in performance of work, for delivery of materials/supplies,

and for removal of waste and surplus material. The Government may designate an approved contractor employee parking area. Upon entering the work site, vehicles and drivers may be subject to search and inspection. The Contractor shall obtain authorization from the COR to park the Contractor's official vehicles and motorized vehicular construction equipment that are required/desired to be parked on the work site. Vehicles in violation may be towed off the work site at the Contractor's expense. Where Government-designated employee parking is not available, parking of construction employees' automobiles and similar transportation vehicles may be excluded from the work site. It is the Contractor's responsibility to arrange for suitable accommodation for these vehicles.

(xiii) Prohibited/Restricted Items. Prohibited/restricted items and activities on the work site include but are not limited to the following: firearms and other weapons, except as specifically authorized by the COR in compliance with state and Federal laws and regulations; drugs, including narcotics, barbiturates, marijuana, alcoholic beverages, and similar substances, except for use with valid medical prescription; and explosives.

(xiv) Exceptions for Explosives. When needed for use in specifically limited amounts and controlled circumstances for construction work, explosives may be brought onsite with written prior authorization from the COR. As a hazardous material, the Contractor shall treat the use of explosives in accordance with regulations and guidance provided by Federal, State, and local authorities. The storage of explosives shall be in accordance with requirements of the Bureau of Alcohol, Tobacco, and Firearms or the State in which they are stored. If onsite storage of explosives is necessary, explosives shall be stored at a pre-designated, secure site approved by the COR. Prior to Government approval of storage, the Contractor shall develop and submit to the COR a complete storage/security/retrieval plan for approval. The storage/security plan can be included in a "Blasting Safety Plan." The plan shall make accommodations for surveillance, detection, and response. Explosives firing systems shall be stored off-site and under no circumstances shall be stored together with explosives.

(xv) Photography. The use of photographic equipment and taking of photographs shall only be allowed as authorized by the COR.

(End of clause)

(a) In submitting any proposal for a modification under this contract (including any proposal for an equitable adjustment resulting from a change under the FAR Changes clause of this contract), the contractor shall:

(1) Comply with the contract time limits for submission of a proposal or as specified by the contracting officer;

(2) Apply the contract cost principles and procedures in Part 31 of the Federal Acquisition Regulation (FAR) in effect on the date of this contract;

(3) Furnish a breakdown of all costs estimated to complete the work required by the modification (i.e., cost of added work, incurred cost of deleted work already performed, estimated cost of deleted work not yet performed, and net cost of the modification) to include all costs associated with materials (identified by item and quantity), equipment (identified by item, quantity and whether contractor-owned or rented), categories of direct labor, bond and insurance premium adjustments, subcontracts, overhead and other indirect costs, profit/fee, and any other pricing information requested by the contracting officer, in sufficient detail to permit an analysis of fair and reasonable price;

(4) Furnish a written justification for any requested time extensions; and

(5) For any pricing adjustment expected to exceed the threshold at FAR 15.403-4 requiring certified cost or pricing data (considering both increases and decreases) --

(i) Submit certified cost and pricing data using the format specified in Table 15-2 of FAR 15.408 unless the contracting officer agrees that an exception applies under the circumstances set forth in FAR 15.403-1;

(ii) Certify in substantially the format prescribed in FAR 15.406-2 that to the best of its knowledge and belief, the data are accurate, complete and current as of the date of agreement on the negotiated price of the modification; and

(iii) Comply with the requirements of either the FAR 52.215-12 Subcontractor Certified Cost or Pricing Data clause or the FAR 52.215-13 Subcontractor Certified Cost or Pricing Data -- Modifications clause of this contract when the adjustment includes a subcontract modification involving a pricing adjustment expected to exceed the threshold at FAR 15.403-4 requiring certified cost or pricing data.

(b) Under the FAR Changes clause of this contract, failure of the contractor to timely assert its right for an adjustment or to submit a proposal for an adjustment by the date specified in the clause (or another date specified by the contracting officer) may result in a unilateral adjustment of the contract by the contracting officer pursuant to the FAR 52.233-1 Disputes clause of this contract.

FAR 52.209-5 Certification Regarding Responsibility Matters MAY 2026 (RFO DEVIATION)

(a)

(1) The Offeror certifies, to the best of its knowledge and belief, that—

(i) The Offeror and/or any of its Principals—

(A) Are ☐ are not ☐ presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(B) Have ☐ have not ☐, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) contract or subcontract; violation of Federal or State antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving

stolen property (if offeror checks "have", the offeror shall also see 52.209-7, if included in this solicitation);

(C) Are ☐ are not ☐ presently indicted for, or otherwise criminally or civilly charged by a governmental entity with, commission of any of the offenses enumerated in paragraph (a)(1)(i)(B) of this provision; and

(D) Have ☐, have not ☐, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds the threshold at 9.104-5(a)(2) for which the liability remains unsatisfied. Federal taxes are considered delinquent if both of the following criteria apply:

(1) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if a pending administrative or judicial challenge remains. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(2) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) The Offeror has ☐ has not ☐, within a 3-year period preceding this offer, had one or more contracts terminated for default by any Federal agency.

(2) "Principal," for the purposes of this certification, means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a division or business segment; and similar positions).

(b) The Offeror shall provide immediate written notice to the Contracting Officer if, at any time prior to contract award, the Offeror learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

(c) A certification that any of the items in paragraph (a) of this provision exists will not necessarily result in withholding of an award under this solicitation. However, the Government will consider the certification in connection with a determination of the Offeror's responsibility. Failure of the Offeror to furnish a certification or provide such additional information as requested by the Contracting Officer may render the Offeror nonresponsible.

(d) This provision does not require establishment of a system of records in order to render, in good faith, the certification required by paragraph (a). The knowledge and information of an Offeror is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

(e) The certification in paragraph (a) of this provision is a material representation of fact upon which reliance was placed when making award. If the Government later determines that the

Offeror knowingly rendered an erroneous certification, in addition to other remedies available to the Government, the Contracting Officer may terminate the contract resulting from this solicitation for default.

(End of provision)

FAR 52.209-7

**Information Regarding Responsibility Matters
(RFO DEVIATION)**

MAY 2026

(a) Definitions. As used in this provision—

Administrative proceeding means a non-judicial process that is adjudicatory in nature in order to make a determination of fault or liability (e.g., Securities and Exchange Commission Administrative Proceedings, Civilian Board of Contract Appeals Proceedings, and Armed Services Board of Contract Appeals Proceedings). This includes administrative proceedings at the Federal and State level but only in connection with performance of a Federal contract or grant. It does not include agency actions such as contract audits, site visits, corrective plans, or inspection of deliverables.

Federal contracts and grants with total value greater than \$10,000,000 means—

- (1) The total value of all current, active contracts and grants, including all priced options; and
- (2) The total value of all current, active orders including all priced options under indefinite-delivery, indefinite-quantity, 8(a), or requirements contracts (including task and delivery and multiple-award Schedules).

Principal means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a division or business segment; and similar positions).

(b) The offeror ☐ has ☐ does not have current active Federal contracts and grants with total value greater than \$10,000,000.

(c) If the offeror checked "has" in paragraph (b) of this provision, the offeror represents, by submission of this offer, that the information it has entered in the Federal Awardee Performance and Integrity Information System (FAPIIS) is current, accurate, and complete as of the date of submission of this offer with regard to the following information:

(1) Whether the offeror, and/or any of its principals, has or has not, within the last five years, in connection with the award to or performance by the offeror of a Federal contract or grant, been the subject of a proceeding, at the Federal or State level that resulted in any of the following dispositions:

- (i) In a criminal proceeding, a conviction.
- (ii) In a civil proceeding, a finding of fault and liability that results in the payment of a monetary fine, penalty, reimbursement, restitution, or damages of \$5,000 or more.
- (iii) In an administrative proceeding, a finding of fault and liability that results in—
 - (A) The payment of a monetary fine or penalty of \$5,000 or more; or
 - (B) The payment of a reimbursement, restitution, or damages in excess of \$100,000.
- (iv) In a criminal, civil, or administrative proceeding, a disposition of the matter by consent or compromise with an acknowledgment of fault by the Contractor if the proceeding could have led to any of the outcomes specified in paragraphs (c)(1)(i), (c)(1)(ii), or (c)(1)(iii) of this provision.

(2) If the offeror has been involved in the last five years in any of the occurrences listed in (c)(1) of this provision, whether the offeror has provided the requested information with regard to each occurrence.

(d) The offeror shall post the information in paragraphs (c)(1)(i) through (c)(1)(iv) of this provision in FAPIIS as required through maintaining an active registration in the System for Award Management, which can be accessed via <https://www.sam.gov> (see 52.204-7).

(End of provision)

FAR 52.209-11 Representation by Corporations Regarding Delinquent Tax Liability or a Felony Conviction under any Federal Law (RFO DEVIATION) MAY 2026

(a) The Government will not enter into a contract with any corporation that—

(1) Has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability, where the awarding agency is aware of the unpaid tax liability, unless an agency has considered suspension or debarment of the corporation and made a determination that suspension or debarment is not necessary to protect the interests of the Government; or

(2) Was convicted of a felony criminal violation under any Federal law within the preceding 24 months, where the awarding agency is aware of the conviction, unless an agency has considered suspension or debarment of the corporation and made a determination that this action is not necessary to protect the interests of the Government.

(b) The Offeror represents that—

(1) It is ☐ is not ☐ a corporation that has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability; and

(2) It is ☐ is not ☐ a corporation that was convicted of a felony criminal violation under a Federal law within the preceding 24 months.

(End of provision)

FAR 52.219-1 Small Business Representations (RFO DEVIATION) JAN 2026

(a) *Definitions.* As used in this provision-

Economically disadvantaged women-owned small business (EDWOSB) concern means a small business concern that is at least 51 percent directly and unconditionally owned by, and the management and daily business operations of which are controlled by, one or more women who are citizens of the United States and who are economically disadvantaged in accordance with 13 CFR part 127, and the concern is certified by SBA or an approved third-party certifier in accordance with 13 CFR 127.300. It automatically qualifies as a women-owned small business concern eligible under the WOSB Program.

HUBZone small business concern means a small business concern that meets the requirements described in [13 CFR 126.200](#), is certified by the Small Business Administration (SBA) and designated by SBA as a HUBZone small business concern in the Small Business Search (SBS) ([13 CFR 126.103](#)).

Service-disabled veteran-owned small business (SDVOSB) concern eligible under the SDVOSB Program means an SDVOSB concern that is designated in the System for Award Management (SAM) as certified by the Small Business Administration (SBA) in accordance with 13 CFR 128.300.

Small business concern—

(1) Means a concern, including its affiliates, that is independently owned and operated, not dominant in its field of operation, and qualified as a small business under the criteria in 13 CFR part 121 and the size standard in paragraph (b) of this provision.

(2) *Affiliates*, as used in this definition, means business concerns, one of whom directly or indirectly controls or has the power to control the others, or a third party or parties control or have the power to control the others. In determining whether affiliation exists, consideration is given to all appropriate factors including common ownership, common management, and contractual relationships. SBA determines affiliation based on the factors set forth at 13 CFR 121.103.

Small disadvantaged business concern means a small business concern that-

(1) Is at least 51 percent unconditionally and directly owned (as defined at 13 CFR 124.105) by one or more socially disadvantaged (as defined at 13 CFR 124.103) and economically disadvantaged (as defined at 13 CFR 124.104) individuals who are citizens of the United States, and

(2) The management and daily business operations of which are controlled (as defined at 13 CFR 124.106) by individuals who meet the criteria in paragraph (1) of this definition.

Women-owned small business (WOSB) concern eligible under the WOSB Program (in accordance with 13 CFR part 127) means a small business concern that is at least 51 percent directly and unconditionally owned by, and the management and daily business operations of which are controlled by, one or more women who are citizens of the United States, and the concern is certified by SBA or an approved third-party certifier in accordance with 13 CFR 127.300.

(b)

(1) The North American Industry Classification System (NAICS) code for this acquisition is **237990**.

(2) The small business size standard is **\$45M**.

(3) The small business size standard for a concern that submits an offer, other than on a construction or service acquisition, but proposes to furnish an end item that it did not itself manufacture, process, or produce (*i.e.*, nonmanufacturer), is 500 employees, or 150 employees for information technology value-added resellers under NAICS code 541519, if the acquisition—

(i) Is set aside for small business and has a value above the simplified acquisition threshold;

(ii) Uses the HUBZone price evaluation preference regardless of dollar value, unless the offeror waives the price evaluation preference; or

(iii) Is an 8(a), HUBZone, service-disabled veteran-owned, economically disadvantaged women-owned, or women-owned small business set-aside or sole-source award regardless of dollar value.

(c) *Representations.*

(1) The offeror represents as part of its offer that—

(i) it ☐ is, ☐ is not a small business concern; or

(ii) It ☐ is, ☐ is not a small business joint venture that complies with the requirements of 13 CFR 121.103(h) and 13 CFR 125.8(a) and (b). [*The offeror shall enter the name and unique entity identifier of each party to the joint venture: ____.*]

(2) [*Complete only if the offeror represented itself as a small business concern in paragraph (c)(1) of this provision.*] The offeror represents that it ☐ is, ☐ is not a women-owned small disadvantage business concern.

(3) *Women-owned small business (WOSB) joint venture eligible under the WOSB Program.* The offeror represents as part of its offer that it ☐ is, ☐ is not a joint venture that complies with the requirements of 13 CFR 127.506(a) through (c). [*The offeror shall enter the name and unique entity identifier of each party to the joint venture: ____.*]

(4) *Economically disadvantaged women-owned small business (EDWOSB) joint venture.* The offeror represents as part of its offer that it ☐ is, ☐ is not a joint venture that complies with the requirements of 13 CFR 127.506(a) through (c). [*The offeror shall enter the name and unique entity identifier of each party to the joint venture: ____.*]

(5) *SDVOSB joint venture eligible under the SDVOSB Program.* [*Complete only if the offeror is certified as a SDVOSB concern.*] The offeror represents as part of its offer that it ☐ is, ☐ is not a SDVOSB joint venture eligible under the SDVOSB Program that complies with the requirements of 13 CFR 128.402. [*The offeror shall enter the name and unique entity identifier of each party to the joint venture: ____.*]

(6) *HUBZone joint venture eligible under the HUBZone Program.* [*Complete only if the offeror is a HUBZone small business concern.*] The offeror represents, as part of its offer, that

it ☐ is, ☐ is not a HUBZone joint venture that complies with the requirements of 13 CFR 126.616(a) through (c). [*The offeror shall enter the name and unique entity identifier of each party to the joint venture: __.*] Each HUBZone small business concern participating in the HUBZone joint venture must be certified as a HUBZone concern.

(d) *Notice.* Under 15 U.S.C. 645(d), any person who misrepresents a firm's status as a business concern that is small, HUBZone small, small disadvantaged, service-disabled veteran-owned small, economically disadvantaged women-owned small, or women-owned small eligible under the WOSB Program in order to obtain a contract to be awarded under the preference programs established pursuant to section 8, 9, 15, 31, and 36 of the Small Business Act or any other provision of Federal law that specifically references section 8(d) for a definition of program eligibility, will be—

- (1) Punished by imposition of fine, imprisonment, or both;
- (2) Subject to administrative remedies, including suspension and debarment; and
- (3) Ineligible for participation in programs conducted under the authority of the Act.

(End of provision)

END OF SECTION K

Section L - Instructions, Conditions, and Notices to Offerors

L.1. FAR 52.252-1 Solicitation Provisions Incorporated By Reference Feb 1998

This solicitation incorporates one or more solicitation provisions by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. The offeror is cautioned that the listed provisions may include blocks that must be completed by the offeror and submitted with its quotation or offer. In lieu of submitting the full text of those provisions, the offeror may identify the provision by paragraph identifier and provide the appropriate information with its quotation or offer. Also, the full text of a solicitation provision may be accessed electronically at this/these address(es):

<https://www.acquisition.gov/browse/index/far> (FAR 52.XXX-XX formatted clauses)

<https://www.acquisition.gov/far-overhaul> (FAR 52.XXX-XX formatted clauses)

<https://www.acquisition.gov/diar> (DIAR 1452.XXX-XX formatted clauses)

FAR Provision	Title	Date
52.204-7	System for Award Management (RFO Deviation)	MAR 2026
52.215-1	Instructions to Offerors – Competitive Acquisition	NOV 2021
52.228-17	Individual Surety – Pledge of Assets (Bid Guarantee)	FEB 2021

Clauses and Provisions

L.2. FAR 52.216-1 Type of Contract APR 1984

The Government contemplates award of a firm-fixed price construction contract resulting from this solicitation.

(End of provision)

L.3. FAR 52.222-5 Construction Wage Rate Requirements Secondary Site MAY 2026 of the Work (RFO DEVIATION)

(a)

(1) The offeror must notify the Government if the offeror intends to perform work at any secondary site of the work, as defined in paragraph (a)(1)(ii) of the FAR clause at [52.222-6](#), Construction Wage Rate Requirements, of this solicitation.

(2) If the offeror is unsure if a planned work site satisfies the criteria for a secondary site of the work, the offeror must request a determination from the Contracting Officer.

(b)

(1) If the wage determination provided by the Government for work at the primary site of the work is not applicable to the secondary site of the work, the offeror must request a wage determination from the Contracting Officer.

(2) The due date for receipt of offers will not be extended as a result of an offeror's request for a wage determination for a secondary site of the work.

(End of provision)

L.4. FAR 52.228-1

Bid Guarantee

SEP 1996

(a) Failure to furnish a bid guarantee in the proper form and amount, by the time set for opening of bids, may be cause for rejection of the bid.

(b) The bidder shall furnish a bid guarantee in the form of a firm commitment, e.g., bid bond supported by good and sufficient surety or sureties acceptable to the Government, postal money order, certified check, cashier's check, irrevocable letter of credit, or, under Treasury Department regulations, certain bonds or notes of the United States. The Contracting Officer will return bid guarantees, other than bid bonds –

- (1) To unsuccessful bidders as soon as practicable after the opening of bids; and
- (2) To the successful bidder upon execution of contractual documents and bonds (including any necessary coinsurance or reinsurance agreements), as required by the bid as accepted.

(c) The amount of the bid guarantee shall be **20** percent of the bid price or **\$1,000,000.00**, whichever is less.

(d) If the successful bidder, upon acceptance of its bid by the Government within the period specified for acceptance, fails to execute all contractual documents or furnish executed bond(s) within 10 days after receipt of the forms by the bidder, the Contracting Officer may terminate the contract for default.

(e) In the event the contract is terminated for default, the bidder is liable for any cost of acquiring the work that exceeds the amount of its bid, and the bid guarantee is available to offset the difference.

(End of provision)

L.5. FAR 52.252-5

Authorized Deviations in Provisions

NOV 2020

(a) The use in this solicitation of any Federal Acquisition Regulation (48 CFR Chapter 1) provisions with an authorized deviation is indicated by the addition of "(DEVIATION)" after the date of the provision.

(b) The use in this solicitation of any Department of the Interior or Bureau of Reclamation Agency provisions with an authorized deviation is indicated by the addition of "(DEVIATION)" after the name of the regulation.

(End of clause)

L.6. DIAR 1452.215-71

**Use and Disclosure of Proposal Information –
Department of Interior**

APR 1984

Use and Disclosure of Proposal Information—Department of the Interior (APR 1984)

(a) Definitions. For the purposes of this provision and the Freedom of Information Act (5 U.S.C. 552), the following terms shall have the meaning set forth below:

(1) “Trade Secret” means an unpatented, secret, commercially valuable plan, appliance, formula, or process, which is used for making, preparing, compounding, treating or processing articles or materials which are trade commodities.

(2) “Confidential commercial or financial information” means any business information (other than trade secrets) which is exempt from the mandatory disclosure requirement of the Freedom of Information Act, 5 U.S.C. 552. Exemptions from mandatory disclosure which may be applicable to business information contained in proposals include exemption (4), which covers “commercial and financial information obtained from a person and privileged or confidential,” and exemption (9), which covers “geological and geophysical information, including maps, concerning wells.”

(b) If the offeror, or its subcontractor(s), believes that the proposal contains trade secrets or confidential commercial or financial information exempt from disclosure under the Freedom of Information Act, (5 U.S.C. 552), the cover page of each copy of the proposal shall be marked with the following legend:

“The information specifically identified on pages _____ of this proposal constitutes trade secrets or confidential commercial and financial information which the offeror believes to be exempt from disclosure under the Freedom of Information Act. The offeror requests that this information not be disclosed to the public, except as may be required by law. The offeror also requests that this information not be used in whole or part by the government for any purpose other than to evaluate the proposal, except that if a contract is awarded to the offeror as a result of or in connection with the submission of the proposal, the Government shall have the right to use the information to the extent provided in the contract.”

(c) The offeror shall also specifically identify trade secret information and confidential commercial and financial information on the pages of the proposal on which it appears and shall mark each such page with the following legend:

“This page contains trade secrets or confidential commercial and financial information which the offeror believes to be exempt from disclosure under the Freedom of Information Act and which is subject to the legend contained on the cover page of this proposal.”

(d) Information in a proposal identified by an offeror as trade secret information or confidential commercial and financial information shall be used by the Government only for the purpose of evaluating the proposal, except that (i) if a contract is awarded to the offeror as a result of or in connection with submission of the proposal, the Government shall have the right to use the information as provided in the contract, and (ii) if the same information is obtained from another

source without restriction it may be used without restriction.

(e) If a request under the Freedom of Information Act seeks access to information in a proposal identified as trade secret information or confidential commercial and financial information, full consideration will be given to the offeror's view that the information constitutes trade secrets or confidential commercial or financial information. The offeror will also be promptly notified of the request and given an opportunity to provide additional evidence and argument in support of its position, unless administratively unfeasible to do so. If it is determined that information claimed by the offeror to be trade secret information or confidential commercial or financial information is not exempt from disclosure under the Freedom of Information Act, the offeror will be notified of this determination prior to disclosure of the information.

(f) The Government assumes no liability for the disclosure or use of information contained in a proposal if not marked in accordance with paragraphs (b) and (c) of this provision. If a request under the Freedom of Information Act is made for information in a proposal not marked in accordance with paragraphs (b) and (c) of this provision, the offeror concerned shall be promptly notified of the request and given an opportunity to provide its position to the Government. However, failure of an offeror to mark information contained in a proposal as trade secret information or confidential commercial or financial information will be treated by the Government as evidence that the information is not exempt from disclosure under the Freedom of Information Act, absent a showing that the failure to mark was due to unusual or extenuating circumstances, such as a showing that the offeror had intended to mark, but that markings were omitted from the offeror's proposal due to clerical error.

**L.7. DIAR 1452.233-2 Service of Protest Department of the Interior JUL 1996
(Deviation)**

(a) Protests, as defined in section [33.101](#) of the Federal Acquisition Regulation, that are filed directly with an agency, and copies of any protests that are filed with the Government Accountability Office (GAO), shall be served on the Contracting Officer (addressed as follows) by obtaining written and dated acknowledgment of receipt from

**Stephanie Lindner, Contracting Officer
U.S. Bureau of Reclamation 2800 Cottage Way, Room E-1815
Sacramento, California 95825-1898**

(b) The copy of any protest shall be received in the office designated above within one day of filing a protest with the GAO.

(c) A copy of the protest served on the Contracting Officer shall be simultaneously furnished by the protester to the Department of the Interior Assistant Solicitor for Procurement and Patents, 1849 C Street, NW, Room 6511, Washington, D.C. 20240

L.8. WBR 1452.215-81 Proposal Instructions – Bureau of Reclamation MAR 2021

This procurement will be conducted in accordance with FAR Part 15.

In addition to the requirements of the Instructions to Offerors - Competitive Acquisitions provision of this solicitation (see FAR 52.215-1), each offeror shall submit a proposal in accordance with the instructions contained in this provision.

(a) Use and Disclosure of Proposal Information. In accordance with the Use and Disclosure of Proposal Information -- Department of the Interior provision of this solicitation (see DIAR 1452.215-71), offerors shall mark trade-secret or confidential commercial or financial information contained in the proposal with the restrictive legends specified. The offeror shall also clearly and separately mark all proprietary information (as defined in FAR 3.104-3) contained in the proposal with the restrictive legend "Proprietary Information."

(b) Proposal Volumes. Offerors shall submit separate Volumes with the required number of copies as follows:

Volume	Title
I	Business Proposal (Representations, Certifications, and Offer)
II	Technical Proposal/Past Performance
III	Pricing Proposal

(1) Separation of volumes. All hard copies of each proposal Volume (i.e., all copies of Volume I) are to be packaged individually and clearly marked to identify contents. The exterior of each package containing proposals shall be marked with the solicitation number, and the time and date for receipt of proposals and the name and address of the offeror, in order to prevent mishandling.

(c) General Contents. Each separate proposal Volume shall:

- (1) Be presented in a manner which allows it to "stand alone" without the need to reference other documents;
- (2) Be a coherent document free of internal inconsistencies as well as inconsistencies with other volumes of the proposal;
- (3) Conform to all solicitation provisions, clauses, or requirements;
- (4) Address the submission requirements with specificity and detail where required;
- (5) Be an orderly, specific, and complete document in every detail;
- (6) Be logically presented, using clear and concise language so that it can be easily read and meaningfully evaluated by Reclamation personnel from a variety of different functional and technical disciplines;

(7) Have all pages in each volume consecutively numbered (including pages with tables and exhibits) and cross-referenced to other volumes where appropriate for each; and

(8) Indicate how the proposal conforms to the evaluation criteria identified in Section M.

(d) Format. To assist in the uniform evaluation of proposals, the following format shall be used in preparing each separate proposal Volume:

(1) Provide a Table of Contents which lists all sections specific to the proposal Volume;

(2) Cross-reference the work statement to the terms of the proposal and indicate how the proposal conforms to the evaluation factors contained in Part IV, Section M;

(3) Provide a list of any enclosures, including tables, drawings, charts, or other enclosures which summarize data or information;

(4) Provide a Cover page. The cover should indicate the following:

- Title of the proposal
- Volume Number (I, II or III)
- Proposal category (Business, Technical, Price Proposal)
- Request for Proposal (RFP) Number
- Name and address of offeror, Cage Code, UEI, and Business Size
- A statement that the proposal is valid for a period of 90 days from date of proposal submission.

(e) **Volume I, Business Proposal.** Volume I shall incorporate the other Volumes by reference but shall not physically include them. It shall consist of:

(1) A fully executed Solicitation, Offer, and Award form required by Part I, Section A of this solicitation. It shall be used as the cover sheet (or first page) of Volume I.

(2) Fully executed and completed offeror representations, certifications, and acknowledgments required by Part IV, Section K of this solicitation;

(3) Additional information required by the solicitation to be furnished by the offeror which is not required to be obtained in another volume of the proposal;

- (4) Make-or-buy program (if applicable);
- (5) Requests for any waivers of any solicitation provisions or contract clauses; and
- (6) A summary of any exemptions from, or deviations to, any other solicitation requirements.

(f) Volume II, Technical Proposal

(1) Technical Proposal. The technical proposal should convincingly describe the capability of the offeror's organization to participate in this project and effectively demonstrate a thorough understanding of the work statement contained in Part I, Section C of this solicitation. To assist in the uniform evaluation of proposals, the following format shall be utilized in preparing the technical proposal:

(a) Table of Contents. The Table of Contents shall list all sections of the technical proposal. Any future amendments, additions and/or revisions to the proposal shall be included in an updated Table of Contents;

(b) Index. The Index section shall cross reference the statement of work, specifications, or performance work statement to the terms of the proposal and indicate how the proposal conforms to the evaluation factors contained in Part IV, Section M;

(c) Enclosures. The Enclosures Section shall include a list of any tables, drawings, charts, and any other enclosures which summarize data or information;

(d) Executive Summary. The Executive Summary shall include a brief discussion of how the required work will be performed and important highlights of the proposal.

(e) Evaluation Factors:

i. Factor 1: Technical Approach Narrative

Offerors shall submit a Technical Approach Narrative that addresses the following requirements:

a. Relevant Project Experience

Provide a minimum of three (3) and a maximum of five (5) recent and relevant projects that demonstrate the team's experience.

b. Project Approach Narrative

Describe the Offeror's approach for performing the work described in the SOW and project documents. At a minimum, include:

1. Overall Approach

- Demonstrate understanding of project objectives, tasks, major risks, value added ideas, and execution strategy.
- See Attachment 6 for Risk Assessment and Value Added ideas.
 - 1. Value Added ideas – Contractors may propose an enhanced solution or unique approach to enhance the Governments requirement.
- Submit a Gantt Chart Schedule.
- 2. Organizational Structure
 - Provide an organizational diagram showing clear lines of authority from the Project Manager through subcontract management, superintendence, safety, and quality control.
- 3. Teaming Arrangements
 - Identify all key team members, roles, responsibilities, and contractual relationships.
 - Team composition proposed under this factor is binding; changes after award require Contracting Officer approval.
- 4. Quality Assurance Across the Team
 - Explain how quality will be consistently managed throughout the team.

ii. Factor 2: Past Performance

a. CPARS Review

The Government will review CPARS records for the Offeror.

b. Subcontractor or Team Member Past Performance

If significant portions of work are assigned to subcontractors, the Government may consider their past performance only if a letter of commitment is submitted.

c. Optional Project Descriptions

Offerors may highlight up to three projects they believe the Government should pay particular attention to. Each project should include:

- Scope and relevancy to the current solicitation
- Role of the Offeror or team member
- Contract number and UEI
- Task or delivery order numbers for IDV/GSA vehicles, if applicable

d. Past Performance Questionnaires (PPQs) – See Attachment 7

Offerors may submit up to five (5) PPQs for projects without CPARS.

- Clients shall complete the PPQs and return them to the Offeror for inclusion.
- PPQs for projects that have CPARS reports will not be considered.

e. Additional Sources

The Government may use sources not specifically listed in this section for past performance information.

f. Offeror Option

Offerors may choose to submit no additional material for this factor and rely solely on CPARS.

iii. Factor 3: Key Personnel

Offerors shall:

1. Identify all required Key Personnel and their assigned roles.
2. Provide resumés including education, professional qualifications, and relevant experience.
3. Ensure each Key Personnel role is filled by a separate individual (no dual-hatting).
4. Clearly identify the employing entity for each individual.
5. Understand that proposed Key Personnel are binding; post-award changes require Contracting Officer approval.

(g) Volume III, Price Proposal. Offerors are hereby notified that even though cost or pricing data are not initially requested in this solicitation, the Contracting Officer reserves the right to request such data if they are later found necessary pursuant to FAR 15.403-5(a)(1).

To assist in the uniform evaluation of proposals, the following format shall be utilized in preparing the pricing proposal:

- (1) Table of contents. The Table of Contents shall list all sections of the pricing proposal. Any modifications or revisions to the proposal, up to the date of agreement on price, shall include an updated Table of Contents;
- (2) Index. The index shall cross reference the work statement to the terms of the proposal and indicate how the proposal conforms to the evaluation factors contained in Part IV, Section M of this solicitation;
- (3) Enclosures. A list shall be included of all enclosures, attachments, tables, drawings, charts, and any other material which summarize data or information contained or referenced in the pricing proposal;
- (4) The price proposal should be consistent with the technical approach(es) proposed in the technical proposal, Volume II;
- (5) Pricing proposal breakdown. The offeror shall submit Section B of the contract Schedule (Schedule of Supplies and Services, found in Part I of this solicitation), including any attached Price Schedules noted in Section B, with its proposed total prices/costs for each contract line item number (CLIN), including any options, and

proposed unit price(s), if required. In addition, a total proposed price consisting of the sum of all contract line items (excluding options) shall be submitted.

Offerors are hereby notified that even though additional data to support proposed prices are not initially requested in this solicitation, the Contracting Officer reserves the right to request such data if they are later found necessary.

(6) No cost information shall be included in any of the other volumes;

(7) All price or cost amounts shall be expressed to the nearest whole dollar except for individual hourly labor rates (if required). All percentages shall be expressed to two decimal places.

(End of provision)

L.9. Preproposal Conference

A preproposal conference will be held on August 5, 2026 at 11:30am PST via Microsoft Teams. Contact Stephanie Lindner at stephanie_lindner@ios.doi.gov to request the link to the Microsoft Teams meeting.

See Section H for site visit information.

L.10. Formal Communications

For this acquisition, direct all questions in writing to Stephanie Lindner at stephanie_lindner@ios.doi.gov no later than 12:00pm PST on August 14, 2026. The Government will respond only to written inquiries. Questions of general interest and the corresponding answers will be issued through an amendment to the solicitation.

L.11. General Submission Requirements

Proposals are to be submitted via email to stephanie_lindner@ios.doi.gov by the proposal due date and time. No hard copies of proposals will be accepted (hand delivered or traditional mail). The Government reserves the right to request hard copies in binder format in the event of a formal protest.

- a) Page Limits: The Government will only review the pages that fall within the page limits identified in the table below.

Factor	Description	Page Limit
1	Technical Approach Narrative	20
2	Past Performance (PPQ's will not be counted in the page limit)	3
3	Key Personnel	20

L.12 Estimated Schedule (Solicitation - Award)

The following schedule is provided for Contractor planning purposes only. Dates are estimates and may be changed by the Government at any time:

Description	Date
Solicitation Issuance:	July 31, 2026
Preproposal Conference:	August 5, 2026
Site Visit:	August 6, 2026
Contractor Questions Due:	August 14, 2026
Proposal Receipt Date:	August 31, 2026
Technical Evaluation Review Completed:	September 2, 2026
Discussions, if applicable:	September 7, 2026
Date for Receipt of Final Proposal Revisions:	September 11, 2026
Final Technical Evaluation Review:	September 14, 2026
Award:	September 30, 2026

END OF SECTION L

Section M – Evaluation Factors for Award

M.1. WBR 1452.215-80 Source Selection Evaluation Procedures – Bureau of MAR 2021 Reclamation

The Government intends to evaluate proposals submitted under this solicitation and select a source for contract award without discussions (unless the contracting officer later determines discussions to be necessary) in accordance with the following provision: FAR 52.215-1 Instructions to Offerors -- Competitive Acquisition (Jan 2017). Source selection shall be in accordance with procedures contained in FAR Part 15, Department of the Interior Acquisition Regulation (DIAR) Part 1415 (48 CFR 1415) and Bureau of Reclamation Acquisition Regulation WBR Part 1415. These procedures are summarized as follows:

- (a) Technical evaluation. A Technical Proposal Evaluation Committee has been established to objectively evaluate technical proposals in accordance with the Evaluation Factors for Award -- Bureau of Reclamation provision of this solicitation. Technical proposals shall be submitted in accordance with the Proposal Instructions -- Bureau of Reclamation provision of this solicitation.
- (b) Past performance evaluation. In addition to any other past performance information required under the solicitation, the contracting officer shall use past performance information available from the Contractor Performance Assessment Reporting System (CPARS) in the source selection process on offerors competing for awards in excess of the simplified acquisition threshold, unless the contracting officer has documented an exception from past performance consideration in accordance with FAR 15.304(c)(2)(iv).
- (c) Cost or price evaluation. An objective cost or price evaluation of contract pricing proposals will be made in accordance with the Evaluation Factors for Award provision of this solicitation. Pricing proposals shall be submitted in accordance with the Proposal Instructions -- Bureau of Reclamation provision of this solicitation. A cost or price analysis will be performed to determine price reasonableness and any instances of unbalanced pricing, using one or more of the techniques at FAR 15.404-1.

(End of provision)

M.2. WBR 1452.215-82 Evaluation Factors for Award – Quality MAR 2021 Predominance – Bureau of Reclamation

- (a) Award will be made to the responsible offeror submitting a proposal which conforms to the solicitation and is most advantageous to the Government considering the factors and any significant subfactors listed in this provision.
- (b) In the evaluation of proposals, all evaluation factors (listed in this provision) other than cost or price, when combined, are considered to be significantly more important than cost or price. The relative importance to be placed on the factors in relation to each other is contained in paragraph (e) of this provision. However, the degree of importance of cost or price may increase with the degree of non-cost or non-price equality between the proposals. If a proposal is

determined by the contracting officer to be "technically unacceptable" as a result of evaluating all factors other than cost or price, the proposal may be rejected from further consideration. The contracting officer reserves the right to make award to other than the technically acceptable offeror with the lowest cost or price proposal if it is determined that the technical benefits of another offeror's proposal justify its higher cost or price. The contracting officer also reserves the right to make award to a lower-priced, lower-scored offeror if it is determined that the cost or price premium involved in awarding to a higher-rated, higher-priced offeror is not justified.

Since technical proposals are being solicited to obtain information to be used in the evaluation, the Government reserves the right to use information outside of the proposal to evaluate the capability of offerors and the value of offers.

(c) Pursuant to FAR 15.305(a)(1), a cost or price analysis will be performed to determine price reasonableness and any instances of unbalanced pricing, using one or more of the techniques at FAR 15.404-1.

(d) The following factors and significant subfactors (if listed), will be considered in evaluating proposals and making the source selection:

1. Factor 1: Technical Approach Narrative
2. Factor 2: Past Performance
3. Factor 3: Key Personnel
4. Factor 4: Price

(e) The relative importance of the factors listed in paragraph (d) of this provision is as follows: Factors 1 through 3 are of equal importance to one another. Collectively, the non-price factors are significantly more important than Price.

(End of provision)

M.3. Evaluation Factors

a) Factor 1: Technical Approach Narrative

The Government will evaluate the extent to which the narrative:

1. Demonstrates clear understanding of the project requirements.
2. Is logical, consistent, and free of contradictions.
3. Provides detail and specificity appropriate to this project.
4. Identifies risks not under contractor control, proposes feasible mitigation strategies, and identifies impact.
5. Includes value-added ideas that enhance performance or reduce risk.

Proposals may be more highly rated if the approach reduces the risk of unsuccessful performance.

b) Factor 2: Past Performance

Past performance will be evaluated using the following elements:

1. Recency
 - o Performance with active work within the past six (6) years will be considered recent.
 - o More recent performance may be weighted more heavily.
2. Relevancy
 - o The Government will assess how closely past efforts relate to the current SOW, including similarity of size, scope, and complexity.
3. Quality
 - o The Government will evaluate the quality of performance on recent, relevant efforts.
 - o The Government may consider information from CPARS and any other reliable source.

c) Factor 3: Key Personnel

The Government will evaluate:

1. The extent to which proposed individuals meet or exceed the desired qualifications.
2. Experience performing work similar in size, scope, and complexity to the Folsom Dam Warehouse – Bridge Crane Replacement.
3. Additional professional qualifications beyond the minimum requirements.
4. This factor will be rated using, in part, the desired qualifications in the table below.

Key Personnel Desired Qualification Requirements	
Position	Desired Qualification Requirements
Qualified Professional Engineer (See Section 41 22 14, and 41 22 15)	-Demonstrated experience on cranes of similar size and capacity as bridge crane under this specification on at least three separate crane contracts. -Licensed in the state of California.
Qualified Crane Inspector (See Section 41 22 14)	-Demonstrated experience on cranes of similar size and capacity as the those described on at least three separate crane contracts and employed as crane inspectors for at least the two (2) previous years by firm specializing in crane inspection work.
Project Manager	-5 years design-build construction management experience, and at least one of the following certifications or registrations:

	-Active Certified Construction Manager (CCM) certified by the Construction Manager Certification Institute. OR -Active Project Management Professional (PMP) certification issued by the Project Management Institute OR -Active Certified Professional Constructor (CPC) certified by the American Institute of Constructors & Constructor Certification Commission OR -Active Designated Design-Build Professional certification administered by the DBIA OR If no certification, then Project Manager shall have 10 years of design-build construction management experience instead of 5.
On-Site Superintendent	-10 years of experience as Construction Site Superintendent. -Completion of the 30-hour OSHA Construction safety class or as an equivalent, 30 hours of formal construction safety and health training covering the subjects of the OSHA 30-hour course
Quality Control Manager	-5 years of experience as a Quality Control Manager
On Site Safety Representative (See Section 01 35 30)	-Competent supervisory employee with current safety and health related training, experience and duties on at least three projects of similar nature, size, complexity, and work to be performed as the current project.

d) Factor 4: Price

1. The price proposals will be evaluated against other price proposal information received. The government estimate will be used as a benchmark for which the price evaluation will be conducted. The analysis of the variance between the Government's estimate and each offer will indicate whether further review is necessary to determine if the price is reasonable.

2. Award will be made on an "all or none" basis. No multiple awards will be made. All proposed prices will be reviewed for price reasonableness and any instance of unbalanced pricing.

M.4. Final Selection

- a) The technical evaluation criteria in this solicitation are designed to give each Offeror a fair and meaningful opportunity to demonstrate its expertise and distinguish its proposal from others. It is the responsibility of each Offeror to clearly present the strengths, capabilities, and unique aspects of its team and approach. Proposals should be written to convincingly show how the Offeror's experience and methods provide value and set them apart from their competitors.
- b) The Contracting Officer intends to award to the Offeror whose proposal conforms to the solicitation, is fair and reasonable, and offers the best overall value to the Government, all factors considered.
